The Shadow of the Empress Larry Wolff, 2023-05-02 A beguiling exploration of the last Habsburg monarchs grip on Europe's historical and cultural imagination In 1919 the last Habsburg rulers Emperor Karl and Empress Zita left Austria going into exile That same year the fairy tale opera *Die Frau ohne Schatten* The Woman Without a Shadow featuring a mythological emperor and empress premiered at the Vienna Opera Viennese poet Hugo von Hofmannsthal and German composer Richard Strauss created *Die Frau ohne Schatten* through the bitter years of World War I imagining it would triumphantly appear after the victory of the German and Habsburg empires Instead the premiere came in the aftermath of catastrophic defeat The Shadow of the Empress Fairy Tale Opera and the End of the Habsburg Monarchy explores how the changing circumstances of politics and society transformed their opera and its cultural meanings before during and after the First World War Strauss and Hofmannsthal turned emperors and empresses into fantastic fairy tale characters meanwhile following the collapse of the Habsburg monarchy after the war their real life counterparts removed from political life in Europe began to be regarded as anachronistic semi mythological figures Reflecting on the seismic cultural shifts that rocked post imperial Europe Larry Wolff follows the story of Karl and Zita after the loss of their thrones Karl died in 1922 but Zita lived through the rise of Nazism World War II and the Cold War By her death in 1989 she had herself become a fairy tale figure a totem of imperial nostalgia Wolff weaves together the story of the opera's composition and performance the end of the Habsburg monarchy and his own family's life in and exile from Central Europe providing a rich new understanding of Europe's cataclysmic twentieth century and our contemporary relationship to it

The Ariadne auf Naxos of Hugo von Hofmannsthal and Richard Strauss Donald G. Daviau, George J. Buelow, 2020-05-01 This book presents in comprehensive fashion the extraordinary development of *Ariadne auf Naxos* from its conception to the final operatic version The unique collaboration of Hofmannsthal and Strauss is examined and the classical myths that served as a basis for the libretto are investigated The detailed analysis and interpretation of both the text and the music demonstrate that this work is epochal in the history of early nineteenth century opera and commands central importance in the overall production of its authors

Richard Strauss Derrick Puffett, 1989 The contributions to this handbook bring together a full length study of *Elektra* in English The volume examines the many facets of one of Richard Strauss's most complex operas First P E Easterling surveys

the mythological background while Karen Forsyth discusses Hofmannsthal's adaptation of his sources. The second part brings the music to the fore. Derrick Puffett offers an introductory essay and synopsis. Arnold Whittall considers the tonal and dramatic structure of the composition. Tethys Carpenter explores the musical language of the work in detail with special focus given to part of the Klytaemnestra scene. The third part of the volume offers two contrasting critical essays. Carolyn Abbate provides an interpretation informed by her recent work on narrative and Robin Holloway analyses Strauss's orchestration of the opera. The book also contains a discography and an appendix of excerpts from the Strauss-Hofmannsthal correspondence.

Die Frau Ohne Schatten by Hugo Von Hofmannsthal and Richard Strauss Sherrill Hahn Pantle, 1978

Many of Strauss's and Hofmannsthal's biographers have censured the collaboration in which these two men engaged. The Hofmannsthal scholars express the belief that Strauss's sensual settings inundate the libretti while the Strauss biographers tend to blame the poet for the composer's loss of pre-eminence in the musical avant-garde. The assumption that the poet or the composer would have produced better works had he not collaborated with the other stands behind criticisms of this nature. This study avoids such prejudicial methodology by basing its conclusions upon an exhaustive analysis of one opera and by confining its discussion to the soluble question of whether or not Strauss was successful in fulfilling Hofmannsthal's desires for the libretto of that opera.

Creating Der Rosenkavalier Michael Reynolds, Mike Reynolds, 2016

A full account of the making during 1909-10 of *Der Rosenkavalier* with emphasis on its derivation from a French opéra-ballet of 1907. L'Ingenu librettin L'Ingenu librettin was seen in Paris by Count Harry Kessler and formed the basis of the opera then to be written by Hofmannsthal and Strauss. Previous scholarship has credited the narrative and characters of *Der Rosenkavalier* to much older French sources known to and studied by Hofmannsthal but this book shows clearly how every element in L'Ingenu librettin is in fact taken and transformed by Kessler and Hofmannsthal into the work that made fortunes for Hofmannsthal and Strauss but left Kessler on the sidelines. Michael Reynolds casts a major new light on Strauss's most popular operatic success highlighting in particular how it was that Hofmannsthal who had not until then had any theatrical success as an original playwright was advised and empowered by Kessler to produce a work that succeeded onstage from its very first performance and went rapidly on to conquer the stages of the world. Michael Reynolds is an established writer on opera, a translator and an online music critic, an interest that he sustained throughout thirty years in the world of international diplomacy. His previous book for Boydell About Suffolk was an anthology of writing about his adopted county.

