,1958 *A Destiny of Choice?* David Blanke,David Steigerwald,2013-02-21 In the twentieth century Americans thought of the United States as a land of opportunity and equality To what extent and for whom this was true was of course a matter of debate however especially during the Cold War many Americans clung to the patriotic conviction that America was the land of the free At the same time another national ideal emerged that was far less contentious that arguably came to subsume the ideals of freedom opportunity and equality and that eventually embodied an unspoken consensus about what constitutes the good society in a postmodern setting This was the ideal of choice broadly understood as the proposition that the good society provides individuals with the power to shape the contours of their lives in ways that suit their personal interests idiosyncrasies and tastes By the closing decades of the century Americans were widely agreed that theirs was or at least should be the land of choice In *A Destiny of Choice* David Blanke and David Steigerwald bring together important scholarship on the tension between two leading interpretations of modern American consumer culture That modern consumerism reflects the social cultural economic and political changes that accompanied the country s transition from a local producer economy dominated by limited choices and restricted credit to a national consumer marketplace based on the individual selection of mass produced mass advertised and mass distributed goods This debate is central to the economic difficulties seen in the United States today **Top Stocks 2025** Martin Roth,2024-10-25 Australia s best selling guide for smart investing in the sharemarket When it s time to invest your earnings you need accurate trusted guidance that will weather cycles outlive fads and stand the test of time In this 31st edition of *Top Stocks* market expert Martin Roth gives you the essential knowledge you need to grow your portfolio and profits An invaluable resource for novices and professionals alike *Top Stocks 2025* shares the clear objective information and tried and tested techniques you need to make right picks and get more for your money With well defined criteria and rigorous analysis you ll form a clear picture of which companies offer low risk long term value You ll see beyond the hype the pricing and the punditry With *Top Stocks 2025* you ll become an expert at evaluating the best of the
