assemblage of seventeen Greek Hermetic treatises recorded between c 100 and c 300 CE To separate it from the ideologies influenced by the several Hermetic works of an entirely different era and origin this specific ancient version of Hermetic philosophy is tagged as Hermetism Hermeticism is a more open ended representation Hermetic Philosophy and Creative Alchemy Marlene Seven Bremner,2022-06-14 Examines the foundational texts and principles of Hermeticism and alchemy showing how they offer a foundation for a psycho spiritual creative practice Takes the reader on a Hermetic journey through each of the seven traditional planets offering meditative discourses that speak directly to the intuitive soul Provides examples from traditional alchemical art and the author s own intricate esoteric paintings Drawing on ancient Egyptian and Greek cosmogonies and essential Hermetic texts such as the Corpus Hermeticum the Emerald Tablet Tabula Smaragdina and the Nag Hammadi codices Marlene Seven Bremner offers a detailed understanding of Hermetic philosophy and the art of alchemy as a foundation for a psycho spiritual creative practice Offering examples from traditional alchemical art and her own intricate esoteric paintings Bremner examines the foundational principles of Hermeticism and alchemy and shows how these traditions are a direct means for accessing higher consciousness and true self knowledge or gnosis as well as a way to extract the essence of one s own creative gifts The author takes the reader on a Hermetic journey through each of the seven traditional planets Saturn Jupiter Mars the Sun Venus Mercury and the Moon exploring their mythological philosophical alchemical Qabalistic magical astrological and energetic natures and offering meditative discourses that reach past the rational mind to speak directly to the intuitive soul She relates the seven planets to the esoteric anatomy of the human body specifically the seven chakras and shows how the planets can offer understanding and experience of archetypal energies and patterns in the body in one s life and in the creative process A profound synthesis of magical and occult teachings as well as an initiation into the alchemical opus this book reveals how to integrate and apply Hermetic and alchemical principles to awaken inner knowing liberate the imagination and live a mystical creative and truly inspired life The Kybalion The Three Initiates,2021-10-01 The Kybalion A Study of the Hermetic Philosophy of Ancient Egypt and Greece is a book originally published in 1908 by New Thought author William Walker Atkinson under the pseudonym The Three Initiates This book is not exactly The Kybalion itself it is more of a critical interpretation by Atkinson on hermetic philosophy As such it should be read with this in mind that it is not an authoritative hermetic text but one only dedicated to Hermes Trismegistus The Kybalion presents seven universal principles it proposes to be the Seven Hermetic Principles Mentalism Correspondence Vibration Polarity Rhythm Cause and Effect and Gender These principles are essentially explications of cycles and before these principles is the notion of the primacy of mind as the cause of All philosophical mentalism This idea of mentalism is inspired by what is written about the Mind in The Hermetica Coinciding with Spiritualism New Thought and Theosophy the book became very popular in New Age movements particularly with its notion of spiritual and mental alchemy The Kybalion is a text which must be read with this in mind while it is an interpretation of hermetic philosophy it is in part still a relic of its

time Its influence cannot be understated and the need to read it critically cannot be overstated     **The Kybalion - A Study of the Hermetic Philosophy of Ancient Egypt and Greece** Three Initiates,2016-06-09 This vintage book was published in 1912 by the Yogi Publication Society Purporting to be based on ancient Hermeticism it presents seven all encompassing principles Mentalism Correspondence Vibration Polarity Rhythm Cause and Effect and Gender A fascinating volume that claims to appear in one s life only when its teachings are required The Kybalion constitutes a must have for those with an interest in Hermeticism Contents include The Hermetic Philosophy The Seven Hermetic Principles Mental Transmutation The All The Mental Universe The Divine Paradox The All in All Planes of Correspondence Vibration Polarity Rhythm Causation Gender Mental Gender and Hermetic Axioms Many vintage books such as this are increasingly scarce and expensive We are republishing this volume now in an affordable modern edition complete with a specially commissioned new introduction

*Hermeticism: A Note on the Philosophical School* Pons Malleus,2025-07-11 In an era where the search for meaning has become as fragmented as the digital age itself the ancient wisdom of Hermeticism offers a coherent and profoundly integrated worldview one that bridges the spiritual with the material the mystical with the rational and the personal with the cosmic This book is an invitation to enter the timeless stream of Hermetic philosophy to explore its roots principles and enduring relevance in a modern world often estranged from mystery and transcendence Hermeticism is not merely a historical curiosity or a footnote in the annals of Western esotericism It is a living tradition a philosophical and spiritual path that has shaped and echoed through the teachings of alchemists Renaissance magi Neoplatonists and even contemporary seekers of truth At its heart lies a set of core principles famously distilled in texts like the Corpus Hermeticum and The Kybalion which articulate a vision of the universe as a unified conscious whole governed by universal laws These principles mentalism correspondence vibration polarity rhythm cause and effect and gender present not a rigid dogma but a metaphysical framework for understanding the hidden architecture of reality This book does not aim to reduce Hermeticism to a set of formulas or to present it as a system to be passively accepted Rather it seeks to engage the reader in a dialogue with a tradition that has always prized direct knowledge gnosis and personal transformation The Hermetic path is one of inner alchemy of transmuting base consciousness into spiritual gold It calls upon the individual to become both philosopher and practitioner both questioner and mystic Historically Hermeticism emerged in the syncretic crucible of Hellenistic Egypt where Greek Egyptian and early Christian ideas coalesced into a rich spiritual synthesis The legendary figure of Hermes Trismegistus part Greek god part Egyptian sage and wholly symbolic of the union of wisdom traditions became the imagined

author of a body of teachings concerned with divine knowledge cosmic order and human destiny Though modern scholarship may dissect the textual origins and historical contexts of Hermetic writings the deeper significance of this tradition remains in its ability to speak to perennial questions What is the nature of the universe What is the purpose of life How can we come to know the divine This book is structured to guide both newcomers and seasoned readers through the essential themes of Hermetic thought It will trace the historical development of Hermeticism examine its central philosophical concepts and explore its influence across disciplines alchemy magic psychology and metaphysics More importantly it will encourage the reader to reflect on how these teachings can be interpreted and lived today In an age dominated by materialism and uncertainty the Hermetic vision reintroduces the sacred the symbolic and the interconnectedness of all things To study Hermeticism is to embark on a journey not just through time and text but through the depths of the self and the fabric of the cosmos It asks us to see beyond appearances to recognize the divine spark within and to awaken to a universe where nothing is truly separate In the words of the Emerald Tablet As above so below as within so without May this book serve as a companion on your journey not as a final answer but as a lantern in the labyrinth illuminating paths of thought and spirit that have guided seekers for centuries and continue to whisper their truths to those who listen with both reason and reverence
