Heritage and Horizon Harry A. Renfree, 2007-03-16 In this age of hi tech impersonal living our individual identities are in danger of being submerged and our collective past is easily forgotten History is therefore more important now than it has been in any previous time It is a corrective that insists we are not defined as a number in a data bank but as people who have lived in relation to time and circumstances Our roots lie not in a code but in interactions with other people and in the flow of daily events Canadian Baptists have eagerly awaited the day that someone would produce a comprehensive candid and faithful report of who we are and what major events helped shape our identity This book can only strengthen Canadian Baptist relationships as it brings to mind our common or similar beginnings The author of this history Dr Harry A Renfree has done us an immense service by giving us a history worth reflecting upon and one which ought to spur us on to glorify God in His church's mission Well qualified to share his gifts as writer and interpreter Dr Renfree is a Canadian Baptist who has given lifelong leadership in the cause of Christ in this country My hope is that the readers of this book will come to understand how Canadian Baptists have sought to serve Christ throughout their history and right up to the present day May God's leading in this historic endeavour cause us to grieve over the errors of the past to rejoice in the grace of God that has marked our joyful times and to firmly resolve to go forth in this day in our land to honour the Baptist name through true humility and servanthood R C Coffin General Secretary Treasurer Canadian Baptist Federation

Urban Archaeology, Municipal Government and Local Planning Sherene Baugher, Douglas R. Appler, William Moss, 2017-07-28 Improving the relationship between archaeology and local government represents one of the next great challenges facing archaeology specifically archaeology done in urban settings Not only does local government have access to powerful legal tools and policy mechanisms that can offer protection for privately owned archaeological sites but because local government exists at the grassroots level it is also often closer to people who have deep knowledge about the community itself about its values and about the local meaning of the sites most in need of protection This partnership between archaeology and local government can also provide visibility and public programming for heritage sites This book will explore the experiences both positive and negative of small and large cities globally We have examined programs in the Commonwealth of Nations formerly known as the British Commonwealth and in the United States These countries share

similar perspectives on preservation and heritage although the approaches these cities have taken to address municipal archaeology reveals considerable diversity The case studies highlight how these innovative partnerships have developed and explain how they function within local government Engaging with the political sphere to advocate for and conduct archaeology requires creativity flexibility and the ability to develop collaborative partnerships How these archaeological partnerships benefit the community is a vital part of the equation Heritage and tourist benefits are discussed Economic challenges during downturns in the economy are analyzed The book also examines public outreach programs and the grassroots efforts to protect and preserve a community's archaeological heritage

dressmaking of black Britons in the 1960s and the meaning of a polo neck jumper as depicted in a 1934 self portrait by African American artist Malvin Gray Johnson this study looks at the ways in which the diaspora experience is expressed through self image Spanning the late nineteenth century to the modern day the book draws on ready made and homemade fashion photographs paintings and films published and unpublished biographies and letters from Britain Jamaica South Africa and the United States to consider how personal style statements reflect issues of racial and cultural difference The Birth of Cool is a powerful exploration of how style and dress both initiate and confirm change and the ways in which they expresses identity and resistance in black culture
