Heroes Villains And Fools Reflections Of The American Character:

Heroes, Villains, and Fools Orrin E. Klapp, 2017-09-08 This volume presents three major social types in American society: heroes, villains, and fools as models for American behaviour. Approaching these models primarily through language, Orrin E. Klapp explores what they may suggest about Americans as a people. Rather than study people, the author describes abstract types named and embedded in popular language. These social types are important symbols, and a way to attack a symbol is by identifying its meaning in various contexts. He further argues that the language surrounding heroes, villains, and fools reveals a social structure. We may not escape being ascribed a type, but we do have a choice of type. Known more commonly as finding oneself, we can manipulate cues with dress, facial expressions, style of life, or conspicuous public roles to build an identity. This classic study has serious contemporary implications. For a public figure, an inevitable result of the typing process is the development of at least two selves: the public and the private. When the book originally appeared in 1962, the struggle to balance two images generally only plagued celebrities and politicians. Today, social media offers everyone the opportunity to develop an online persona. This volume will be of interest to sociologists as well as anyone who has a Facebook account.

The Cooperstown Symposium on Baseball and American Culture, 2009-2010 William M. Simons, 2014-01-10 The Cooperstown Symposium on Baseball and American Culture 2009-2010 is an anthology of scholarly essays that utilize the national game to examine topics whose import extends beyond the ballpark and constitute a significant academic contribution to baseball literature. The essays represent sixteen of the leading presentations from the two most recent proceedings of the annual Cooperstown Symposium on Baseball and American Culture held respectively on June 3-5, 2009 and June 2-4, 2010. The anthology is divided into five parts: Baseball as Culture, Dance, Literature, National Character, and Myth. Constructing Baseball: Heroes, Blacks in Baseball, From Segregation to Conflicted Integration, The Enterprise of Baseball, Economics and Entrepreneurs, and Genesis and Legacy of Baseball Scholarship, which features an essay written by the co-creator of baseball scholarship, Dorothy Seymour Mills.

Radicalism in American Silent Films, 1909-1929 Michael Slade Shull, 2011-01-18 This work identifies 436 American silent films released between 1909 and 1929 that engaged the issues of militant labor and revolutionary radicalism. It begins with an extended introduction and analytical chapters that investigate the ways in which the American motion picture industry portrayed the interrelationships between labor radicals, exploitative capitalists, socialist idealists, and Bolsheviks during this critical twenty-year period. Each entry contains a detailed plot synopsis, citations to primary sources, coding indicating the presence or absence of 14 predominant discernible biases, including anti and pro capitalism, socialism, revolution, and labor, and subject coding keyed to 64 related terms and concepts, including agitators, Bolshevism, bombs, female radicals, militias, mobs, political refugees, and strikes. These statistical data, included in the filmography, are presented in a series of charts and are fully integrated into the historical critical text. Total number and percentage statistics for the instances of these coded biases and traits are given per year, per era, and overall.

Inventing Baseball Heroes Amber Roessner, 2014-06-09 In *Inventing Baseball Heroes* Amber Roessner examines herocrafting in sports journalism through an incisive analysis of the work surrounding two of baseball's most enduring personalities Detroit Tigers outfielder Ty Cobb and New York Giants pitcher Christy Mathewson While other scholars have demonstrated that the mythmakers of the Golden Age of Sports Writing 1920-1930 manufactured heroes out of baseball players for the mainstream media Roessner probes further with a penetrating look at how sportswriters compromised emerging professional standards of journalism as they crafted heroic tales that sought to teach American boys how to be successful players in the game of life Cobb and Mathewson respectively stereotyped as the game's sinner and saint helped shape their public images in the mainstream press through their relationship with four of the most prominent sports journalists of the time Grantland Rice F C Lane Ring Lardner and John N Wheeler Roessner traces the interactions between the athletes and the reporters delving into newsgathering strategies as well as rapport building techniques and ultimately revealing an inherent tension in objective sports reporting in the era *Inventing Baseball Heroes* will be of interest to scholars of American history sports history cultural studies and communication Its interdisciplinary approach provides a broad understanding of the role sports journalists played in the production of American heroes *Early Professional Baseball and the Sporting Press* R. Terry Furst, 2014-04-02 The book analyzes the process by which the collective image of professional baseball was formed It traces both the negation and the affirmation of ideas in the sports press that would impede or promote the growth of baseball from a recreational pastime to a team sport spectacle in the mid 19th century The American collective image grew as a result of sports reportage conversations about baseball in social and work groupings game attendance and changing values toward work and play and reports of gambling Newspaper editorials and news stories and letters to the editor are studied as to shifting and complex and inter related sentiments toward playing baseball Much of this interactive complex was influenced by the English sports ideal and newly formed attitudes toward recreation Above all the sports press was the primary shaper of the image of professional baseball *The Jewish Journal of Sociology*, 1973 **Film Study** Frank Manchel, 1990-10 The four volumes of *Film Study* include a fresh approach to each of the basic categories in the original edition Volume one examines the film as film volume two focuses on the thematic approach to film volume three draws on the history of film and volume four contains extensive appendices listing film distributors sources and historical information as well as an index of authors titles and film personalities *Handbook of Methods in Cultural Anthropology* H. Russell Bernard, Clarence C. Gravlee, 2014-07-08 The *Handbook of Methods in Cultural Anthropology* now in its second edition maintains a strong benchmark for understanding the scope of contemporary anthropological field methods Avoiding divisive debates over science and humanism the contributors draw upon both traditions to explore fieldwork in practice The second edition also reflects major developments of the past decade including the rising prominence of mixed methods the emergence of new technologies and evolving views on ethnographic writing Spanning the chain of research from designing a

