Remedies Phaya Brands, 2019-12-19. Right from creation, mankind was created in perfect health condition without any blemish, but in the course of time, due to many factors, man began to lose that perfect state to various diseases and sickness. But along with creation, also created fruits, vegetables, and different herbs and roots that can be used for the remedy or cure of such sickness and disease condition in man. But without the right knowledge and application of such knowledge on what type of fruit, vegetables, and natural materials to use, and the correct application of such, man will continue to wallow in pains and uncomfortable living with many untimely deaths resulting due to pure ignorance. This publication, therefore, is a contribution to make our life stress-free from the above scenario. It is with pure conviction and time-tested assurance that you are advised to apply these remedies and information to any relevant case as may be required. Vegetables are nature's vitamins which our body systems require on a regular basis to continue functioning at its maximum capacity. Change of diet creates a corresponding action in our body. Our life style, we live like food we eat, and the type of liquid we consumed into our body will result in how our body functions. Vegetables and fruits have abundance of enzymes. Foods we eat are of two categories: We have alkaline-based foods and acidic-based food. When we eat raw fruits and raw vegetables, they leave an alkaline normal range, while when we eat animal products, we are left with an acid residue which is dangerous to the body. The body is designed to run well in an alkaline-free environment for a healthy life. Built right inside each of us is a self-healing mechanism called the Immune System; the major problem is that we violate the natural laws and don't consume the right foods designed for a healthy life. **Nature's Cure: The Modern Guide to Healing with Herbal Remedies** Lelia Nettie
