inside a cave and they were believe to be seven to eight feet tall also 3 000 years old elongated skulls with red hair still intact were discovered in Nazca Peru more proof that Adam and Eves descendants traveled all over the world in an effort to spread their genes When geneticist analyzed the genes of the elongated skulls they found the genes contain genetic material unknown in any human primate or animal Adam and Eve came to our planet as biological up lifters Bodies were made for them when they arrived on our planet by beings from a higher universe called Avalon a universe neighbor to our universe These beings were called Avalon surgeons They took plasma from the more advanced tribes of our planet and with some type of genetic engineering created bodies made of the dust of the ground chemical of the earth that were much more advanced than the humans of that time Adam and Eve incarnated into those bodies and the spirit of God breathed the breath of life into those forms and they became living beings Our ancient ancestors didnt know about genetic engineering and such so they said God did it To them those advanced beings were gods People of our planet need to wake up and stop thinking about material things all the time and begin thinking about the spiritual world which we linger far behind in our understanding
