Hms Glasshouse:

The Idea of North Peter Davidson, 2005-04-15 While a compass might tell us which direction we are going there is really only one direction to which it ever points north North is the ultimate point of orientation but it is also a celebrated destination for the adventurous the curious the solitary and the foolhardy In this fascinating book updated in this accessible pocket edition Peter Davidson explores the concept of north through its many manifestations in painting legend and literature Arctic bound Davidson takes the reader on a journey from the heart of society to the most far flung outposts of human geography packing in our rucksacks a treasure trove of stories and artworks from the Icelandic Sagas to Nabokov's snowy kingdom of Zembla from Hans Christian Andersen's forbidding Snow Queen to the works of artists such as Eric Ravilious Ian Hamilton Finlay and Andy Goldsworthy He celebrates the different ways our artists and writers have illuminated our relationship with the earth's most dangerous and austere terrain Through Davidson's astonishing but inviting erudition we ultimately come to see north as a permanent goal frozen forever on a horizon we never seem to quite reach

HMS Glasshouse ,1991 Monsters under Glass Jane Desmarais, 2018-08-15 *Monsters under Glass* explores our enduring fascination with hothouses and exotic blooms from their rise in ancient times through the Victorian vogue for plant collecting to the vegetable monsters of twentieth century science fiction and the movies comics and video games of the present day Our interest in hothouses can be traced back to the Roman emperor Tiberius but it was only in the early nineteenth century that a boom in exotic plant collecting and new glasshouse technologies stimulated the imagination of novelists poets and artists and the hothouse entered the creative language in a highly charged way Decadent writers in England and Europe including Charles Baudelaire and Oscar Wilde transformed the hothouse from a functional object to a powerful metaphor of metropolitan life sexuality and being replete with a dark underside of decay and death and of consciousness itself nurtured and dissected under glass In a study as wide ranging vivid and beautiful as our beloved exotic blooms themselves Jane Desmarais charts the history and influence of these humid tropical worlds and their creations providing a steamy window onto our recent past

Cousin Coat Sean O'Brien, 2012-07-12 Sean O'Brien is widely acknowledged as one of the most gifted English poets now writing and as a leading poet critic *Cousin Coat* collects the best of O'Brien's work to date long time O'Brien aficionados will be grateful to have so much of the early work available again while recent converts will be delighted to find that O'Brien's boisterous wit intelligence and astonishing technical fluency were as much in evidence at the outset of his career as they are now While some of O'Brien's *mises en scène* and *dramatis personae* have remained constant over the years the urban dystopia the train the rain the underground the canal the lugubrious procession of conductors policemen head teachers and detectives their shadows have deepened with O'Brien's sense of their historicity and mythic power His imaginative landscape has become impressively varied as well as blackly paranoid fantasy and scabrous political critique O'Brien's work now encompasses English pastoral comic set piece and

