Holly Would:

Holly Would Dream Karen Quinn, 2008-06-03 Holly Ross often wishes she lived in a simpler time when the clothes were glamorous the men debonair and the endings happy That said her career as a fashion historian isn't so bad With both a wedding and a big promotion coming up her own happily ever after seems assured So how in the space of one day does it all go wrong How does she end up homeless jobless penniless and fiancé less Why is she cruising the Mediterranean in hot pursuit of real estate tycoon Denis King And why for heaven's sake is she chasing down a suitcase full of stolen Audrey Hepburn gowns With the sparkling Mediterranean and the eternal city of Rome as the backdrops Holly's adventures begin to resemble one of the 1950s Hollywood gems she so adores Finally she must choose between her long held fairy tale fantasy and a new real life dream with an ending she couldn't possibly imagine

Hollywould Bryan Hodges, 2008-09-01 Cat Sullivan film extra turned Hollywood God is the antihero standing in the smoldering leftovers of Los Angeles County He is alone with a gun in his mouth telling the story of how he went from a lowly film extra to the biggest star in the world and what went wrong Terrible and beautiful Hollywould is an unbelievable and unflinching satirical scream in the face of celebrity and a media driven society

It's Just a Dog June Lynne Walter, 2025-01-27 Do you love God and the creatures he has given us This question and others about God's creatures will touch your heart and give you a better understanding of how God loves us God does help us through life by watching his creatures Read about a few of God's creatures in this book that give us comfort and unconditional love God has shown me unconditional love through these dogs cats and even a piglet These true stories took place on Good Shepherd Farm where you could feel the quietness and the presence of God I deeply thank my husband David and my children for their encouragement I pray that children and adults find God's unconditional love while reading these stories To God I give the glory June Lynne Walter

Rock and Roll Fantasy? Ronnie Phillips, 2012-11-19 We are in an era where developments in both technology and musical style have coalesced to produce the greatest period of change in the music industry since the invention of recorded sound Globalization the Internet and digital technology are now opening up possibilities for more artists to be innovative and financially successful But new music requires new ways of doing business For more artists to be better off requires new business models to replace those that dominated the 20th century Integrating insights from economics management and intellectual property law the author explores the dynamics of entrepreneurship and innovation in the music industry and offers such provocative assessments as these The Beatles might never have broken up if they had the kind of two tier contracts as band members and as solo artists that are common in the music industry today Buddy Holly would likely have avoided his tragic death in a plane crash at age 22 if his 1959 tour had been sponsored by a company like Coca Cola because today's corporatized tours are vastly better financed and organized than the haphazard efforts of the 1950s The economic value of albums by the likes of Elvis and Michael Jackson has risen
