Tracing Family Lines Amy M. Smith, 2012-10-18 Family genealogy research has grown exponentially over the past decade making it an area worthy of scholarly inquest *Tracing Family Lines: The Impact of Genealogy Research on Family Communication* by Amy M Smith explores the connection between women and genealogy by examining the ways inherited familial narratives and data work to position women within American culture Although studies of women's lives are on the rise the standpoint's of women has historically been marginalized particularly as women continue to be relegated to domestic and family care Through researching these standpoints we are better able to see the political constructions of sexist oppression as well as the ways genealogy offers a possible site for resistance Interviewing women who are engaged in the act of researching their own family genealogy provides insight into their motivation for doing so In documenting the family communication that surrounds the genealogical data as well as studying the family organizational structure this study contributes to the existing research regarding family history and family narrative As many of these women are members of local genealogical societies they are also able to address aspects of community membership and the positioning of women within these organizations As women and genealogy are both under researched *Tracing Family Lines* illuminates the experiences of women genealogists to understand the impact of genealogical data upon family

communication and to explore family genealogy as a site of feminist resistance to the socio political marginalization of women

Writing Kit Carson Susan Lee Johnson, 2020-10-28 In this critical biography Susan Lee Johnson braids together lives over time and space telling tales of two white women who in the 1960s wrote books about the fabled frontiersman Christopher Kit Carson. Quantrille McClung a Denver librarian who compiled the Carson Bent Boggs Genealogy and Kansas born but Washington D C and Chicago based Bernice Blackwelder a singer on stage and radio a CIA employee and the author of *Great Westerner The Story of Kit Carson*. In the 1970s as once celebrated figures like Carson were falling headlong from grace these two amateur historians kept weaving stories of western white men including those who married American Indian and Spanish Mexican women just as Carson had wed Singing Grass Making Out Road and Josefa Jaramillo. Johnson's multilayered biography reveals the nature of relationships between women historians and male historical subjects and between history buffs and professional historians. It explores the practice of history in the context of everyday life the seductions of gender in the context of racialized power and the strange contours of twentieth century relationships predicated on nineteenth century pasts. On the surface it tells a story of lives tangled across generation and geography. Underneath run probing questions about how we know about the past and how that knowledge is shaped by the conditions of our knowing.

The Red and the White: A Family Saga of the American West Andrew R. Graybill, 2013-10-07 Winner of the Labriola Center American Indian National Book Award. One of the American West's bloodiest and least known massacres is searingly re-created in this generation-spanning history of native-white intermarriage. National Book Award-winning histories such as *The Hemingways of Monticello* and *Slaves in the Family* have raised our awareness about America's intimately mixed black and white past. Award-winning western historian Andrew R. Graybill now sheds light on the overlooked interracial Native-white relationships critical in the development of the trans-Mississippi West in this multigenerational saga. Beginning in 1844 with the marriage of Montana fur trader Malcolm Clarke and his Piegan Blackfoot bride Coth-co-na, Graybill traces the family from the mid-nineteenth century when such mixed marriages proliferated to the first half of the twentieth when Clarke's children and grandchildren often encountered virulent prejudice. At the center of Graybill's history is the virtually unexamined 1870 Marias Massacre on a par with the more infamous slaughters at Sand Creek and Wounded Knee, an episode set in motion by the murder of Malcolm Clarke and in which Clarke's two sons rode with the Second U.S. Cavalry to kill their own blood relatives.

Letters of Travel from Caspar Morris, M. D., 1871-1872, to His Family Caspar Morris, 1896 **Family Reunion** Caroline B. Cooney, 2009-07-01 When the invitation to the Preffyn family reunion arrives interrupting a perfectly decent summer vacation, 15-year-old Shelley Wollcott is anything but enthusiastic. It's not that Shelley has anything against her relatives; she just can't stand it when they give her that what-a-pity look. It's not her fault that her real mother walked out on the family or that her father has remarried yet again. With Dad away on business and her older sister visiting their mother

in Paris Shelley must face the perfect Preffyns reunion with only her prankster younger brother and her insecure new stepmother at her side It s an opportunity to uncover the family s secrets but Shelley isn t sure whether when she discovers the truth she ll laugh or cry In this funny and poignant novel by Caroline B Cooney Shelley learns to appreciate all the members of her unusual family including herself in ways she never anticipated And she discovers things are often not as perfect as they seem

Sustaining the Cherokee Family Rose Stremmlau, 2011-09-26 During the late nineteenth and early twentieth centuries the federal government sought to forcibly assimilate Native Americans into American society through systematized land allotment In Sustaining the Cherokee Family Rose Stremmlau illuminates the impact of this policy on the Cherokee Nation particularly within individual families and communities in modern day northeastern Oklahoma Emphasizing Cherokee agency Stremmlau reveals that Cherokee families organization cultural values and social and economic practices allowed them to adapt to private land ownership by incorporating elements of the new system into existing domestic and community based economies Drawing on evidence from a range of sources including Cherokee and United States censuses federal and tribal records local newspapers maps county probate records family histories and contemporary oral histories Stremmlau demonstrates that Cherokee management of land perpetuated the values and behaviors associated with their sense of kinship therefore uniting extended families And although the loss of access to land and communal resources slowly impoverished the region it reinforced the Cherokees interdependence Stremmlau argues that the persistence of extended family bonds allowed

indigenous communities to retain a collective focus and resist aspects of federal assimilation policy during a period of great social upheaval

Family Therapy: An Intimate History Lynn Hoffman, 2001-10-17 This book follows the journey of one highly curious and questing therapist from an instrumental causal approach to family therapy to a collaborative communal one Because Lynn Hoffman has been in the field for almost forty years and has worked with so many of its influential thinkers the book is also a history of family therapy's evolution Her knowledge of family therapy is intimate and deep her perspective is clear eyed and often wryly humorous Readers will be reminded that however big and impressive the theories family therapy is very much a human endeavor Hoffman revisits the experiences ideas and relationships that have informed her journey and presents them both as she perceived them at the time and as she perceives them now looking back Through this process of reflective conversation she creates not only a legacy out of the people and situations that acted on her most powerfully but also a countertradition to the strategic approach that influenced her so strongly early in her career But this is not just history Throughout her career Hoffman has been in the forefront of family therapy She has interacted with and sometimes worked closely with many of family therapy's influential thinkers and actors including Jay Haley Virginia Satir Dick Auerswald Harry Aponte Peggy Papp Olga Silverstein the Milan team Peggy Penn Harry Goolishian Harlene Anderson Tom Andersen and Michael White The evolution of her thinking has paralleled the major developments in the field As she braids together continuity and innovation she finds her own voice a different voice and her own style more open more inclusive and less controlling In the second half of the book Hoffman demonstrates the many possibilities inherent in not knowing in working with a reflecting team in looking for the presenting edge and in grabbing the emotional main chance
