Hollywood Italians:

Hollywood Italians Peter E. Bondanella, 2004-01-01 This book is a celebration of nearly a century of images of Italians in American motion pictures and their contribution to popular culture Hollywood Italians covers the careers of dozens of stars including Rudolph Valentino Frank Sinatra Dean Martin Al Pacino Robert De Niro John Travolta Sylvester Stallone Marisa Tomei James Gandolfini and many others In addition the book reviews the work of such Italian American directors as Francis Ford Coppola and Martin Scorsese In all Hollywood Italians discusses scores of films with a concentration on the most important including their literary and European cinematic roots The book is capped by a comprehensive examination of The Godfather and its two sequels as well as the international television phenomenon The Sopranos BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Hollywood's Italian American Filmmakers Jonathan J. Cavallero, 2011-05-01 Hollywood's Italian American Filmmakers explores the different ways in which Italian American directors from the 1920s to the present have responded to their ethnicity While some directors have used film to declare their ethnic roots and create an Italian American imagined community others have ignored or even denied their background Jonathan J Cavallero examines the films of Frank Capra Martin Scorsese Nancy Savoca Francis Ford Coppola and Quentin Tarantino with a focus on what the films reveal about each director's view on Italian American identities Whereas Capra's films highlight similarities between immigrant characters and WASP Americans Scorsese accepts his ethnic heritage but also sees it as confining Similarly many of Coppola's films provide a nostalgic treatment of Italian American identity but with little criticism of the culture's more negative aspects And while Savoca's movies reveal her artful ability to recognize how ethnic gender and class identities overlap Tarantino's films exhibit a playfully postmodern engagement with Italian American ethnicity Cavallero's exploration of the films of Capra Scorsese Savoca Coppola and Tarantino demonstrates how immigrant Italians fought prejudice how later generations positioned themselves in relation to their predecessors and how the American cinema usually seen as a cultural institution that works to assimilate has also served as a forum where assimilation was resisted **Hollywood's Italians** Salvatore John LaGumina, 2012 Avoiding the sometimes sterile and by now often futile debate concerning stereotypes Hollywood's Italians is instead an act of loving archeology digging in the past and assembling a colorful kaleidoscopic mosaic of tesserae It is a pointillist portrait of a collective community Each chapter is devoted to a theme be it Italians who made their way to Hollywood the transition from stage to screen the symbiotic interaction between television and film music on the screen food and family and peopled with dozens of mini biographies that reveal often surprising bits of information The appendix listing all Italian American Academy Award winners and nominations is invaluable as a historical document Readers will bask in the wonderful nostalgia while being simultaneously entertained and enlightened Stanislao G Pugliese Queensboro Unico Distinguished Professor of Italian and Italian American Studies Hofstra University *Italy in Hollywood* Stefania Ricci, 2019-02-07 The story told in this book which analyzes the presence

of Italians in California in the early decades of the twentieth century and the influence they exerted in various sectors from architecture to art from crafts to the burgeoning film industry began in 1915 the year Salvatore Ferragamo arrived in the United States and soon after moved to the sunny West Coast That same year the Panama Pacific International Exposition opened in San Francisco where Marcello Piacentini's Italian Citadel made waves and marked the beginning of the powerful and lasting influence of the Renaissance style on the local architectural language Against the backdrop of Italian emigration to the States the film running through the entire book and of a Hollywood on its way to becoming the world capital of the young film industry the volume tells of personalities who were already myths in their day such as Enrico Caruso Rudolph Valentino Lina Cavalieri and Tina Modotti cinematic milestones like *Cabiria* *Ben Hur* and *Romola* the star system and iconic directors the important part played by Italian musicians in the birth of jazz and the thousands of Italians who worked behind the scenes making a vital contribution to the creation of the Hollywood myth This complex story told both in words and in images paints a varied and multifaceted picture of the set on which the Shoemaker of Dreams began his thrilling creative adventure in America

identification Her research reveals how memories of migration everyday life and ethnicity are passed down through the generations altered and contested while constituting family identities The fact that not all descendants of Italian migrants moved into the U S middle class combined with their continued use of hyphenated identities points to a history of lived ethnicity and societal exclusion Moreover this book demonstrates the extent of forgetting that is required in order to construct an ethnic identity

Italian directors actors and screenwriters on American film Working across a variety of genres including neorealism comedy the Western and the art film Carolan explores how and why American directors from Woody Allen to Quentin Tarantino have adapted certain Italian trademark techniques and motifs Allen s To Rome with Love 2012 for example is an homage to the genius of Italian filmmakers and to Federico Fellini in particular whose Lo sceicco bianco The White Sheik 1952 also resonates with Allen s The Purple Rose of Cairo 1985 as well as with Neil LaBute s Nurse Betty 2000 Tarantino s Kill Bill saga 2003 2004 plays off elements of Sergio Leone s spaghetti Western C era una volta il West Once Upon a Time in the West 1968 a transatlantic conversation about the Western that continues in Tarantino s Oscar winning Django Unchained 2012 Lee Daniels s Precious 2009 and Spike Lee s Miracle at St Anna 2008 meanwhile demonstrate that the neorealism of Roberto Rossellini and Vittorio De Sica which arose from the political and economic exigencies of postwar Italy is an effective vehicle for critiquing social issues such as poverty and racism in a contemporary American context The book concludes with an examination of American remakes of popular Italian films a comparison that offers insight into the similarities and differences between the two cultures and the transformations in genre both subtle and obvious that underlie this form of cross cultural exchange
