Hobo A Depression Odyssey:

Hobo Richard Kilroy O'Malley, 2002-12 At the height of the Great Depression the narrator loses his job in the Butte copper mines and leaves home to look for work despite the fact that there are eighteen million unemployed and his chances are slim He hoboed 10 000 miles throughout the West stealing rides in boxcars and passenger trains hitchhiking on the roads He stops at hobo jungle and Hoovervilles encounters sadistic railroad security and always capitalized the Law He digs potatoes for a quarter a day washes cars for a penny each boxes in a carnival for two dollars a fight He is picked up as a vagrant beds down in a brothel watches a hanging and winds up in the county jail on suspicion of murder Because his story is largely autobiographical every word rings true He is a Depression era pilgrim and the people he meets comprise the face of America in despair There are authentic and persuasive portraits of people trying to find their way through one of the most desperate times in history O Malley s graphic first hand account will tell you what it was really like **The Homeless**

Transient in the Great Depression Joan M. Crouse, 1986-01-01 Years before the Dust Bowl exodus raised America s conscience to the plight of its migratory citizenry an estimated one to two million homeless unemployed Americans were traversing the country searching for permanent community Often mistaken for bums tramps hoboed or migratory laborers these transients were a new breed of educated highly employable men and women uprooted from their middle and working class homes by an unprecedented economic crisis **The Homeless Transient in the Great Depression** investigates this population and the problems they faced in an America caught between a poor law past and a social welfare future The story of the transient is told from the perspective of the federal state and local governments and from the viewpoint of the social worker the community and the transient In narrowing the focus of the study from the national to the state level Joan Crouse offers a close and sensitive examination of each The choice of New York as a focal point provides an important balance to previous literature on migrancy by shifting attention from the Southwest to the Northeast and from a preoccupation with rejection on the federal level to the concerted effort of the state to deal with the non resident poor in a humane yet fiscally responsible manner *Odyssey*, 2002 **Come Sit a Spell: Recalling and Writing Memoirs** , **All Our Stories Are**

Here Brady Harrison, 2009-01-01 This wide ranging collection of essays addresses a diverse and expanded vision of Montana literature offering new readings of both canonical and overlooked texts Although a handful of Montana writers such as Richard Hugo A B Guthrie Jr D Arcy McNickle and James Welch have received considerable critical attention sizable gaps remain in the analysis of the state s ever growing and ever evolving canon The twelve essays in **All Our Stories Are Here** not only build on the exemplary foundational work of other writers but also open further interpretative and critical conversations Expanding on the critical paradigms of the past and bringing to bear some of the latest developments in literary and cultural studies the contributors engage issues such as queer ambivalence in Montana writing representations of the state in popular romances and the importance of the University of Montana s creative writing program in fostering the state s literary corpus

The contributors also explore the work of writers who have not yet received their critical due take new looks at old friends and offer some of the first explorations of recent works by well established artists All Our Stories Are Here conveys a sense of continuity in the field of Western literary criticism while at the same time challenging conventional approaches to regional literature