Derrick Puffett on Music Kathryn Bailey Puffett, 2017-07-05

I listen to a piece and ask myself what has made the greatest impression on me. What has moved me the most about it? What has excited me the most? What it is I want to write about? What sets my mind working? What sets off my imagination? Derrick Puffett's description to a group of Cambridge graduate students of his approach to listening and writing about music is clearly evident in the articles reprinted in this collection. For the first time the book makes available in one place writings previously widely dispersed amongst many journals and symposia. Resonances emerge that

cross from essay to essay with the result that a larger coherent project is revealed Insistent on the need of music analysis to be accompanied by a wider historical knowledge Puffett believed strongly that the methods to be adopted on each occasion must be dictated by the music at hand His work on Bruckner Strauss Webern Zemlinsky Delius and Debussy is of enduring importance to the study of music With a prose style distinguished for its elegance and clarity Puffett's writings will enhance the understanding and enjoyment of the music that he discusses amongst students and teachers alike *Musico-Poetics in Perspective*, 2021-11-08 The volume is dedicated to the memory of the late Calvin S Brown of the University of Georgia author of the first systematically conceived survey Music and Literature A Comparison of the Arts 1948 of the branch of interart studies now generally known as Melopoetics Part One consists of six original contributions by experts from Austria Belgium France and the United States Authored by a novelist and a composer scholar respectively the first two essays Jean Libis's Inspiration musicale et composition littéraire Reflexions sur un roman schubertien and David M Hertz's The Composer's Musico Literary Experience Reflections on Song Writing focus not surprisingly on the creative process The third piece Francis Claudon's review of the pertinent research done between 1970 and 1990 complements the honoree's analogous report on the preceding decades reprinted in the present volume whereas the fourth Jean Louis Cupers's Métaphores de l'cho et de l'ombre Regards sur l'évolution des études musico littéraires surveys the plethora of metaphorical applications in music and literature of two significant natural phenomena the one acoustic and the other optical Linked to each other the two remaining papers Ulrich Weisstein's The Miracle of Interconnectedness Calvin S Brown a Critical Biography and Walter Bernhart's A Profile in Retrospect Calvin S Brown as a Musico Literary Scholar offer critical accounts of the honoree's theoretical and methodological stance as viewed in the first case from a biographical angle and in the second in the light of subsequent scholarly practice Part Two bundles eleven of Professor Brown's previously uncollected articles covering a period of nearly half a century of significant scholarly activity in the field The selection demonstrates Brown's poignant interest in transpositions d'art exemplifying the musicalization of literature in the formal and structural rather than thematic domain as culminating in his trenchant critique of music in poetry as understood somewhat naïvely by Mallarmé and his critics and to a slightly lesser extent by his translation of Josef Weinhebers variations on Friedrich Hölderlin's ode An die Parzen Just as Professor Brown's successive anatomies of melopoetic theory and practice illustrate his steadily growing sophistication and the maturing of his mind so his Bloomington lecture The Writing and Reading of Language and Music Thoughts on Some Parallels Between two Artistic Media reflects his unique ability to assemble and organize vast materials and comprehensive data in such a way as to reveal the underlying pattern **Richard Strauss-Handbuch** Walter Werbeck, 2016-08-05 Zum 150 Geburtstag von Richard Strauss Er zählt zu den bedeutendsten Komponisten vor und nach 1900 Tondichtungen wie Till Eulenspiegel aber auch Opern wie der Rosenkavalier werden heute vielerorts weiterhin gespielt Zum Jubiläumsjahr bietet das Handbuch ein differenziertes Bild des Komponisten macht mit der aktuellen Forschung bekannt und liefert zugleich dazu ein

Hofmannsthal and Symbolism Thomas A. Kovach,1985 This study attempts a revaluation of Hugo von Hofmannsthal's position in relation to twentieth century literary Modernism through an examination of the poet's complex relationship to French Symbolism The actual impact of Symbolism on his poetic technique is demonstrated more clearly than has been done previously while at the same time it is argued that there was no wholesale rejection of Symbolism during and after the Chandos crisis as is generally assumed Rather the poet's continued adherence to Symbolist aesthetics which is apparent in both the essays and the poetic works of his maturity goes hand in hand with his critique of those aspects of Symbolism associated with the larger movement of Aestheticism **German Literature and Music** Claus Reschke,Howard Pollack,1992 **Werke - Briefe - Gespräche - Übersetzungen - Vertonungen** Horst Weber,2012-06-11 Keine ausführliche Beschreibung für Werke Briefe Gespräche Übersetzungen Vertonungen verfügbar