project through methods of data collection and interpretive analysis the Handbook features new chapters on ethnography of online communities social survey research and network and geospatial analysis Considered discussion of ethics epistemology and the presentation of research results to diverse audiences round out the volume The result is an essential guide for all scholars professionals and advanced students who employ fieldwork **Inflation of Symbols** Orrin Edgar

Klapp,1991-01-01 Today Americans are used to keeping tabs on inflation through the use of price indexes and interest rates and to restraining it through the use of Federal Reserve monetary policy No tabs however are kept on other kinds of inflation of symbols other than money Klapp looks into what the inflation of value might mean and how it occurs in social relations popular culture mass contagions fads and fashions even smiles and kisses In Klapp s view symbolic or cultural inflation applies to all social processes in which enlargement expansion or oversupply leads to the diminishing of value of a symbol Its symptoms have been noted in the arts in communications and in politics but there have been few if any attempts to analyze the mechanism by which such inflation occurs The author attempts such an analysis structuring it around those mechanisms he terms social magnifiers On the simplest level there is mere overstatement the exaggeration of claims that lose credibility as the reality is seen to fall short More socially complex are types of magnifiers that involve shared cultural values and large groups of people These include crusading the rhetorical inflation of a conflict into a war of good versus evil emotional contagion which through uncritical suggestibility draws large numbers of people into actions that exaggerate value and self expansion through identification with others the vicarious triumphs and careers of heroes and celebrities a process Klapp terms emotional hitchhiking Finally there is the market like type of cultural inflation in which oversupply of a symbol leads to a weakening of its power to elicit desired responses Klapp demonstrates how this market concept applies to such symbols as credentials medals smiles kisses greeting cards religious tokens fashions and finally to information itself The result of Klapp s study is to bring into focus this vast pervasive largely unwitting sort of inflation that eats away at cultural values that carry no price in the money market and to isolate various conditions massness egalitarianism loss of scarcity that favor social inflation and thereby help us to understand even to control it as a source of disappointment in modern society This book will be of interest to sociologists economists and students of American culture concerned with the erosion of values in an information age **Creating Cultural Monsters** Julie B. devil may care attitude guided him along the path But when age took hold of his legs and no amount of training would help his athletic gold rush went bust Cracks in his psyche began to show as if beneath it all like much of California itself his athletic life had been built on a fault Always introspective and inquiring Tinley threw himself headlong into athlete retirement and the larger issues of life transition and change His new journey driven by his quest for personal growth and healing was filled with pain false starts and heartrending intimacies It led him to hundreds of other retired professional athletes who would openly discuss their own triumphs and tragedies With much discipline Tinley completed one of the most thorough athlete research projects ever attempted and befriended such superstars as Bill Walton Eric Heiden Greg LeMond Jerry Sherk Steve Scott and Rick Sutcliffe Along the way he uncovered secrets about himself and the process of change turmoil and final acceptance all shared openly and eloquently in *Racing the Sunset* This book will do for athletes of every level what *Passages* did for an entire generation Skyhorse Publishing as well as our Sports Publishing imprint is proud to publish a broad range of books for readers interested in sports books about baseball pro football college football pro and college basketball hockey or soccer we have a book about your sport or your team In addition to books on popular team sports we also publish books for a wide variety of athletes and sports enthusiasts including books on running cycling horseback riding swimming tennis martial arts golf camping hiking aviation boating and so much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

