Hollow Woman:

The Hollow Girl Reed Farrel Coleman, 2014-04-18 The final novel in one of the most critically acclaimed PI series in the annals of crime fiction Few writers working in any genre offer tales with such moral complexity dark humor and most of all heart Megan Abbott author of *Dare Me* Drunk alone and racked with guilt over the tragic death of his girlfriend Pam Moe Prager is destined for oblivion But destiny takes a detour when a shadowy figure from Moe's past reappears to beg for Moe's help in locating her missing daughter As a reluctant distracted Moe delves into the case he discovers that nothing is as it seems and no one involved is quite who or what they appear to be This is especially true of the missing daughter an early internet sensation known ironically as the Lost Girl or the Hollow Girl The case itself is hollow as Moe finds little proof that anyone is actually missing Things take a bizarre twist as Moe stumbles across a body in a trendy Manhattan apartment and the Hollow Girl suddenly re-emerges on video screens everywhere It's a wild ride through the funhouse as Moe tries to piece together a case from the half truths and lies told to him by a fool's parade of family members washed up showbiz types uncaring cops a doorman and a lovesick PI Even as the ticking clock gets louder Moe is unsure if it's all a big hoax or if someone's life is really at stake The question isn't whether or not Moe can find the Hollow Girl but whether the Hollow Girl was ever there at all

The Naked Woman Edeh Jonathan Onche, 2012-03-11 By the day relationships between society men and women is in a declined state To make matters worst in an attempt to address gender issues or problems women have withdrawn themselves to one side of the circle thinking this would help or make the platform on such society relationships better But not at all what we have here is a society that is becoming less functional because our approach to a need for gender balance is out of place Therefore in this book is an attempt to help both sexes achieve a form of balance and to check the core problem suffered mostly by women which is abuse and not a lack of empowerment or others *Drums, Women, and Goddesses* Sarit Paz, 2007 Updated version of author's thesis master's Tel Aviv University 2003

Wonder Woman Noah Berlatsky, 2017-05-31 William Marston was an unusual man a psychologist a soft porn pulp novelist more than a bit of a carny and the self-declared inventor of the lie detector He was also the creator of Wonder Woman the comic that he used to express two of his greatest passions feminism and women in bondage Comics expert Noah Berlatsky takes us on a wild ride through the Wonder Woman comics of the 1940s vividly illustrating how Marston's many quirks and contradictions along with the odd disproportionate composition created by illustrator Harry Peter produced a comic that was radically ahead of its time in terms of its bold presentation of female power and sexuality Himself a committed polyamorist Marston created a universe that was friendly to queer sexualities and lifestyles from kink to lesbianism to cross dressing Written with a deep affection for the fantastically pulpy elements of the early Wonder Woman comics from invisible jets to giant multi-lunged space kangaroos the book also reveals how the comic addressed serious even taboo issues like rape and incest Wonder Woman Bondage and Feminism in the Marston Peter Comics 1941-1948 reveals how illustrator and writer came

The Great Troll War Jasper Fforde,2021-09-09 The final instalment of the Last Dragonslayer Chronicles demonstrating that with a small band of committed followers a large tin of resolve and steely determination almost anything can be achieved Sixteen year old Jennifer Strange and her sidekick and fellow Orphan Tiger Prawns have been driven to the tip of the UnUnited Kingdoms Cornwall by the invasion of the Trolls Their one defence is a six foot wide trench full of buttons something which the Trolls find unaccountably terrifying it s their clickiness Worse than being eaten by Trolls is the prospect of the Mighty Shandar requisitioning the Quarkbeast and using him to achieve supreme power and domination an ambition that has been four hundred years in the planning and which will ultimately leave the Earth a cold cinder devoid of all life Nothing has ever looked so bleak but Jennifer assisted by a renegade vegan Troll a bunch of misfit sorcerers the Princess or is she now the ruler of the UnUnited or are they now United Kingdoms and Tiger must find a way to vanquish the most powerful wizard the world has ever seen and along the way discover the truth about her parents herself and what is in the locked glovebox of her VW Beetle *They Called Us Exceptional* Prachi Gupta,2024-08-20 In this vulnerable and courageous memoir Prachi Gupta takes the myth of the exceptional Indian American family to task The Washington Post I read it in one sitting Wow It aims right at the tender spot where racism sexism and family dynamics collide and somehow manages to be both searingly honest and deeply compassionate Celeste Ng New York Times bestselling author of Little Fires Everywhere A SHE READS BEST BOOK OF THE YEAR ONE OF THE BEST BOOKS OF THE SEASON The New York Times The Washington Post The Boston Globe Bustle How do we understand ourselves when the story about who we are supposed to be is stronger than our sense of self What do we stand to gain and lose by taking control of our narrative Family defined the cultural identity of Prachi and her brother Yush connecting them to a larger Indian American community amid white suburbia But their belonging was predicated on a powerful myth the idea that Asian Americans and Indian Americans in particular have perfected the alchemy of middle class life raising tight knit high achieving families that are immune to hardship Molding oneself to fit this image often comes at a steep but hidden cost In *They Called Us Exceptional* Gupta articulates the dissonance shame and isolation of being upheld as an American success story while privately navigating traumas the world says do not exist Gupta addresses her story to her mother braiding a deeply vulnerable personal narrative with history postcolonial theory and research on mental health to show how she slowly made sense of her reality and freed herself from the pervasive reductive myth that had once defined her But tragically the act that liberated Gupta was also the act that distanced her from those she loved most By charting her family s slow unraveling and her determination to break the cycle Gupta shows how traditional notions of success keep us disconnected from ourselves and one another and passionately argues why we must orient ourselves toward compassion over belonging My Favourite Sarah Jollien-Fardel,2025-04-22

