Hobbes Great Political Thinkers Threes Volume Set:

The Encyclopedia of British Literature, 3 Volume Set Gary Day, Jack Lynch, 2015-03-09 Provides a comprehensive overview of all aspects of the poetry drama fiction and literary and cultural criticism produced from the Restoration of the English monarchy to the onset of the French Revolution Comprises over 340 entries arranged in A Z format across three fully indexed and cross referenced volumes Written by an international team of leading and emerging scholars Features an impressive scope and range of subjects from courtship and circulating libraries to the works of Samuel Johnson and Sarah Scott Includes coverage of both canonical and lesser known authors as well as entries addressing gender sexuality and other topics that have previously been underrepresented in traditional scholarship Represents the most comprehensive resource available on this period and an indispensable guide to the rich diversity of British writing that ushered in the modern literary era 3 Volumes www.literatureencyclopedia.com

Three-Text Edition of Thomas Hobbes's Political Theory Deborah Baumgold, 2017-05-15 An exciting English language edition which for the first time presents Thomas Hobbes's masterpiece Leviathan alongside two earlier works The Elements of Law and De Cive By arranging the three texts side by side Baumgold offers readers an enhanced understanding of Hobbes's political theory and addresses an important need within Hobbes scholarship The parallel presentation highlights substantive connections between the texts and makes it easy to trace the development of Hobbes's thinking Readers can follow developments both at the micro level of specific arguments and at the macro level of the overall scope and organization of the theory The volume also includes parallel presentations of Hobbes's chapter outlines which serve as a key to the texts and are collected in a precise appendix

[The Broadview Anthology of Social and Political Thought - Volume 1: From Plato to Nietzsche](#) Andrew Bailey, Samantha Brennan, Will Kymlicka, Jacob T. Levy, Alex Sager, Clark Wolf, 2008-03-06 This comprehensive volume contains much of the important work in political and social philosophy from ancient times until the end of the nineteenth century The anthology offers both depth and breadth in its selection of material by central figures while also representing other currents of political thought Thucydides Seneca and Cicero are included along with Plato and Aristotle Al Farabi Marsilius of Padua and de Pizan take their place alongside Augustine and Aquinas Astell and Constant are presented in the company of Locke Rousseau and Wollstonecraft The editors have made every effort to include translations that are both readable and reliable Every selection has been painstakingly annotated and each figure is given a substantial introduction highlighting his or her major contribution within the tradition In order to ensure the highest standards of accuracy and accessibility the editors have consulted dozens of leading academics during the course of the anthology's development a number of whom have contributed introductory material as well as advice The result is an anthology with unparalleled pedagogical benefits and one that truly breaks new ground

The Encyclopedia of English Renaissance Literature, 3 Volume Set Garrett A. Sullivan, Jr., Alan Stewart, Rebecca

Lemon, Nicholas McDowell, Jennifer Richards, 2012-01-30 Featuring entries composed by leading international scholars The

Encyclopedia of English Renaissance Literature presents comprehensive coverage of all aspects of English literature produced from the early 16th to the mid 17th centuries Comprises over 400 entries ranging from 1000 to 5000 words written by leading international scholars Arranged in A Z format across three fully indexed and cross referenced volumes Provides coverage of canonical authors and their works as well as a variety of previously under considered areas including women writers broadside ballads commonplace books and other popular literary forms Biographical material on authors is presented in the context of cutting edge critical discussion of literary works Represents the most comprehensive resource available for those working in English Renaissance literary studies Also available online as part of the Wiley Blackwell Encyclopedia of Literature providing 24 7 access and powerful searching browsing and cross referencing capabilities