metaphysical lyric and shows a growing fascination with song form and dramatic verse Cousin Coat represents the best introduction to one of the most significant English poets of the last thirty years The bard of urban Britain The Times A collection which holds numerous satisfactions for anyone with a sense of humour and a political consciousness Guardian on Ghost Train The most invigorating new book of poems I've read this year Sunday Telegraph on Downriver **The Indian and Pacific Correspondence of Sir Joseph Banks, 1768-1820, Volume 5** Neil Chambers, 2021-12-16 Following his participation in James Cook's circumnavigation in HMS Endeavour 1768-71 Joseph Banks developed an extensive global network of scientists and explorers His correspondence shows how he developed effective working links with the British Admiralty and with the generation of naval officers who sailed after Cook Volume 5 Letters 1798-1801 **Collected Poems** Sean O'Brien, 2012-11-22 This collection drawing on almost forty years of verse represents the definitive guide to one of the leading English poets working today It will allow the reader the chance to survey both the remarkable variety and the consistent quality of O'Brien's work as well as the enduring strength of his obsessions these have helped create a tone and a landscape as immediately recognizable as those of MacNeice Larkin or Eliot O'Brien's hells and heavens underworlds and urban dystopias trains and waterways have formed the imaginative theatre for his songs satires pastorals and elegies throughout the poems demonstrate O'Brien's astonishing flair for the dramatic line where he has inherited the mantle of W H Auden Also included are selections from both O'Brien's dramatic writing and his acclaimed version of the Inferno **The Drowned Book** Sean O'Brien, 2015-06-18 With an introduction by Helen Dunmore Come for a walk down the river road For though you're all a long time dead The waters part to let us pass The way we'd go on summer nights In the times we were children And thought we were lovers The Drowned Book is a work of memory commemoration and loss dominated by elegies for those the author has loved and admired Sean O'Brien's exquisite collection is powerfully affecting sad and often deeply funny but it is also a dramatically compelling book disquieting even and full of warnings As the book unfolds O'Brien's verse occupies an increasingly dark subterranean territory where the waters are rising threatening to overwhelm and ruin the world above Winner of both the T S Eliot and Forward prizes The Drowned Book is an extraordinary collection a classic from one of the leading poets of our time **Contemporary British Poetry and the City** Peter Barry, 2000 Peter Barry explores a range of poets who visit and celebrate the mean streets of the contemporary urban scene Poets discussed include Ken Smith Iain Sinclair Roy Fisher Edwin Morgan Sean O'Brien Ciaran Carson Peter Reading Matt Simpson Douglas Houston Deryn Rees Jones Denise Riley Ken Edwards Levi Tafari Aidan Hun and Robert Hampson writing on Hull Liverpool London Birmingham Belfast Glasgow and Dundee Poetry Review Stephen Phillips, Galloway Kyle, 1995 vol 1 no 2 Feb 1912 includes Prologomena by Ezra Pound **The Desperado Age**, British Literature in Transition, 1980-2000 Eileen Pollard, Berthold Schoene, 2018-12-20 The literature of twentieth century Britain's final twenty years represents a crash course in transitional history In the aftermath of the 1970s the nation's hopes of becoming more efficient were high leading

to the fundamental domestic shake up that was Margaret Thatcher's neoliberal revolution 1979-90. Following the end of the Cold War, Europe was undergoing radical rejuvenation while the world as a whole began to thrive on new levels of connectivity and proximity brought through rapid advances in communication technology. Later in the 1990s, Britons were asked to countenance not only internal devolution but also the crystallisation of a brand new European and global order. This volume shows how British literature recorded contemporaneous historical change. It traces the emergence and evolution of literary trends as well as enduring transitional shifts in genre, tone, style and thematic preoccupation. The Cambridge Companion to Twentieth-Century English Poetry Neil Corcoran, 2007-12-13. The last century was characterised by an extraordinary flowering of the art of poetry in Britain. These specially commissioned essays by some of the most highly regarded poetry critics offer a stimulating and reliable overview of English poetry of the twentieth century. The opening section on contexts will both orientate readers relatively new to the field and provide provocative syntheses for those already familiar with it. Following the terms introduced by this section, individual chapters cover many ways of looking at the modern, the modernist and the postmodern. The core of the volume is made up of extensive discussions of individual poets from W. B. Yeats and W. H. Auden to contemporary poets such as Simon Armitage and Carol Ann Duffy. In its coverage of the development, themes and contexts of modern poetry, this Companion is the most useful guide available for students, lecturers and readers.

