Here There Be Witches Heather Hardison, 2025-08-26 In 1645 at a time when England was gripped by superstition and an intense fear of the supernatural the infamous Witchfinder General Matthew Hopkins roamed the countryside on a mission to root out and cleanse the country of witches Casting a shadow over the land these hunts scarred generations of women for centuries leaving many afraid to acknowledge or nurture their healing powers and intuitive gifts Caught amidst this frenzy three sisters Alexa Iris and Hattie fight to keep their coven intact to keep their knowledge of the old ways alive for future generations Despite their vows to only wield their powers for good these sisters find themselves ensnared in the deadly web of accusations and persecution that grips their village As whispers of witchcraft spread like wildfire a rival witch with a vendetta that spans lifetimes aids the Witchfinder General in hunting Alexa and her sisters down As the flames of paranoia rage these sisters face heart wrenching choices while weighing the value of their lives and those they've sworn to protect knowing all can't be saved Set against the backdrop of one of history's darkest chapters *Here There Be Witches* is a haunting reminder of the generational scars left by this unimaginable injustice and the enduring courage it took to defend one's beliefs and rights to practice their craft in the midst of a wave of mass hysteria that spread throughout the nation tragically wiping out generations of wise women and healers This book is a standalone novel but is also considered a related companion book to the Divining Sisters Series In a sense it is a prequel to the entire series because it follows the past lives of the main characters in that series as they battle the Witchfinder General in the witch trials that take place in England in the 1640s This novel stands as a complete self-contained story For those who feel a connection to these characters after reading this story know that their future incarnations are explored in the Divining Sisters Series where their spirits endure across time

Content Warning This novel contains darker themes and depictions related to the witch trials including persecution torture sexual assault body horror and graphic resulting deaths

Here There Be Dragonnes Mary Brown,2003-03-01 THE RING S THE THING Thing was a young girl who hid beneath a mask Her companions included a crow a toad a goldfish and a kitten Never had a more unlikely band of unheroic heroes set off on a difficult and dangerous quest But Thing had a ring with unusual powers Summer was an orphan who only wanted to find a husband and settle down But first she had to help out a blind knight with amnesia and a winged pig But how to get those two as well as a raggle tail assortment of other creatures in distress to the far distant place where they belonged

Summer owned almost nothing except a certain magic ring Summer was cast adrift in London by the untimely death of her parents Then an uncle left her a legacy that would lift her up from poverty if she took a dragon s egg into uncharted Asia The task was daunting and time was short but her late uncle had also left her a very remarkable ring Three very unusual heroines in widely separated eras each wearing for a time a ring made from a unicorn s horn a ring with extraordinary powers At the publisher s request this title is sold without DRM Digital Rights Management People who think they hate fantasies are going to like this one USA Today Endearing characters Brown s incredible journey is a find Publishers Weekly Compelling a rare treat for fantasy lovers Library Journal Don t miss this brilliantly conceived superbly crafted and eminently beguiling fantasy foray Romantic Times Here, There, Elsewhere William Least Heat-Moon, 2025-05-01 From the acclaimed author of Blue Highways Prairie Earth and Roads to Quoz a dazzling collection of travel tales from the road Here There Elsewhere draws together for the first time William Least Heat Moon s greatest short form travel writing Personally selected by the writer these pieces take us from Japan England Italy and Mexico to Long Island Oregon Arizona from small towns to big cities ocean shores and inland mysteries Including Heat Moon s reflections on writing these pieces Here There Elsewhere is much more than the usual collection of amber it is a coupled summation of craft and memory A perfect treasury of prose and provocation for readers old and new Heat Moon s most recent work reveals his absolute mastery across pages many and few **There Will Be No Miracles Here** Casey Gerald, 2018-10-02 NAMED A BEST BOOK OF 2018 BY NPR AND THE NEW YORK TIMES A PBS NEWSHOUR NEW YORK TIMES BOOK CLUB PICK Somehow Casey Gerald has pulled off the most urgently political most deeply personal and most engagingly spiritual statement of our time by just looking outside his window and inside himself Extraordinary Marlon James Staccato prose and peripatetic storytelling combine the cadences of the Bible with an urgency reminiscent of James Baldwin in this powerfully emotional memoir BookPage The testament of a boy and a generation who came of age as the world came apart a generation searching for a new way to live Casey Gerald comes to our fractured times as a uniquely visionary witness whose life has spanned seemingly unbridgeable divides His story begins at the end of the world Dallas New Year s Eve 1999 when he gathers with the congregation of his grandfather s black evangelical church to see which of them will be carried off His beautiful fragile mother disappears frequently and mysteriously for a brief idyll he and his sister live like Boxcar Children on her disability checks When Casey following in the footsteps of his father a gridiron legend who literally broke his back for the team is recruited to play football at Yale he enters a world he s never dreamed of the anteroom to secret societies and success on Wall Street in Washington and beyond But even as he attains the inner sanctums of power Casey sees how the world crushes those who live at its margins He sees how the elite perpetuate the salvation stories that keep others from rising And he sees most painfully how his own ascension is part of the scheme There Will Be No Miracles Here has the arc of a classic rags to riches tale but it stands the American Dream narrative on its head If to live as we are is destroying us it asks what would it mean to truly live Intense incantatory
