Hollywood Renaissance A Delta:

Robert Altman and the Elaboration of Hollywood Storytelling Mark Minett, 2021 Robert Altman and the Elaboration of Hollywood Storytelling reveals an Altman barely glimpsed in previous critical accounts of the filmmaker This re examination of his seminal work during the Hollywood Renaissance or New Hollywood period of the early 1970s including *M A S H* *Brewster McCloud* *McCabe Mrs Miller* *Images* *The Long Goodbye* *Thieves Like Us* *California Split* and *Nashville* sheds new light on both the films and the filmmaker reframing Altman as a complex pragmatic innovator whose work exceeds but is also grounded in the norms of classical Hollywood storytelling rather than someone who rejected those norms in favor of modernist art cinema Its findings and approach hold important implications for the study of cinematic authorship Largely avoiding thematic exegesis it employs an historical poetics approach robust functionalist frameworks archival research and formal and statistical analysis to demystify the essential features of the standard account of Altman s filmmaking history and profile lax narrative form heavy reliance on the zoom sound design replete with overlapping dialogue improvisational infidelity to the screenplay and a desire to subvert based in his time in the training grounds of industrial filmmaking and filmed television The book provides a clear example of how a filmmaker might work collaboratively and pragmatically within and across media institutions to elaborate upon their sanctioned practices and aims We misunderstand Altman s work and the creative work of Hollywood filmmakers in general when we insist on describing innovation as opposition to institutional norms and on describing those norms as simply assimilating innovation *Hollywood Film 1963-1976* Drew Casper, 2011-03-01 *Hollywood 1963 1976* chronicles the upheaval and innovation that took place in the American film industry during an era of pervasive cultural tumult Exploring the many ideologies embraced by an increasingly diverse Hollywood Casper offers a comprehensive canon covering the period s classics as well as its brilliant but overlooked masterpieces A broad overview and analysis of one of American film s most important and innovative periods Offers a new more expansive take on the accepted canon of the era Includes films expressing ideologies contrary to the misremembered leftist slant Explores and fully contextualizes the dominant genres of the 60s and 70s *Women and New Hollywood* Aaron Hunter, Martha Shearer, 2023-05-12 The 1970s has often been hailed as a great moment for American film as a generation of New Hollywood directors like Scorsese Coppola and Altman offered idiosyncratic visions of what movies could be Yet the auteurist discourse hailing these directors as the sole authors of their films has obscured the important creative roles women played in the 1970s American film industry *Women and New Hollywood* revises our understanding of this important era in American film by examining the contributions that women made not only as directors but also as screenwriters editors actors producers and critics Including essays on film history film texts and the decade s film theory and criticism this collection showcases the rich and varied cinematic products of women s creative labor as well as the considerable barriers they faced It considers both women working within and beyond the Hollywood film industry reconceptualizing New Hollywood by bringing

it into dialogue with other American cinemas of the 1970s By valuing the many forms of creative labor involved in film production this collection offers exciting alternatives to the auteurist model and new ways of appreciating the themes and aesthetics of 1970s American film Charlie Kaufman and Hollywood's Merry Band of Pranksters, Fabulists and Dreamers Derek Hill,2008-09-01 Since the late 1990s a subtle subversive element has been at work within the staid confines of the Hollywood dream factory Young filmmakers like Spike Jonze Wes Anderson Michel Gondry David O Russell Richard Linklater and Sofia Coppola rode in on the coattails of the independent film movement that blossomed in the early 1990s and have managed to wage an aesthetic campaign against cowardice of the imagination much like their artistic forebears the so called Movie Brats Coppola Scorsese De Palma Altman and Ashby among others did in the 1970s But their true pedigree can be traced back to the cinematic provocateurs of the Nouvelle Vague such as Truffaut Goddard Chabrol Rohmer and Rivette who in the late 1950s and throughout the 1960s liberated screens around the world with a series of films that challenged our assumptions of what the medium could offer and how stories could be told all of them snapping with style as much as they delivered on ideas Highly idiosyncratic yet intricately realized accessible yet willing to overthrow the constraints of formal storytelling surreal yet always grounded in human emotions this new film movement captures the angst of its characters and the times in which we live but with a wryness imagination earnestness irony and stylish wit that makes the slide into existential despair a little more amusing than it should be **How to Read a Film** James Monaco,1981 Now thoroughly revised and updated the book discusses recent breakthroughs in media technology including such exciting advances as video discs and cassettes two way television satellites cable and much more The Music of Counterculture Cinema Mathew J. Bartkowiak,Yuya Kiuchi,2015-06-14 Films produced in late 1960s and early 1970s America along with later films focusing on that period continue to frame our understanding of the counterculture era The popular and experimental music of the day is central to the counterculture narrative on film from the utopian Monterey Pop 1968 to the disenchantment of Gimme Shelter 1970 But the musical side of the movement was not monolithic and a study of contemporary film soundtracks reveals a great deal of complexity The coinciding struggles to define collective and individual identities based on race class gender and generation are well documented in the music of counterculture cinema Lee Marvin Dwayne Epstein,2013-01-01 The first full length authoritative and detailed story of the iconic actor s life to go beyond the Hollywood scandal sheet reporting of earlier books this account offers an appreciation for the man and his acting career and the classic films he starred in painting a portrait of an individual who took great risks in his acting and career Although Lee Marvin is best known for his icy tough guy roles such as his chilling titular villain in The Man Who Shot Liberty Valance or the paternal yet brutally realistic platoon leader in The Big Red One very little is known of his personal life his family background his experiences in WWII his relationship with his father family friends wives and his ongoing battles with alcoholism rage and depression occasioned by his postwar PTSD Now after years of research interviews with family members friends and colleagues and complete with rare

photographs and illustrative material Hollywood writer Dwayne Epstein provides a full understanding and appreciation of this acting titan's place in the Hollywood pantheon in spite of his very real and human struggles