England's Israel and the Foundations of Modern Political Thought Meirav Jones, 2025-07-08 The foundations of modern political thought presumed secular were laid in conversation with theologically motivated politics and in negotiation with Jewish ideas Mid seventeenth century England was a hotbed in which crucial ideas of modern politics were conceived Thomas Hobbes presented his social contract John Selden wrote major treatises which were foundational for modern natural and international law and England participated in the wave of republicanism that swept over Europe This was also the period of the English Civil War which has been portrayed as a war of religion and a revolution of saints and was characterized by religious ends and motivations guiding politics and politicians In England's Israel and the Foundations of Modern Political Thought Meirav Jones proposes that the foundational political theory conceived in this period was significantly related to the theological politics of the time Through an examination of the language and imagery shared by theorists and saints Jones finds that in the twenty year period between 1640 and 1660 when Hobbes Selden and their contemporaries published over 40 percent of all texts published in England contained one or more of the terms Hebrew Israel Jerusalem Zion or Jew Further all known works of political theory from the period employed these terms While preachers in English parliament addressed and understood England as Israel foundational theorists of the modern state employed ancient Israel as a political model and explicitly preferred Hebrew over Greek wisdom Modern politics did not develop solely from within a conversation among elites neither was it conceived as a Godless enterprise even by its most renowned secular architects Instead as the book demonstrates it spoke the language of religiously motivated politics and was conceived in its terms Ultimately Jones argues that it was through a sweeping revival of Hebrew in early modern Europe that the foundations of modern politics were laid in conversation with theological politics and in negotiation with Jewish ideas and ideas of the Jews

Essays: Scientific, Political, & Speculative (Vol. 1-3) Herbert Spencer, 2020-10-27 This 3 volume book features a comprehensive collection of most significant scientific political and speculative essays by Herbert Spencer The first volume is made up of essays in which the idea of evolution general or special is dominant In the second volume essays dealing with philosophical questions with abstract and concrete science and with aesthetics are brought together but though all of them are tacitly evolutionary their

evolutionism is an incidental rather than a necessary trait The ethical political and social essays composing the third volume though mostly written from the evolution point of view have for their more immediate purposes the enunciation of doctrines which are directly practical in their bearings _x000D_ Volume 1 _x000D_ The Development Hypothesis _x000D_ Progress Its Law and Cause _x000D_ Transcendental Physiology _x000D_ The Nebular Hypothesis _x000D_ Illogical Geology _x000D_ Bain on the Emotions and the Will _x000D_ The Social Organism _x000D_ The Origin of Animal Worship _x000D_ Morals and Moral Sentiments _x000D_ The Comparative Psychology of Man _x000D_ Mr Martineau on Evolution _x000D_ The Factors of Organic Evolution _x000D_ Volume 2 _x000D_ The Genesis of Science _x000D_ The Classification of the Sciences _x000D_ Reasons for Dissenting From the Philosophy of M Comte _x000D_ On Laws in General and the Order of Their Discovery _x000D_ The Valuation of Evidence _x000D_ What is Electricity _x000D_ Mill versus Hamilton The Test of Truth _x000D_ Replies to Criticisms _x000D_ Prof Green s Explanations _x000D_ The Philosophy of Style _x000D_ Use and Beauty _x000D_ The Sources of Architectural Types _x000D_ Gracefulness _x000D_ Personal Beauty _x000D_ The Origin and Function of Music _x000D_ The Physiology of Laughter _x000D_ Volume 3 _x000D_ Manners and Fashion _x000D_ Railway Morals and Railway Policy _x000D_ The Morals of Trade _x000D_ Prison ethics _x000D_ The Ethics of Kant _x000D_ Absolute Political Ethics _x000D_ Over legislation _x000D_ Representative Government What is It Good for _x000D_ State tamperings With Money and Banks _x000D_ Parliamentary Reform the Dangers and the Safeguards _x000D_ The Collective Wisdom _x000D_ Political Fetichism _x000D_ Specialized Administration _x000D_ From Freedom to Bondage _x000D_ The Americans *Hobbes* John Dunn,Ian Harris,1997 *Trust and Happiness in the History of European Political Thought* Laszlo Kontler,Mark Somos,2017-09-25 The notions of happiness and trust as cements of the social fabric and political legitimacy have a long history in Western political thought However despite the great contemporary relevance of both subjects and burgeoning literatures in the social sciences around them historians and historians of thought have with some exceptions unduly neglected them In *Trust and Happiness in the History of European Political Thought* editors L szl Kontler and Mark Somos bring together twenty scholars from different generations and academic traditions to redress this lacuna by contextualising historically the discussion of these two notions from ancient Greece to Soviet Russia Confronting this legacy and deep reservoir of thought will serve as a tool of optimising the terms of current debates Contributors are Erica Benner Hans W Blom Niall Bond Alberto Clerici Cesare Cuttica John Dunn Ralf Peter Fuchs G bor G ng Steven Johnstone L szl Kontler Sara Lagi Adriana Luna Fabritius Adrian O Connor Eva Odzuck K lm n P cza Vladimir Ryzhkov Peter Schr der Petra Schulte Mark Somos Alexey Tikhomirov Bee Yun and Hannes Ziegler **Social Contract Theory in American Jurisprudence** Thomas R. Pope,2013-06-07 Despite decades of attempts and the best intentions of its members the United States Supreme Court has failed to develop a coherent jurisprudence regarding the state s proper relationship to the individual Without some objective standard upon which to ground jurisprudence decisions have moved along a spectrum between freedom and authority and back again affecting issues

