When Zoe becomes obsessed with questions about her own mother's death the truth remains tauntingly out of reach locked away within her nightmares of an uncontrollable fire. And as her adoptive mother loses her memory to dementia the time to find the answers is running out. As Zoe digs deeper she realizes that the danger is not just in her dreams but is now close at hand. And she has no choice but to face what terrifies her the most. Because what she can't remember just might kill her. Little Black Lies is about madness.
