Holocaust As Interruption:

The Holocaust as Interruption Elisabeth Schüssler Fiorenza, David Tracy, 1984 An international journal of theology a catholic journal in the widest sense rooted in Roman Catholicism yet open to other Christian traditions and the world's faiths Promotes discussion in the spirit of Vatican II Annual subscriptions available *Interruptions* J. Matthew Ashley, 1998-12-08 Johann Baptist Metz is one of the most important Roman Catholic theologians in the post Vatican II period however there is no comprehensive overview of his theological career This book fills that gap It offers careful analyses and summaries of Metz's work at the various stages of his career beginning with his work on Heidegger and his collaboration with Karl Rahner It continues with his work in the nineteen sixties when he moved off in a radically different direction to found a new political theology culminating in his seminal work *Faith in History and Society* Metz addresses themes ranging from the situation of the Church after Auschwitz the future of religious life in the Church and the relationship between religion and politics after the end of the cold war J Matthew Ashley covers all of Metz's writings along with his crucial relationships to figures like Karl Rahner Martin Heidegger Ernst Bloch Walter Benjamin and the social critics of the early Frankfurt School *Interruptions* shows that despite the dramatic turn in the nineteen sixties there is an underlying continuity in Metz's thought Ultimately however the underlying continuity in Metz's career is defined by a spirituality a spirituality that is painfully yet hopefully open to the terrible suffering that characterizes our century a spirituality founded in the Prophets in Lamentations and in the figures of Job and the Jesus of Mark's Gospel This book shows how Metz has tried to find theological concepts adequate for expressing this spirituality which he calls a Mysticism of open Eyes or of suffering unto God and to work out its political implications To this end the book has an opening chapter on the relationship between spirituality and theology and a closing chapter that shows that the most fundamental difference between Rahner and Metz is rooted in the different Christian spiritual traditions out of which the two operate *Interruptions* is essential reading for anyone interested in Spirituality and Mysticism and in their relation to political philosophy *Facing Auschwitz* Arlen Fowler, 2003 Does God really exist Why is God silent Where is God Why does God not answer our prayers These are the questions that many victims and survivors of the Holocaust asked In the decades following the Holocaust many scholars and theologians world wide have sought answers to these questions Their findings challenge the way we have understood many of our traditional beliefs Unfortunately their findings and insights have not been generally known or studied by the laity or clergy of the American churches This small volume is intended to be an introduction to some of the serious theological issues raised by the Holocaust Study groups church groups and individuals will find this book an effective tool for becoming acquainted with these important God questions The journey to face Auschwitz is not without spiritual challenges It can be an inner struggle to re-examine certain long held beliefs but it can also be a journey to spiritual enlightenment This study will start the reader on that journey If the Church is to regain its integrity and its mission of justice mercy and compassion it must face Auschwitz *Theology and the*

Problem of Evil Kenneth Surin, 2004-10-29 One of the most profound problems that theologians are called on to address is the presence of evil and suffering in the world and how this can be reconciled with the assertion of an omnipotent and morally perfect God This book begins by showing how the problem of evil has been inextricably bound up with the problematic deity created by the philosophical theism of the Enlightenment and perpetuated ever since demonstrating how contemporary theodiscists have failed to perceive the historical and cultural determinants which affect their theorizing Dr Surin argues that thinking on the problem of evil consists of two fundamental perspectives He labels these the theoretical and the practical approaches and examines the work of a number of theologians who typify each Alvin Plantinga Richard Swinburne the process theologians and John Hick exemplify the theoretical approach Dorothee Soelle Jurgen Moltmann and P T Forsyth the practical He uses the views of Dostoevsky's character Ivan Karamazov and the protagonists in Elie Wiesel's writing as a paradigm for evaluating the two approaches and concludes that only the practical approach has the merit of both rooting itself in the realities of human suffering and grounding itself in the fundamental rule of what he calls an adequate grammar of salvation namely that God justifies himself by justifying sinners on the cross Finally Dr Surin explores this grammar of the notion of an incarnate salvation with particular reference to the need for a messianic and practical solidarity with those who are afflicted This thought provoking book will serve both as an introduction to those new to the ideas of theodicy and as a stimulating essay for those dissatisfied with conventional studies of theology and the problem of evil Veritatis Splendor

