**The Blessings of Business** Darren E. Grem, 2016-05-02 The Book of Matthew cautions readers that Ye cannot serve God and mammon But for at least a century conservative American Protestants have been trying to prove that adage wrong In The Blessings of Business Darren E Grem argues that while preachers activists and politicians have all helped spread the gospel American evangelicalism owes its enduring strength in a large part to private enterprise Grem argues for a new history of American evangelicalism demonstrating how its adherents strategically used corporate America its leaders businesses money ideas and values to advance their religious cultural and political movement Beginning before the First World War conservative evangelicals were able to use businessmen and business methods to retain and expand their public influence in a secularizing diversifying and liberalizing age In the process they became beholden to pro business stances on matters of theology race gender taxation trade and the state transforming evangelicalism itself into as much of an economic movement as a religious one The Blessings of Business tells the story of unlikely partnerships between well known champions of the evangelical movement such as Billy Graham and largely forgotten businessmen like Herbert Taylor J Howard Pew and R G LeTourneau Grem also shows how evangelicals set up their own pro business organizations and linked the quarterly and yearly growth of Christian businesses to their social religious and political aspirations Fascinating and provocative The Blessings of Business uncovers the strong ties that conservative Christians have forged between the Almighty and the almighty dollar

**Time Travel** Alan Gordon, 2016-04-15 In the 1960s Canadians could step through time to eighteenth century trading posts or nineteenth century pioneer towns These living history museums promised authentic reconstructions of the past but as Time Travel shows they revealed more about mid twentieth century interests and perceptions of history than they reflected historical fact An appetite for commercial tourism led to the rise of living history museums They became important components of economic growth especially as part of government policy to promote regional economic diversity and employment Alan Gordon explores how these museums were shaped by post war pressures personality conflicts funding challenges and the need to balance education and entertainment

Ultimately the rise of the living history museum is linked to the struggle to establish a pan Canadian identity in the context of multiculturalism competing anglophone and francophone nationalisms First Nations resistance and the growth of the state
