Herman Melville and the Politics of the Inhuman Michael Jonik, 2018-02-22 Studies of the writing of Herman Melville are often divided among those that address his political historical or biographical dimensions and those that offer creative theoretical readings of his texts In *Herman Melville and the Politics of the Inhuman* Michael Jonik offers a series of nuanced and ambitious philosophical readings of Melville that unite these varied approaches Through a careful reconstruction of Melville's interaction with philosophy Jonik argues that Melville develops a notion of the inhuman after Spinoza's radically non anthropocentric and relational thought Melville's own political philosophy in turn actively disassembles differences between humans and nonhumans and the animate and inanimate Jonik has us rethink not only how we read Melville but also how we understand our deeply inhuman condition
