not engage in the illegal dissemination of unauthorized recordings A lawyer should not offer money to a person who is testifying against him A lawyer should not make two or even three opposing statements under oath A lawyer should not use client funds to pay his law firm s operating expenses A lawyer should not enter his personal psych file as an exhibit without reading it first Not only has Robert Nadeau done all of these things but he actually tries to defend them in his various emails pleadings and depositions Worst of all the judicial system has supported him every step of the way