Michael E. Allsopp, John J. O'Keefe, 1995 Pope John Paul II's encyclical Veritatis Splendor is an historic document the first extensive analysis of the foundations of morality by a pope It stands alongside the new catechism as a major statement about Christian morality the role of reason in the moral life and the vision of life for the disciple of Jesus **Human Rights and**

the Catholic Tradition Donald Dietrich, 2017-07-28 From the French Revolution to Vatican II the institutional Catholic Church has opposed much that modernity has offered men and women constructing their societies This book focuses on the experiences of German Catholics as they have worked to engage their faith with their culture in the midst of the two world wars the barbarism of the Nazi era and the uncertainties and conflicts of the post World War II world German Catholics have confronted and challenged their Church's anti modernism two lost wars the Weimar Republic the Nazi Third Reich the Cold War German reunification and the impulses of globalization Catholic theologians and those others nurtured by Catholicism who resisted Nazism to create their own private spaces developed a personal and existential theology that bore fruit after 1945 Such theologians as Karl Rahner Johannes Metz and Walter Kasper were rooted in their political experiences and in the renewal movement built by those who attended Vatican II These theologians were sensitive to the horrors of the Nazi brutalization the positive contributions of democracy and the need to create a Catholicism that could join the conversation on human rights following World War II This dialogue meant accepting non Catholic religious traditions as authentic expressions of faith which in turn required that the sacred dignity of every man woman and child had to be respected By the twenty first

century Catholic theologians had made furthering a human rights agenda part of their tradition and the German contribution to Catholic theology was crucial to that development. The current Catholic milieu has been forged through its defensive responses to the Enlightenment through its resistance to ideologies that have supported sanctioned murder and through an extensive dialogue with its own traditions. In focusing on the German Catholic experience, Dietrich offers a cultural approach to the study of the religious and ethical issues that ground the hum.

Uniqueness Gabriel Moran, 2008-11-01. The concept of the uniqueness of Christianity often blocks attempts at dialogue with other religions. Traditionally, the argument goes: if Christianity is unique, then to dialogue with others somehow diminishes the weight of the claim that Jesus and the Gospel are unique. But what if uniqueness properly defined actually constitutes the key for understanding both Jewish and Christian traditions? Author Gabriel Moran frames his analysis of uniqueness by discussing the implications of that question. In this fluent and conversational work, Moran examines the paradox surrounding the concept of uniqueness in Christian and Jewish religious traditions. He uncovers the layers of meaning that accrue in a word that is in some sense both illogical and yet indispensable for human religious conversation. Tracing a logic of uniqueness embodied in revelation, faith, chosenness, covenant, and mediator, Moran opens a conversation between Jews and Christians that will lead readers to greater wisdom and religious depth.

God and Humanity in Auschwitz Donald Dietrich, 2017-07-12. *God and Humanity in Auschwitz* synthesizes the findings of research developed over the last thirty years on the rise of anti-Semitism in our civilization. Donald J. Dietrich sees the Holocaust as a case study of how prejudice has been theologically enculturated. He suggests how it may be controlled by reducing aggressive energy before it becomes overwhelming. Dietrich studies the recent responses of Christian theologians to the Holocaust and the Jewish theological response to questions concerning God's covenant with Israel, which were provoked by Auschwitz. Social science has dealt with the psychosocial dynamics that have supported genocide and helps explain how ordinary persons can produce extraordinary evil. Dietrich shows how this research combined with theological analyses can help reconfigure theology itself. Such an approach may serve to help dissolve anti-Semitism to aid in constructing such positive values as respect for human dignity and to point the way to restricting future outbreaks of genocide. *God and Humanity in Auschwitz* surveys which religious factors created a climate that permitted the Holocaust. It also illuminates what social science has to tell us about developing a strategy that when institutionally implemented can channel our energies away from sanctioned murder toward a more compassionate society. The book has proven to be an essential resource for theologians, sociologists, historians, and political theorists.

New Dictionary of Theology: Historical and Systematic (Second Edition), 2016-04-21. Since its first publication in 1988, the *New Dictionary of Theology* has been widely appreciated by students and readers as a trustworthy and informative guide. After almost thirty years, however, there

are many new writers issues and themes on the agenda for theology does not stand still Hence this completely revised second edition includes over 400 new articles in the full set of over 800 Many of the original articles have been expanded and updated and almost all have additional bibliographical references Since material on biblical theology is now covered at length in IVP's New Dictionary of Biblical Theology this volume is therefore more specifically a dictionary of historical and systematic theology The New Dictionary of Theology Historical and Systematic has an international team of contributors and many are acknowledged experts in their fields The Dictionary combines excellence in scholarship with a high standard of clarity and insight into current theological issues yet it avoids being unduly technical Students teachers and ministers as well as scholars and everyone seeking a better understanding of theology will value it as an indispensable reference work The volume is enhanced by a spacious and clear design an extensive and easy to use cross reference system and bibliographies which feature the best and most readily available works in English