How to Read a Film Fourth Edition James Monaco, 2011-05-01 Richard Gilman referred to *How to Read a Film* as simply the best single work of its kind And Janet Maslin in *The New York Times Book Review* marveled at James Monaco's ability to collect an enormous amount of useful information and assemble it in an exhilaratingly simple and systematic way Indeed since its original publication in 1977 this hugely popular book has become the definitive source on film and media Now James Monaco offers a special anniversary edition of his classic work featuring a new preface and several new sections including an Essential Library One Hundred Books About Film and Media You Should Read and One Hundred Films You Should See As in previous editions Monaco once again looks at film from many vantage points as both art and craft sensibility and science tradition and technology After examining film's close relation to other narrative media such as the novel painting photography television and even music the book discusses the elements necessary to understand how films convey meaning and more importantly how we can best discern all that a film is attempting to communicate In addition Monaco stresses the still evolving digital context of film throughout one of the new sections looks at the untrustworthy nature of digital images and sound and his chapter on multimedia brings media criticism into the twenty first century with a thorough discussion of topics like virtual reality cyberspace and the proximity of both to film With hundreds of illustrative black and white film stills and diagrams *How to Read a Film* is an indispensable addition to the library of everyone who loves the cinema and wants to understand it better

Barton Palmer, 2016-06-06 Biopics films that chronicle the lives of famous and notorious figures from our national history have long been one of Hollywood's most popular and important genres offering viewers various understandings of American national identity *Invented Lives Imagined Communities* provides the first full length examination of US biopics focusing on key releases in American cinema while treating recent developments in three fields cinema studies particularly the history of Hollywood national identity studies dealing with the American experience and scholarship devoted to modernity and postmodernity Films discussed include Houdini Patton The Great White Hope Bound for Glory Ed Wood Basquiat Pollock Sylvia Kinsey Fur Milk J Edgar and Lincoln and the book pays special attention to the crucial generic plot along which biopics traverse and showcase American lives even as they modify the various notions of the national character

The Infernal Return Rodney Farnsworth, 2001-10-30 George Lukas and other leading filmmakers acknowledge their indebtedness to mythographic scholarship on archetypes In his new study author Rodney Farnsworth identifies a pattern of filmmakers' obsessions with archetypal rituals centered on sacrifice and the family in films made between 1977 and 1983 a period of political upheaval on both sides of the Atlantic Combining a strong historical reading of the films in a sociopolitical context and utilizing Queer Theory as a framework for his arguments Farnsworth offers a close examination of key films of the period including works by Stanley Kubrick Robert Altman and Francis Ford Coppola and provides a fascinating and timely glimpse of an important political and cinematic time Marking the end of a more liberal era the late seventies and early eighties witnessed the growth of reactionary conservative movements such as the New Religious Political Right These were the years that gave birth to movies from esoteric art house pictures to blockbusters such as *Star Wars* that seemed in many cases to be adaptations of primordial mythology subverting liberal to moderate views into reactionary depictions of family life Although filmmakers had turned to these myths to shape their works Farnsworth observes the unstable volatile nature of the archetypes deconstructed their best social intentions into something rich strange and deadly This thought provoking work will be of interest to students of social history as well as film studies

Gangster Priest Robert Casillo, 2006-01-01 Widely acclaimed as America's greatest living film director Martin Scorsese is also some argue the pre eminent Italian American artist Although he has treated various subjects in over three decades his most sustained filmmaking and the core of his achievement consists of five films on Italian American subjects *Who's That Knocking at My Door* *Mean Streets* *Raging Bull* *GoodFellas* and *Casino* as well as the documentary *Italianamerican* In *Gangster Priest* Robert Casillo examines these films in the context of the society religion culture and history of Southern Italy from which the majority of Italian Americans including Scorsese derive Casillo argues that these films cannot be fully appreciated either thematically or formally without understanding the various facets of Italian American ethnicity as well as the nature of Italian American cinema and the difficulties facing assimilating third generation artists Forming a unified whole Scorsese's Italian American films offer what Casillo views as a prolonged meditation on the immigrant experience the relationship between Italian America and Southern Italy the conflicts between the ethnic generations and the formation and development of Italian American ethnicity and thus identity on American soil through the generations Raised as a Catholic and deeply imbued with Catholic values Scorsese also deals with certain forms of Southern Italian vernacular religion which

have left their imprint not only on Scorsese himself but also on the spiritually tormented characters of his Italian American films Casillo also shows how Scorsese interrogates the Southern Italian code of masculine honour in his exploration of the Italian American underworld or Mafia and through his implicitly Catholic optic discloses its thoroughgoing and longstanding opposition to Christianity Bringing a wealth of scholarship and insight into Scorsese's work Casillo's study will captivate readers interested in the director's magisterial artistry the rich social history of Southern Italy Italian American ethnicity and the sociology and history of the Mafia in both Sicily and the United States

Maverick Movies tells the improbable story of New Line Cinema a company that cut a remarkable path through the American film industry and movie culture Founded in 1967 as an art film distributor New Line made a small fortune running John Waters's Pink Flamingos at midnight screenings in the 1970s and found reliable returns with the Nightmare on Elm Street franchise in the 1980s By 2001 the company competed with the major Hollywood studios and reached global box office success with the Lord of the Rings franchise Blurring boundaries between high and low culture between independent film and Hollywood and between the margins and the mainstream New Line Cinema epitomizes Hollywood's shift in focus from the mass audience fostered by the classic studios to the multitude of niche audiences sought today
