Hero Beowulf:

Heroic Identity in the World of Beowulf Scott Gwara, 2009-01-31 Readers of Beowulf have noted inconsistencies in Beowulf's depiction as either heroic or reckless Heroic Identity in the World of Beowulf resolves this tension by emphasizing Beowulf's identity as a foreign fighter seeking glory abroad Such men resemble wreccan exiles compelled to leave their homelands due to excessive violence Beowulf may be potentially arrogant therefore but he learns prudence This native wisdom highlights a king's duty to his warband in expectation of Beowulf's future rule The dragon fight later raises the same question of incompatible identities hero versus king In frequent reference to Greek epic and Icelandic saga this revisionist approach to Beowulf offers new interpretations of flyting rhetoric the custom of men dying with their lord and the poem's digressions

The Hero Beowulf Eric A. Kimmel, 2005-05-07 The epic warrior from earliest English literature Beowulf was always a hero As a child he borrowed his father's sword to attack a nest of savage trolls that preyed on travelers Now a young man he seeks to defend the Danish king Hrothgar from a monster named Grendel King Hrothgar asks Beowulf Are you not afraid Beowulf replies Why should I fear If I am fated to win then Grendel cannot defeat me If I am fated to lose then it has been my destiny since the day I was born Sure of his role if not of his success Beowulf prepares to battle Grendel This story of Beowulf is an introduction to the classic confrontation between good and evil pared to perfection by the author and brought to life in monumental acrylic paintings by the artist

The Hero's Quest and the Cycles of Nature Rachel S. McCoppin, 2016-10-25 This examination of the heroic journey in world mythology casts the protagonist as a personification of nature a botanical hero one might say who begins the quest in a metaphorical seed like state then sprouts into a period of verdant strength But the hero must face a mythic underworld where he or she contends with mortality and sacrifice embracing death as a part of life For centuries humans have sought superiority over nature yet the botanical hero finds nothing is lost by recognizing that one is merely a part of nature Instead a cyclical promise of continuous life is realized in which no element fully disappears and the hero's message is not to dwell on death
