Holderlin Ein Roman:

Lebensläufe von Dichtern: Hölderlin, ein Roman Peter Härtling, 1994 **Hölderlin After the Catastrophe** Robert Ian Savage, 2008 In each case Holderlin is examined as the occasion for salvaging that legacy after from and in view of the catastrophe This first full length study of Holderlin s postwar reception will be of interest to students and scholars working in the fields of German literature European philosophy the politics of cultural memory and critical theory **BOOK JACKET**

Hölderlin and the Consequences Rüdiger Görner, 2021-09-08 A sign we are uninterpreted Painless we are and have almost lost the language in a foreign country Thus begins the second version of Friedrich Hölderlin s hymn dedicated to goddess of memory Mnemosyne Hölderlin and the Consequences wants to remember this poet of poets and consider what his unmatched poems have stimulated even triggered in others This scholarly essay examines the legacy of a poet who was by and large ostracized in his time a master of language who was declared a stranger by his contemporaries until he became a stranger to himself Hölderlin s multiple experience of foreignness and alienation was later counteracted by often ideologically motivated attempts to appropriate him Rüdiger Görner presents this complex context as a special case in recent literary history This book is a translation of an original German 1st edition Hölderlin und die Folgen by Rüdiger Görner published by J B Metzler imprint of Springer Verlag GmbH Germany part of Springer Nature in 2016 The translation was done with the help of artificial intelligence machine translation by the service DeepL com The author with the support of Josh Torabi has subsequently revised the text further in an endeavour to refine the work stylistically **Imagining the Age of Goethe in**

German Literature, 1970-2010 John David Pizer, 2011 This is the first book length study devoted to modern German author as character fiction set in the Age of Goethe It shows for the first time in a sustained manner the powerful hold the Goethezeit continues to exercise on the imagination of many of Germany s leading writers This inner German dialogue across the ages provides an important corrective to the dominant critical view that contemporary German language literature is composed primarily under the sign of both globalization and the influence of mass American culture **Book cover**

The Problem of Christ in the Work of Friedrich Hölderlin Mark Ogden,1991 This study sets out to challenge the usual approach to the question of Holderlin's response to Christ which focuses on no more than two or three late hymns by tracing through each major stage of Holderlin's work a series of latent Christological debates These debates in which philosophy theology and poetry converge represent Holderlin's engagement with the urgent intellectual issues of his day
