

I am poem

I am funny and smart
I wonder why people think dolphins are smarter than us
I hear sheep
I see bacon
I want free internet
I am funny and smart

I pretend that I'm a sandwich
I feel like a butterfly
I touch my shoes
I worry that I forget things when I'm coming home from a vacation
I cry when I get stabbed in the face with a knife
I am funny and smart

I understand that I can never be a real sandwich
I say that I am good at building
I dream that I could teleport
I try to get ice-cream
I hope I will one day win the lotto
I am funny and smart

Here I Am Performance Poems:

All the World on a Page Andrew Kahn, Mark Lipovetsky, 2025-04-15 The rich and ongoing development of Russian lyric poetry explored through close readings of thirty four poems by poets ranging from Alexander Blok to Maria Stepanova The Russian cultural tradition treats poetry as the supreme artistic form with Alexander Pushkin as its national hero Modern Russian lyric poets often on the right side of history but the wrong side of their country's politics have engaged intensely with subjectivity aesthetic movements ideology usually subversive and literature itself All the World on a Page gathers thirty four poems written between 1907 and 2022 presenting each poem in the original Russian and an English translation accompanied by an essay that places the poem in its cultural historical and biographical contexts The poems both canonical and lesser known works extend across a range of moods and scenes Velimir Khlebnikov's Futurist revolutionary prophecy Anna Akhmatova's lyric cycle about poetic inspiration Vladimir Nabokov's Symbolist erotic dreamworld Joseph Brodsky's pastiche of a Chekhovian play set on a country estate Maria Stepanova's pandemic allegory of political repression Galina Rymbu's energetic manifesto My Vagina An introduction explores the abiding inspiration of modernism on the Russian lyric tradition Kahn and Lipovetsky's separate chapter essays informed by extensive knowledge of the existing scholarship and critical styles of interpretation consider how the interplay of originality and tradition and form and voice work to engage the reader The poems themselves many of them in newly commissioned translations operate outside state mandated poetic styles to address the reader directly to the reader as Brodsky said in his 1987 Nobel lecture With each chapter devoted to a different poem All the World on a Page allows readers to experience the richness of Russian poetry through poems and poets rather than through movements

SELECT POEMS John M. Bennett, 2016 Poetry Visual Poetry A selection from over 40 years of Bennett's work introduced by Ivan Argüelles Where to begin writing about this baffling and certainly most avant garde of all poets living and working in the USA today Bennett's reputation is international and his interest in Mesoamerican culture has drawn him frequently to that part of the world where he is a recognized figure His experimentations over the years have encompassed multiple techniques including visual poetry and his own polyglottery moving in and out of English Spanish Portuguese French or some Mesoamerican language What may seem aleatory is in fact more intentional and grounded than is first apparent Bennett has roots in traditional literatures those of Siglo de Oro Spain and of Elizabethan England but he is capable of transducing those literatures metamorphosing them by way of the avant garde movements of the 20th century into something utterly innovative and New such as few contemporary artists have done

Postmodern Poetry and Queer Medievalisms: Time Mechanics David Hadbawnik, 2022-06-06 This volume builds on recent scholarship on contemporary poetry in relation to medieval literature focusing on postmodern poets who work with the medieval in a variety of ways Such recent projects invert or queer the usual transactional nature of engagements with older forms of literature in which readers are asked to exchange some small measure of bewilderment at archaic language or forms for a sense of having experienced a medieval text The poets under consideration in this volume demand that readers grapple with the ways in which we are still medieval in other words the ways in which the questions posed by their medieval source material still reverberate and hold relevance for today's world They do so by challenging the primacy of present over past toppling the categories of old and new and suggesting new interpretive frameworks for contemporary and medieval poetry alike

Archaic and Classical Choral Song Lucia Athanassaki, Ewen Lyall Bowie, 2011-07-27 This book addresses the many interlocking problems in understanding the modes of performance dissemination and transmission of Greek poetry of the seventh to the fifth centuries BC whose first performers were a choral group sometimes singing in a ritual context sometimes in more secular celebrations of victories in competitive games It explores the different ways such a group presented itself and was perceived by its audiences the place of tyrants of other prominent individuals and of communities in commissioning and funding choral performances and in securing the further circulation of the songs texts and music the social and political role of choral songs and the extent to which such songs continued to be performed both inside and outside the immediate family and polis community whether chorally or in archaic Greece's important cultural engine the elite male symposium with the consequence that Athenian theatre audiences could be expected to appreciate allusion to or reworking of such poetic forms in tragedy and comedy and how various types of performance contributed to transmission of written texts of the poems until they were collected and edited by Alexandrian scholars in the third and second centuries BC

Poet Kathleen McCarthy, 2019-10-15 First person poetry is a familiar genre in Latin literature Propertius Catullus and Horace deployed the first person speaker in a variety of ways that either bolster or undermine the link between this figure and the poet himself In *I the Poet* Kathleen McCarthy offers a new approach to understanding the ubiquitous use of a first person voice in Augustan age poetry taking on several of the central debates in the field of Latin literary studies including the inheritance of the Greek tradition the shift from oral performance to written collections and the status of the poetic I voice In light of her own experience as a twenty first century reader for whom Latin poetry is meaningful across a great gulf of linguistic cultural and historical distances McCarthy positions these poets as the self conscious readers of and heirs to a long tradition of Greek poetry which prompted them to explore radical forms of communication through the poetic form Informed in part by the New Lyric Studies *I the Poet* will appeal not only to scholars of Latin literature but to readers across a range of literary studies who seek to understand the Roman contexts which shaped canonical poetic genres The Bookman, 1892

Poems of Nation, Anthems of Empire Suvir Kaul, 2000 In *Poems of Nation Anthems of Empire* Suvir Kaul argues that the aggressive nationalism of James Thomson's ode *Rule Britannia* 1740 is the condition to which much English poetry of the late seventeenth and eighteenth centuries aspires Poets as varied as Marvell Waller and Dryden Defoe Addison John Dyer and Edward Young or Goldsmith Cowper Hannah More and Anna Laetitia Barbauld all wrote poems deeply engaged with the British nation in the making These poets and many others like them recognized that the nation and its values and institutions were being defined by the expansion of overseas trade naval and military control plantations and colonies Their poems both embodied and were concerned about the culture and ideology of Great Britain itself an idea of the nation that developed alongside the formation of a British Empire Poems in this period thus flaunt various images of poetic inspiration that show poetry and culture following triumphantly where mercantile and military ships sail Or sometimes more self-aggrandizingly for the poet they enact the process by which the Muses use their powers to inspire and show the way Even at their most hesitant these poems were written as interventions into public discussion their creativity is tied up with that desire to convince and persuade Finally as Kaul writes it is their encyclopedic desire to incorporate new experiences visions and values that makes these poems such fine guides to the world of poetry in the long years in which Great Britain was consolidated as an empire at home and abroad