The Poem Don Paterson, 2018-05-22. Don Paterson is not only one of our great poets but also an esteemed authority on the art of poetry. In illuminating and engaging prose he offers his treatise on the making and the philosophy of the poem. Paterson unpicks the process of verse composition with ambition, scholarly flair and occasional scurrilities, exploring the mechanics of how a poem works and essentially what a poem is. His findings take the form of three essays that make up the three sections of the book. Lyric attends to the sound of the poem. Sign envisages ideas of poetic meaning while Metre studies its underlying rhythms. Through his various professional guises as poetry editor at Picador, Macmillan, professor of poetry at the University of St Andrews and major prize-winning poet, no one is better placed to grant this insider's perspective. For all those intrigued by the inner workings of the art form and its fundamental secrets, *The Poem* will surprise and delight. **The Oxford English Literary History: Volume 12: The Last of England?** Randall Stevenson, 2005-11-10. English literature in the 1960s soon threw off its post-war weariness and the tepid influences of the previous decade. New voices, new visions and new commitments profoundly reshaped writing during the 60s and throughout the rest of the century. Drama thrived on its rapidly rebuilt foundations. New freedoms of style and form revitalised fiction. Poetry too gradually recovered the variety and inventiveness of earlier years. As well as comprehensively charting these changes in the literary field, Randall Stevenson persuasively pinpoints their origins in the historical, social and intellectual pressures of the times. Literary developments are revealingly related to the wider evolution and profound changes in English experience in the late twentieth century: to shadows of war and loss of empire, declining influences of class, shifting relations between the genders, emergent minority and

counter cultures and the broadening democratization of contemporary life in general Analyses of the rise of literary theory of publishing and the book trade and of the pervasive influences of modernism and postmodernism contribute further to an impressively thorough insightful description of writing in the later twentieth century a literary period Stevenson shows to be far more imaginative and exciting than has yet been recognised Lucid accessible and engaging this volume of the Oxford English Literary History presents a unique illumination of its age one we have lived through but are only just beginning to understand The first full account of its period it will set the agenda for discussion of late twentieth century literature for many years to come

Europa Sean O'Brien, 2018-04-19 Europa Sean O'Brien's ninth collection of poems is a timely and necessary book Europe is not a place we can choose to leave it is also a shared heritage and an age old state of being a place where our common dreams visions and nightmares recur and mutate In placing our present crises in the context of an imaginative past O'Brien shows how our futures will be determined by what we choose to understand of our own European identity as well as what we remember and forget of our shared history Europa is a magisterial grave and lyric work from one of the finest poets of the age it shows not just a Europe haunted by disaster and the threat of apocalypse but an

England where the shadows lengthen and multiply even in its most familiar and domestic corners Europa the poet reminds us shapes the fate of everyone in these islands even those of us who insist that they live elsewhere **The Beautiful**

Librarians Sean O'Brien, 2015-03-12 Each poem in Sean O'Brien's superb new collection opens on a wholly different room vista or landscape each drawn with the poet's increasingly refined sense of tone history and rhetorical assurance The Beautiful Librarians is a stock taking of sorts and a celebration of those unsung but central figures in our culture often overlooked by both capital and official account Here we find infantrymen wrestlers old lasses in the hotel bar but none more heroic than the librarians of the title those silent and silencing guardians of literature and knowledge who the poet reminds us also had lives of their own to be celebrated Elsewhere we find a 12 bar blues sung by Ovid a hymn to a grey rose a writing course from hell and a very French exercise in waiting A book of terrific variety of theme and form The Beautiful Librarians is another bravura performance from the most garlanded English poet of his generation **Insights in Functional Plant**

Ecology 2022 Boris Rewald, Jianshuang Wu, Antonio Antonello Montagnoli, 2023-10-27 The goal of this special edition Research Topic is to shed light on the progress made in the past decade in the Functional Plant Ecology field and on its future challenges to provide a thorough overview of the field This article collection will inspire inform and provide direction and guidance to researchers in the field November Sean O'Brien, 2011-11-21 November is Sean O'Brien's first collection since his widely celebrated The Drowned Book the only book of poetry to have won both the Forward and T S Eliot prizes November is haunted by the missing the missed the vanished the uncounted and the uncountable lost lost sleep connections muses books the ghosts and gardens of childhood Ultimately these lead the poet to contemplate the most troubling absences O'Brien's elegies for his parents and friends form the heart of this book and are the source of its pervasive note of part Elsewhere as if a French window stood open to an English room the islands canals railway stations and undergrounds of O'Brien's landscape are swept by a strikingly Gallic air This new note lends O'Brien's recent poems a reinvigorated sense of the imaginative possible November shows O'Brien at the height of his powers with his intellect and imagination as gratifyingly restless as ever
