*Hollywood Utopia* Pat Brereton, 2004-02-01 Hollywood Utopia applies a range of interdisciplinary strategies to trace the evolution of ecological representations in Hollywood film from 1950s to the present Popular science fiction westerns nature and road movies are extensively analysed while privileging ecological moments of sublime expression often dramatized in the closing moments of these films

**Hollywood Utopia** Justine Brown, 2002 We've all read about Hollywood Babylon the dark side of Tinseltown but very little about Hollywood Utopia In her new book Justine Brown recovers the artistic and idealistic origins of the world's movie capital and its playful and imaginative pioneers Hollywood Utopia examines the individual lives of the Theosophists proto New Agers the directors and actors who believed that silent movies were a Universal Language which had the potential to save mankind and the bohemian circles and Pygmalion figures that made up a community that believed it was creating a New World Brown's rich and exotic prose makes us feel like we're right there with the likes of Nazimova and Valentino Lillian Gish Mary Pickford D.W. Griffith and Sergei Eisenstein In her homage to a few of the lesser gods we come to know more about the creative forces of early Hollywood

*Culture and Media* Rayson K. Alex, S. Susan Deborah, Sachindev P.S., 2014-06-19 Indian ecocriticism has not yet adequately demonstrated the applicability of ecological deep ecological *tinai* principles to visual texts *Culture and Media Ecocritical Explorations* closes this gap at the most opportune moment Though this volume accommodates ecologically oriented interpretations from several cultures across the world it reserves the centre stage for Indian ecocriticism and ecocriticism quite appropriately The volume effectively challenges the major documents on ecocriticism and theory published by international presses which have been reluctant to give space to *tinai* criticism and theory that transcend Dravidian or Tamil boundaries The day is not far when cinema of the world shaped by *tinai* theory will employ *tinai* hermeneutics to gain fresh insight which in turn will feed into the processes of creation and production of relevant and great movies

*Regarding Life* Belinda Smaill, 2016-09-21 As indicated by the success of such films as *March of the Penguins* and *Food Inc* the documentary has become the preeminent format for rendering animals and nature onscreen In *Regarding Life* Belinda Smaill brings together examples from a broad array of moving image contexts including wildlife film and television advocacy documentary avant garde nonfiction and new media to identify a new documentary terrain in which the representation of animals in the wild and in industrial settings is becoming markedly more complex and increasingly more involved with pivotal ecological debates over species loss food production and science While attending to some of the most discussed documentaries of the last two decades including *Grizzly Man* *Food Inc* *Sweetgrass* *Our Daily Bread* and *Darwin's Nightmare* the book also draws on lesser known film examples and is one of the first to bring film studies understandings to new media such as YouTube The result is a study that melds film studies and animal studies to explore how documentary films render both humans and animals and to what political ends      Popular Iranian Cinema before the Revolution Pedram Partovi, 2017-07-14 Critics and academics have generally dismissed the commercial productions of the late Pahlavi era best known for their songs and melodramatic plots as shallow derivative entertainment Instead they have concentrated on the more recent internationally acclaimed art films claiming that these constitute Iranian national cinema despite few Iranians having seen them Film discourse and even fan talk have long attempted to marginalize the mainstream releases of the 1960s and 1970s with the moniker *filmfarsi* ironically asserting that such popular favorites were culturally inauthentic This book challenges the idea that *filmfarsi* is detached from the past and present of Iranians Far from being escapist Hollywood fare merely translated into Persian it claims that the better films of this supposed genre must be taken as both a subject of and source for modern Iranian history It argues that they have an appeal that relies on their ability to rearticulate traditional courtly and religious ideas and forms to problematize in unexpectedly complex and sophisticated ways the modernist agenda that secular nationalist elites wished to impose on their viewers Taken seriously these films raise questions about standard treatments of Iran's modern history By writing popular films into Iranian history this book advocates both a fresh approach to the study of Iranian cinema as well as a rethinking of the modernity tradition binary that has organized the historiography of the recent past It will appeal to those interested in Iranian cinema Iranian history and culture and more broadly readers dissatisfied with a dichotomous approach to modernity      *Smart Cinema, DVD Add-Ons and New Audience Pleasures* P. Brereton, 2012-05-30 Examining post 1990s Indie cinema alongside more mainstream films Brereton explores the emergence of smart independent sensibility and how films break the classic linear narratives that have defined Hollywood and its alternative art cinema The work explores how bonus features on contemporary smart films speak to new generational