International Journal of Contemporary Sociology ,1974 The Use and Abuse of Sport and Physical Activity Earle F. Zeigler,2011-07-14 I am not against sport and related physical activity What I am arguing is that employed properly and correctly exercise and sport as one of a number of vital social forces e g nationalism ecology could contribute to the improvement of the current situation in human health enormously Additionally in the case of related physical activity i e regular exercise or physical activity education in the developed world I believe humans are too often abusing it by first not understanding it and then by not using it more intelligently Ironically in the undeveloped world people often get too much exercise just to stay alive Moreover I believe that the active use of competitive sport worldwide to promote what have been called moral values traits or attributes leading to world peace and good will as opposed to so called socio instrumental values that often are overly self serving This would tend to create a social force of such strength and power that humankind might be helped as it confronts the social and physical devastation looming ahead At the very least I believe such active promotion would delay to a considerable degree the onset of what is increasingly becoming a destructive societal situation **Wanted Women** Mary Elizabeth Strunk,2010-09-18 The iconic photo of Bonnie Parker cigar clenched in jaw pistol in hand says it all America loves its bad girls Now Mary Elizabeth Strunk tells us why *Wanted Women* is a startling look at the lives and legends of ten female outlaws who gained notoriety during the tumultuous decades that bracketed the tenure of FBI director J Edgar

Hoover Strunk looks at real life events and fictional portrayals to decipher what our obsession with these women says about shifting gender roles evolving law enforcement practices and American cultural attitudes in general These women s stories reveal what it takes and what it has meant to be a high profile female lawbreaker in America Strunk introduces us to Kathryn Mrs Machine Gun Kelly Ma Barker and Bonnie Parker from the 1930s and from the 1970s we meet heiress turned revolutionary Patty Hearst five other women of the Symbionese Liberation Army and Black Panther Assata Shakur All saw themselves as struggling against an oppressive legal system All became wanted criminals and would play a part in shaping Hoover s legacy And all spent enormous amounts of energy attempting to manipulate public opinion in their favor Strunk argues that each woman s public persona was to some degree invented by Hoover who saw outlaw women as an alarming threat to public morality He went after them with a vengeance but in many ways his obsession only added to their reputations Strunk shows how Hoover s repeated use of popular culture to publicize the threat of violent women initially succeeded in strengthening his FBI but his approach became a liability by the time law enforcement was pitted against the women outlaws of the 1970s The book chronicles the careers of these infamous outlaws both in the real world and in popular culture film ads true crime stories autobiographies as well as Hoover s own forays into filmmaking It boasts 27 compelling images of movie stills wanted posters and other ephemera that have been assembled nowhere else including rarely reproduced SLA artifacts Strunk s book is the first study to define the narrow formula necessary for a woman to cross over from criminal to outlaw Hitting on key notes of American culture from Black and gender studies to cinematic and legal history Wanted Women sets a new benchmark for how we view women and crime as it contributes fresh insights into twentieth century social history

Encyclopedia of Folk Heroes Graham Seal,2001-12-11 A wide ranging and detailed investigation of folk heroes both fictional and historical from the earliest times to the present taken from societies throughout the world as they exist in folktales folksongs customs speech and other folklore genres From Paul Bunyan to Stagolee from Queen Mab to the Tooth Fairy every culture has created folk heroes But as often as not these heroes of the people accomplish their goals with methods that are anything but heroic like the American liar hero Davy Crockett or Galloping Jones the Australian drinker and bank robber Then there s the Irishman Finn Mac Cumhal whose heroism like that of Rip Van Winkle was based on oversleeping In this new collection readers will enjoy a wildly colorful parade of nearly 400 thieves tricksters simpletons and dragon slayers from around the world Despite appearances these heroes perform a crucial social function they allow us to question what is right and what is wrong to challenge what is legal and what is illegal to deal with who has power and who does not and to manage the contradictions and conflicts inherent in all cultures
