Between Rome and Jerusalem Martin

Sicker,2001-01-30 Sicker sheds new light on the political circumstances surrounding the emergence of Rabbinic Judaism and Christianity He places the 300 year history of Judaea from the Hasmoneans to Bar Kokhba 167 B C E 135 C E in the context of Roman history and Judaea s geostrategic role in Rome s geopolitics in the Middle East However because of the unique character of its religion and culture which bred an intense nationalism unknown elsewhere in the ancient world Judaea turned out to be a weak link holding the Roman Empire in the east together As such it became a factor of some importance in the protracted struggle of Rome and Parthia for hegemony in southwest Asia Judaea thus took on a political and strategic significance that was grossly disproportionate to its size and made its subjugation and domination an imperative of Roman foreign policy for two centuries from Pompeius to Hadrian In effect the history of the period may be viewed as the story of the conflict between Roman imperialism and Judean nationalism A fresh look at ancient Middle Eastern and Roman history that will be invaluable for students and scholars of ancient history post biblical Jewish history and of Christian origins

Israel's Last Prophet David L. Turner,2015-08-01 Jesus words of indictment and judgment in the Gospel according to Matthew have fueled centuries of Christian anti Judaism But what did those words originally mean within Matthew s narrative David L Turner examines how Matthew has taken up Deuteronomic themes of prophetic rejection and judgment and woven them throughout the Gospel culminating in Matthew 23 32 Matthew was engaged in a heated intramural dispute with other Jewish groups Turner argues The legacy of Christian anti Jewish violence reflects a gross misunderstanding of Matthew by generations who have failed to recognize the author s worldview and allusions
