Heres The Deal:

Here's the Deal Kellyanne Conway, 2024-10-29 INSTANT 1 NEW YORK TIMES BESTSELLER Part personal chronicle and part political journey a candid assessment of some of her colleagues in the White House and the media The Washington Post Among the Trump era s savviest insiders one name stands especially tall Kellyanne As a highly respected pollster for corporate and Republican clients and a frequent television talk show guest Kellyanne Conway had already established herself as one of the brightest lights on the national political scene when Donald Trump asked her to run his presidential campaign She agreed delivering him to the White House becoming the first woman in American history to manage a winning presidential campaign and changing the American landscape forever Who she is how she did it and who tried to stop her is a fascinating story of personal triumph and political intrigue that has never been told until now In Here s The Deal Kellyanne takes you on a journey all the way to the White House and beyond with her trademark sharp wit raw honesty and level eye It s all here what it s like to be dissected on national television How to outsmart the media mob How to outclass the crazy critics How to survive and succeed male dominated industries What happens when the perils of social media really hit home And what happens when the divisions across the country start playing out in one s own family In this open and vulnerable account Kellyanne turns the camera on herself What she has to share about our politics about the media about her time in the White House and about her personal journey is an astonishing glimpse of visibility and vulnerability of professional and personal highs and lows and ultimately of triumph *Power Relations and Comparative Regionalism* Min-hyung Kim, James A. Caporaso, 2021-07-29 Three trends have dominated the political economy of integration during the last two decades globalization economic nationalism and regionalization This book explores comparative regional integration focusing on both intra regional integration and relations among regions in the context of power The most common focus of integration studies has been on the logic of cooperation but there is another logic of integration power The relevance of power today is represented by the relations within the Eurozone especially between creditors and debtors By the same line of reasoning integration in Asia cannot ignore the respective roles of China Japan and Korea nor the unresolved disputes about Taiwan Hong Kong and the islands in the South China Sea This edited volume addresses the role of power in regional integration in three contexts 1 the role of hegemonic external actors the US and China in regional integration 2 the role of core states within regions Germany China Japan and Brazil and 3 the role of noncore states smaller and middle range powers Italy and Greece in Europe South Korea and Malaysia in Asia and Argentina Colombia Uruguay and Paraguay in Latin America This book will benefit students and scholars of international relations and comparative political economy especially those with an interest in integration studies and comparative regionalism **Podcasting in a Platform Age** John L. Sullivan, 2024-01-25 Podcasting in a Platform Age explores the transition underway in podcasting by considering how the influx of legacy and new media interest in the medium is injecting professional and corporate logics into what had been largely an amateur media

form Many of the most high profile podcasts today however are produced by highly skilled media professionals some of whom are employees of media corporations Legacy radio and new media platform giants like Google Apple Amazon and Spotify are also making big and expensive moves in the medium by acquiring content producers and hosting platforms This book focuses on three major aspects of this transformation formalization professionalization and monetization Through a close read of online and press discourse analysis of podcasts themselves participant observations at podcast trade shows and conventions and interviews with industry professionals and individual podcasters John Sullivan outlines how the efforts of industry players to transform podcasting into a profitable medium are beginning to challenge the very definition of podcasting itself

Bullets, Bombs, and Fast Talk James Botting, 2008-10 While it sounds like the action in some crime fiction book it's not Bullets Bombs and Fast Talk isn't a novel and James Botting isn't a fictional character One of the first members of the FBI's international Critical Incident Negotiation Team and a longtime member of the Crisis Negotiation Team in Los Angeles Botting's career saw him take part sometimes peripherally more often personally in almost every major hostage barricade incident over the course of his twenty five years as a hostage negotiator and SWAT agent Wounded Knee Patty Hearst TWA 847 Cuban Prison Riots Rodney King Ruby Ridge Waco He recounts all those and more in gritty bluntly honest and often humorous detail as only a participant can He highlights the successes and pulls no punches analyzing the failures He vividly relates a number of times when he stared down death and then came through unscathed Bullets Bombs and Fast Talk seems ripped from the pages of a novel but it's real intensely real and Botting lived it See what he saw hear what he heard and said feel what he felt and live what he lived with this insider's personal account of his twenty five years in the FBI