Winner of the English PEN Translates award and the Swiss Prix Goncourt In 1970s Switzerland high up in the Valais mountains is a village where everyone knows everything and no one says anything Jeanne learns from an early age to dodge her father's abuse but her mother and sister resign themselves to his brutality One day when she is eight he attacks her viciously angered by her self assurance Convinced that the village doctor will put an end to their nightmare she is shocked by his silence From then on Jeanne's hatred of her father and her disgust at the doctor's cowardice drive her on At boarding school she experiences five years of respite but is then triggered by an unbearable replica of the violence that started it all Moving to Lausanne unable to come to terms with her past and to engage fully with life she nevertheless finds solace in the arms of lovers and in the waters of Lake Geneva while further tragedy fuels her rage My Favourite is a powerful novel about departure and return of love guilt and shame and the paralyzing effects of trauma Sarah Jollien Fardel forcefully describes the price to be paid for Jeanne's hard won emancipation as history inexorably repeats itself Woman's Record, Or, Sketches of All Distinguished Women Sarah Josepha Buell Hale, 1855 *Faulkner* Lothar Hönnighausen, 2011-01-03 That Faulkner was a liar not just in his writing but also in his life has troubled many critics They have explained his numerous false stories particularly those about military honors he actually never earned and war wounds he never sustained with psychopathological imposture theories The drawback of this approach is that it reduces and oversimplifies the complex psychological and aesthetic phenomenon of Faulkner's role playing Instead this critical study by one of the most acclaimed international Faulkner scholars takes its cue from Nietzsche's concept of truth as a mobile army of metaphors and from Ricoeur's dynamic view of metaphor and treats the wearing of masks not as an ontological issue but as a matter of discourse Hönighausen examines Faulkner's interviews and photographs for the fictions they perpetuate Such Faulknerian role playing he interprets as a mode of organizing experience and relates it to the crafting of the artist's various personae in his works Mining metaphor as well as modern theories on social role playing Hönighausen examines unexplored aspects of image creation and image reception in such major Faulkner novels as *The Sound and the Fury* *Light in August* *A Fable* and *Absalom Absalom* *The Wind from Heaven (Bell Mountain, 13)* Lee Duigon, The breath of the Lord says Obst is the wind from Heaven sowing the seeds of His word throughout the earth Soon all Obann will know the truth of his saying There are barbarians at the gates of Obann City starving in a strange land which they fear is another world and strange ships off the coast of Durmurot What could be their mission Where might they have come from The dangerous task of finding out can only be given to a boy there is no one else to do it Out of the tumult the least likely persons in Obann City find themselves called upon to form a government and restore peace and justice Can it survive And Jack has had visions but no one can interpret them In an unexplored region of Lintum Forest Ysbott the Snake seeks a country inhabited by gnomes and giants

Margaret and her bridesmaids. By the author of 'Woman's devotion'. Julia Cecilia Stretton, 1860 **The Temptation (Bell Mountain, 11)** Lee Duigon, 2019-04-12 Across the river from the great city of Obann lies a greater city but a dead one

the ruins of Old Obann destroyed in the Day of Fire a thousand years ago the seat of Obann s Empire now a place of death and desolation But do its ruins contain the secrets of the Empire and its power Can the distant past be brought to life again The usurper who has seized the city from King Ryons now seeks that power for himself The past calls to him and he hears its voice Far away beyond the mountains in the east Lord Orth the exiled First Prester prepares to bring God s Word to the nations of the Heathen but he is also needed more than ever in Obann His heart is set on his mission but Jack and Ellayne must persuade him to come home But once in Obann the usurpers will surely try to kill him **The Book of Truth a New Perspective on the Hopi Creation Story** Thomas Mills,2009-12 Thomas O Mills befriended author Frank Waters who in 1963 had written The Book of the Hopi with his Hopi informant Oswald White Bear Fredericks Their book included the Hopi Creation Story Mills listened read and began to draw his own original and provocative conclusions In his book he seeks to track actual events and history that may be buried within it and how this could relate to our future This book drawing together a variety of ideas that are usually considered separately makes stimulating reading and is good material for classroom discussions on history race Hopi culture astronomy and myth Mills s intuitive vision should spur scientists to look more closely into what we like to call myths or stories for their possible basis in historical fact And today as we worry about climate change and what it means for the future shouldn t we also be figuring out whether modern technology can prevent the earth s next rotational shake up and how we plan to survive it *Kickapoo Tales* ,1915