as diverse as individual contractual liberties and the right to privacy Social Contract Theory in American Jurisprudence seeks to reintroduce the lessons of modern political philosophy to offer a solution for this variable application of legal principle and to lay the groundwork for a jurisprudence consistent in both theory and practice Thomas R Pope s argument examines two exemplary court cases *Lochner v New York* and *West Coast Hotel v Parrish* and demonstrates how the results of these cases failed to achieve the necessary balance of liberty and the public good because they considered the matter in terms of a dichotomy Pope explores our constitution s roots in social contract theory looking particularly to the ideas of Thomas Hobbes for a jurisprudence that is consistent with the language and tradition of the Constitution and that is also more effectually viable than existing alternatives Pope concludes with an examination of recent cases before the Court grounding his observations firmly within the developments of ongoing negotiation of jurisprudence Addressing the current debate between individual liberty and government responsibility within the context of contemporary jurisprudence Pope considers the implications of a Hobbesian founding for modern policy This book will be particularly relevant to scholars of Constitutional Law the American Founding and Modern Political Theory *Thomas White and the Blackloists* Stefania Tutino,2017-03-02 This is the first book length study of the political and theological views of Thomas White alias Blacklo and his followers the Blackloists It both complements and opens up new lines of inquiry in the context of the current scholarship in two main areas On the one hand historians of early modern England are paying a tremendous amount of attention to the English Catholic Church stressing the importance of the Catholic perspective in order to get a more accurate picture of England s religious and political history This study responds to these suggestions by analyzing a group of English Catholics greatly influential in a complex period of the history of England On the other hand and more generally the volume explores the question of the intersection between politics and religion during the 1640s and 1650s in a historiographical context in which the manifold and complex link between the language of natural law and the language of theology in the history of English Republicanism is currently being taken into a greater account by a number of scholars In this context White s political theory can be used as an extremely interesting case study to show how natural law bridged the complexity of the relationship between theological and secular arguments put forward in the debate around issues such as the nature and limit of government and the relationship between subjects and governors As well as providing a detailed study of White and his views this book also provides a modern edition of the full text of his most important political treatise *The Grounds of Obedience and Government* a distinctly Catholic version of contractualism that appeared to offer succour to a militantly Protestant republican regime

Research Handbook on the History of Political Thought Cary J. Nederman,Guillaume Bogiaris,2024-06-05 This insightful Handbook reviews the key frameworks guiding political scientists and historians of political thought Comprehensive in scope it covers historical methodology traditions epochs and classic authors and texts spanning from ancient Greece until the nineteenth century Democracy and the History of Political Thought Stephen A. Block,Patrick N.

