**Rodeo** Elizabeth Atwood Lawrence, 1984-05-15 Rodeo people call their sport more a way of life than a way to make a living. Rodeo is in fact a rite that not only expresses a way of life but perpetuates it, reaffirming in a ritual contest between man and animal the values of American ranching society. Elizabeth Atwood Lawrence uses an interpretive approach to analyze rodeo as a symbolic pageant that reenacts the winning of the West and as a stylized expression of frontier attitudes toward man and nature. Rodeo contestants are the modern counterparts of the rugged and individualistic cowboys, and the ethos they inherited is marked by ambivalence: they admire the wild and the free yet desire to tame and conquer. Based on extensive field work and drawing on comparative materials from other stock-tending societies, *Rodeo* is a major contribution to an understanding of the role of performance in society, the culturally constructed view of man's place in nature, and the structure and meaning of social relationships and their representations.

*Echoing Hooves: Studies on Horses and Their Effects on Medieval Societies*, 2022-07-04 Saying that horses shaped the medieval world and the way we see it today is hardly an exaggeration. Why else do we imagine a medieval knight or a nomadic warrior on horseback? Why do we use such metaphors as unbridled or bearing a yoke in our daily language? Studies of medieval horses and horsemanship are increasingly popular, but they often focus on a single aspect of equestrianism or a single culture. In this book, you will find information about both elite and humble working equines, about the ideology and practicalities of medieval horsemanship.

is a story with a happy ending as Comanche enjoyed a celebrated retirement as mascot for the 7th Cavalry A year after the Little Bighorn the peaceable Nez Perce tribe of Idaho who were provoked into conflict and gave the US Army a consummate lesson in mobile mounted warfare Accomplished horse breeders they had developed the spotty Appaloosa from native stock into a hard sure footed breed of great endurance and adaptability Throughout 1877 on their Appaloosas they were to out run the US Army over 1700 miles of Idaho Wyoming Yellowstone and Montana for 113 days defeating the soldiers on numerous occasions despite being outnumbered We discover the history of this remarkable breed and tell the story of this epic campaign of maneuver and endurance which culminated in their defeat and capture just 40 miles from the Canadian border Turning to the Zulu War the book looks at the Basuto breed With the British Central Column defeated by the Zulus at Isandlwana and the southern column besieged at Eshowe Lord Chelmsford hoped that Colonel Wood s Northern Column might provide some much needed success In one of the lesser known battles of the Zulu War the then Lieutenant Colonel Redvers Buller led his men to the summit of Hlobane plateau in the hope of capturing Zulu cattle What he discovered was a Zulu Impi which trapped his mounted infantry and left them with the 400ft knife edge drop of the Devil s Pass as their only escape On his brave sure footed Basuto Pony Warrior Trooper George Mossop leapt down that pass and despite impaling himself Warrior went on to carry Mossop the 12 miles to safety at Khambula The chapter covers the history of this campaign and the development of the Basuto breed along with the story of how Buller won his VC that day Next we turn to the breed of endurance specialists the Arabian Horse and describe how it contributed to British Colonial conflicts in the later nineteenth century Vonollet was the Arabian that carried Lord Frederick Roberts 300 miles across Afghanistan to Kandahar to win a famous victory Also there on that campaign was Lt Col Francis Brownlow of the 72nd Highlanders who rode his remarkable chestnut Arabian Maidan who had been bred in the Nejd of Saudi Arabia A remarkable horse that was born in 1869 and had already won many races Maidan went on to further campaigns and to win many more races before his death in England Finally we hear of Maharajah the Arabian mount of the Imperial Yeoman Captain Jack Seely Against the Imperial Yeomanry were the Boer Commandos of Christian De Wet on their mobile hardy Boerperds Maharajah carried Jack throughout his tour in the equine holocaust of the 2nd Boer War and was one of the few horses to return home The story of horses in World War I has become associated with the futility of the charge against trenches machine guns and barbed wire However in the Middle East where mobility was key cavalry had notable success such as that of the Australian Light Horse at Beersheba on 31st October 1917 Trooper Sloan Scotty Bolton charged that day on his Waler horse Monty and we tell their story as has been told in the 1987 feature film The Light Horsemen We tell of the development of the Waler breed and their adaptability to the dessert and also of the contribution of British cavalry such as the magnificent charge of the Queen s Own Dorset Yeomanry at Agagia against the Senussi tribe in Egypt In addition to describing Allenby s cavalry campaigns we also link back to the story of the now General Jack Seely and hear of the equally heroic and magnificent but sadly more costly charge of Lord

Strathcona's Horse of the Canadian Cavalry Brigade at Moreuil Wood on the Western Front Closer to a scene out of Spielberg's Warhorse we describe how Lieutenant Gordon Flowerdew earned his VC on 31st March 1918 and helped to stop the German advance on the Western Front Equine involvement in war did not cease with the Treaty of Versailles An Italian Equestrian of Olympic standard named Amadeo Guillet was to show that in the terrain of Abyssinia mounted troops could still be successful In telling his story we describe the Abyssinian Crisis of 1935 and how on Christmas Day he charged on his Arabian Sandor to defeat Haile Selassie's troops at Selaclaca Gorge Subsequently during the Second World War again astride Sandor he charged with over 500 mounted men against British and Indian troops in armoured cars and tanks at Keru throwing grenades as they went Our final equine hero comes from the US Marine Corps at Outpost Vegas during the Korean War Purchased by 2nd Lt Eric Pedersen of the Recoilless Rifle Platoon of the Anti tank Company of the 5th Marine Corps Sergeant Reckless was a chestnut Mongolian pony from the racecourse at Seoul who was trained to carry 75mm ammunition On 25 March 1953 Sgt Reckless carried those shells by himself without being led across paddy fields and up steep hills a distance of 1 800yds He made that trip 51 times carrying wounded men back down as he went and earning two purple hearts for his wounds in the process Back in the USA at the end of the war he was a highly decorated veteran and celebrity who in 1990 was ranked by Life Magazine as one of the top 100 US heroes of all time alongside Washington and Lincoln The book should appeal to anyone with a general interest in military history who is after a new perspective on otherwise familiar or in some cases little known history However the book is written in such a way that it will also be of interest to anyone with a love of horses or equestrian pursuits With the courage of horses not limited to one nation there are stories from across the English speaking world notably UK USA Australia South Africa Canada and New Zealand It should also appeal to the Arabian world due to the many references to Arab horses and there is even the story of an heroic Arabian owned by an Italian By telling the story of conflicts with the horse as the protagonist Heroic Horses brings alive the histories for a wider range of readers than would be the case if the viewpoint were that of the leader In focusing on the stories of the horses rather than the riders Heroic Horse in nonfictional form taps into the same spirit as Michael Murpogo's War Horse the tale of the fictional horse Joey These real stories of equine endeavor are equally moving and since they relate to an innate and global human affection for the horse and enable to horrors and gallantry of war to be examined afresh from the perspective of the morally blameless servant of the soldier