An Introduction to Jewish-Christian Relations

Edward Kessler, 2010-02-18 Relations between Christians and Jews over the past two thousand years have been characterised to a great extent by mutual distrust and by Christian discrimination and violence against Jews In recent decades however a new spirit of dialogue has been emerging beginning with an awakening among Christians of the Jewish origins of Christianity and encouraging scholars of both traditions to work together An Introduction to Jewish Christian Relations sheds fresh light on this ongoing interfaith encounter exploring key writings and themes in Jewish Christian history from the Jewish context of the New Testament to major events of modern times including the rise of ecumenism the horrors of the Holocaust and the creation of the state of Israel This accessible theological and historical study also touches on numerous related areas such as Jewish and interfaith studies philosophy sociology cultural studies international relations and the political sciences

Gendered Paradigms in Theologies of Survival

Mariam Youssef, 2019-11-07 Theologies of survival emerge from religious communities that must invest most if not all of their efforts into maintaining membership and preserving their religious thought and praxis which the author argues can have a strong impact on women's visibility and agency

Between Cross and Resurrection

Alan E. Lewis, 2003-06-20 For much of Christian history the church has given no place to Holy Saturday in its liturgy or worship Yet the space dividing Calvary and the Garden may be the best place from which to reflect on the meaning of Christ's death and resurrection This superb work by the late Alan Lewis develops on a grand scale and in great detail a theology of Holy Saturday The first comprehensive theology of Holy Saturday ever written Between Cross and Resurrection shows that at the center of the biblical story and the church's creed lies a three day narrative Lewis explores the meaning of Holy Saturday the restless day of burial and waiting from the perspectives of narrative hearing the story doctrine thinking the story and ethics living the story Along the way he visits as many spiritual themes as possible in order to demonstrate the range of topics that take on fresh meaning when viewed from the vantage point of Holy Saturday Between Cross and Resurrection is not only incisive and elegantly written but it is also a uniquely

moving work deeply rooted in Christian experience While writing this book Lewis experienced his own Holy Saturday in suffering from and finally succumbing to cancer He considered *Between Cross and Resurrection* to be the culmination of his life's work

Exiled God and Exiled Peoples Andrea Fröchtling, 2002 Exiled God and exiled peoples sets out to explore the perceptions of God within a number of forcibly removed communities in South Africa and Jewish survivors of the Shoah with the latter being predominantly of German origin It considers rupture in individual and communal life stories as a determining factor in the perception of and the relationship with God and follows the path paved by survivors of apartheid and the Shoah by recalling their topology their stories about place displacement and terror and the encapsulated relationship with God in their respective exiles

Beyond the Analogical Imagination Barnabas Palfrey, Andreas Telser, 2023-10-12 A tightly organised creative and up to date introduction to David Tracy's theological and cultural vision by an international cohort of experts

Enabling Dialogue about the Land Cunningham, Philip A., Langer, Ruth, Svartvik, Jesper, 2020 Provides resources for peaceful exchange of viewpoints about the Middle East Sixteen scholars of the Bible and theology offer here insightful extensively researched essays to shed light on religious and cultural priorities and promote understanding that can lead to productive dialogue

Jews, Catholics, and the Burden of History Eli Lederhendler, 2006-03-02 Volume XXI of the distinguished annual *Studies in Contemporary Jewry* marks sixty years since the end of the Second World War and forty years since the Second Vatican Council's efforts to revamp Church relations with the Jewish people and the Jewish faith Jews Catholics and the Burden of History offers a collection of new scholarship on the nature of the Jewish Catholic encounter between 1945 and 2005 with an emphasis on how this relationship has emerged from the shadow of the Holocaust

Appositions of Jacques Derrida and Emmanuel Levinas John Llewelyn, 2002 If not simple opposition or simple juxtaposition what is the relation between the writings to which Derrida and Levinas appose their signatures What would each endorse in the writings of the other What is it to sign and endorse How does one assume responsibility and how does one avoid assuming it These are some of the probing questions that the prominent Continental philosopher John Llewelyn takes up in *Appositions* which brings together and synthesises fifteen essays written during the past twenty years Drawing out the metaphor of the Greek letter chi or x Llewelyn apposes the discussions of the two philosophers applying their thought to one another In considering the work of Derrida and Levinas from the points of view of philosophy linguistics logic and theology Llewelyn invokes a diverse array of philosophers theologians and literary figures including Austin Defoe Hegel Heidegger Jankelevitch Kant Mallarmé Plato Ponge Ramsey Rosenzweig Russell Saussure and Valéry This book by a powerfully original thinker and first rate interpreter is essential reading for all those interested in the writings of Derrida and Levinas and in the ways in which their thinking intersects