Cain, Stephen Patrick Sims, 2021-06-23 This volume provides a fresh perspective on current democratic theory and practice by recovering the rich evaluations of democracy in the history of political thought Each author addresses a single thinker's reflections on the virtues and defects of democracy and the relationship between democracy and other regimes Together these essays explore the tensions within the democratic way of life that arise from an attachment to equality liberty citizenship law and the divine Above all this work aims at recovering a more complex understanding of democracy connecting the perennial questions of political philosophy to the perplexities and crises of modern democracy Historical Dictionary of Hobbes's Philosophy Juhana Lemetti, 2012 The Historical Dictionary of Hobbes's Philosophy offers a comprehensive guide to the many facets of Hobbes's work Through its chronology introductory essay bibliography and hundreds of cross referenced dictionary entries on concepts people works and technical terms Hobbes's impact on philosophy and related fields is made accessible to the reader in this must have reference Intended as a reference to learn about particular aspects of Hobbes it also serves as a quick guide to check information and find the relevant secondary literature on Hobbes It is an excellent access point for students researchers and anyone wanting to know more about Thomas Hobbes *Chinese and Western Literary Influence in Liu Cixin's Three Body Trilogy* Will Peyton, 2021-07-30 Chinese and Western Literary Influence in Liu Cixin's Three Body Trilogy examines Liu Cixin's acclaimed trilogy a Chinese science fiction epic whose translation is exceedingly popular in the Western world Will Peyton argues that the ingenuity of Liu's writing is found in its conscious engagement with translated Western fiction rather than as one might expect in Chinese language science fiction of the past The book illustrates how contemporary Chinese fiction since the economic opening of China in the late 1980s is deeply and complexly influenced by various strains in Western literary and intellectual thought an area that scholars of Chinese literature have tended to neglect Providing a lucid and succinct close reading and textual analysis of Three Body trilogy the book also makes reference to broader ideas and themes in modern Chinese and Western intellectual history *IBSS: Political Science: 1994* British Library of Political and Economic Science at the London School of Economics, 1995-12-08 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **National Conceptualisations of the Body Politic** Andreas Musolff, 2020-11-09 This book presents the results of a large scale experiment into interpretations of the metaphor the Nation as a Body among 1 800 respondents from 30 linguistic and cultural backgrounds In this first account of an empirical study of cross cultural global metaphor interpretation of that scale Musolff confirms that the meanings of metaphors are complex culturally mediated and may differ for senders and recipients The book provides a historical and cultural map of the traditions underlying differences in how the nation as a body or the body politic is understood Musolff challenges the hypotheses of the universality of the nation as a predominantly male gendered and hierarchically organized concept and in so doing puts into question some of the key presuppositions of traditional historical

and cognitive approaches to metaphor For scholars and students of figurative language the book lays out methodological foundations for cross cultural metaphor comparison and reveals hidden meaning differences in political metaphor in English as lingua franca Time, History, and Political Thought John Robertson,2023-06-22 Between the cliché that a week is a long time in politics and the aspiration of many political philosophers to give their ideas universal timeless validity lies a gulf which the history of political thought is uniquely qualified to bridge For that history shows that no conception of politics has dispensed altogether with time and many have explicitly sought legitimacy in association with forms of history Ranging from Justinian's law codes to rival Protestant and Catholic visions of political community after the Fall from Hobbes and Spinoza to the Scottish Enlightenment and from Kant and Savigny to the legacy of German Historicism and the Algerian Revolution this volume explores multiple ways in which different conceptions of time and history have been used to understand politics since late antiquity Bringing together leading contemporary historians of political thought *Time History and Political Thought* demonstrates just how much both time and history have enriched the political imagination *Michael Oakeshott on Hobbes* Ian Tregenza,2016-08-03 Michael Oakeshott is widely recognised to be one of the most original political philosophers of the twentieth century He also developed a very influential interpretation of the ideas of the great seventeenth century philosopher Thomas Hobbes While many commentators have noted the importance of Hobbes for understanding Oakeshott's thought itself this is the first book to provide a systematic interpretation of Oakeshott's philosophy by paying close attention to all facets of Oakeshott's reading of Hobbes On the surface Oakeshott the philosophical idealist and critic of rationalism in politics would seem to have little in common with Hobbes who is often regarded as a classic materialist and rationalist philosopher This work shows however that despite appearances there are many basic affinities between the two thinkers and that Oakeshott brought to the surface aspects of Hobbes's thought that had previously been overlooked by Hobbes scholars The development of Oakeshott's own theory is shown to mirror changes in his reading of Hobbes and many of the distinctive features of Oakeshott's thought including the modal and sceptical conception of human knowledge the morality of individuality the theory of civil association and the critique of rationalism all find a fascinating focal point in his writings on Hobbes Some attention is also paid to Oakeshott's religious ideas indicating what they share with Hobbes's philosophy of religion The book situates Oakeshott's reading in relation to some other important twentieth century interpretations of Hobbes and examines its significance for broader debates in political theory and the history of ideas **The Broadview Anthology of Social and Political Thought** ,
