## **Hes Your Dog:**

**Beyond Obedience** April Frost, Rondi Lightmark, 2010-06-23 Beyond Obedience is a revolutionary new training program for you and your dog from one of our country's foremost animal advocates and holistic practitioners. The idea that your canine companion is a fully emotional being and acutely sensitive to your changing feelings and moods is the foundation of April Frost's original and highly effective training program. One of the most difficult aspects of training your dog is communicating your intentions clearly. Beyond Obedience is the first book that works on the way you communicate with your dog, providing you with the necessary tools to truly understand how your dog's mind works and therefore how you can create an effective and mutually satisfying relationship. Drawing on her extensive experiences as an animal behaviorist, Frost teaches you that training your dog should not be a tedious chore limited to exerting physical and psychological control over an animal's drives but instead an enriching and spiritually fulfilling experience gratifying for both human and animal. Frost discusses such essential concepts as mutual respect, unconditional love, mental and emotional discipline, and your expectations and priorities. She shows you how the insights gained from working with your dog can have positive far-ranging effects on many areas of your life. Beyond Obedience revolutionizes dog training by addressing the spiritual, physical, and psychological needs of dogs and people, teaching them to communicate effectively through powerful techniques including visualization and energy work and offering them valuable insight into the emotional bonds that enrich the lives of animals and their companions.

**Guidelines** Dogs are born knowing how to bark, bite, dig, chew, chase, jump up on one another, eliminate when they need to, and snarl when they feel threatened. It is a challenge to get a dog to suppress or modify his instincts in order to make human existence more pleasant. If the dog reverts, you need to remember that these acts are not malicious; the dog is simply doing the best he can with information he has been given about living with and behaving in a socially acceptable way toward a totally different species. Dogs can learn whatever you can find a way to teach them so long as it is within their physical capability to perform. Dogs like humans take the path of least resistance; they do only what works well and easily to satisfy their needs and desires. If it is a self-rewarding move, they will repeat and escalate the behavior, whether that behavior is in harmony or conflict with your wishes. Every dog has its own point of motivation, a trigger that will evoke a response and awaken its desire to respond to its human.

**The Werewolf Huntress** Savannah Lynn Misner, 2023-11-10 The Avenger. When I was fourteen, rogue werewolves killed my family in cold blood. Since that day, I made it my mission to protect the innocent and avenge any death made by supernatural hands. To the human world, Westries Mikos is an ordinary nineteen-year-old girl. To the rapists, drug dealers, and murderers of the werewolf world, she is known only as The Avenger. She hunts down her prey, assumes the role of judge, jury, and executioner, and leaves her chilling signature, the initials AM, on their chests. No one has ever caught her, or her heart, and she'd like to keep it that way. The Alpha King: Listen, all of you, and listen well. Undermine or insult Westries again, and you will be punished. Threaten or try to harm her, and you will be punished. Chaos is

running rampant in the pack Rogues are being slaughtered by an unknown assailant and the Alpha King himself has noticed The Avenger is a threat that must be stopped Little does he know everything he believed about The Avenger and his world is about to be turned upside down The hunter is about to become the hunted but what happens next no one could have expected Will her adventure end or is it just beginning Find out in the first installment of The Werewolf Huntress **FDA Consumer** ,2006
