that the first book I ever wrote reflected my own desires Although with my new adult perspective my books needed to contain depth and wisdom in order to satisfy my cravings Incorporating witchcraft into fiction was a natural process for me as my entire childhood consisted of creating initiations and magic little did I know that I was tapping into wisdom from my past lives Writing the Lost Nowhere witchcraft series was an absolute pleasure I could see the enchanted world of Sa Neo so clearly in my mind And as I journey through it I take you with me as we gather the wisdom of the world the magic of its people along with a new understanding of life our reality and why we are here Lost Now Here the road to healing is an extension of my first book Lost Nowhere a journey of self discovery Only now the main character Lily has a new understanding of herself and the world around her But like everyone s life we are constantly challenged and evolving We are always faced with different ways to push our own boundaries to help provide us with a new understanding of ourselves and our reality The Lost Nowhere witchcraft fiction series does exactly that encourages you to question every element of your life and yourself Whilst getting lost amidst a beautiful fantasy world full of magic and miracles

Inspector Incognito and the Kansas City Kid , The Children Money Can Buy Anne Moody, 2018-01-26 The Children Money Can Buy covers decades of dramatic societal change in foster care and adoption including the pendulum swings regarding open adoption and attitudes toward birth parents the gradual acceptance of gay and lesbian adoption the proliferation of unregulated adoption facilitators in the U S ethical concerns related to international adoption and the role money inevitably plays in the foster care and adoption systems Special attention is given to the practice of baby brokering and the accompanying exorbitant finder s fees and financial incentives encouraging birth mothers to relinquish or pretend that they are planning to relinquish their babies that permeate much of U S infant adoption today The Children Money Can Buy illuminates the worlds of foster care and adoption through the personal stories Moody witnessed and experienced in her many years working in the foster care and adoption systems These compelling stories about real people and situations illustrate larger life lessons about the way our society values and fails to value parents and children They explore the root of ethical problems which are not only financially

driven but reflect society's basic belief that some children are more valuable than others. Finally, Moody makes a plea for change and gives suggestions about how the foster care and adoption systems could work together for the benefit of children and families.

Still Here (A Lily Dawn FBI Suspense Thriller—Book 4) Ava Strong, 2023-03-07

FBI BAU Special Agent Lily Dawn, half Dutch, half Hispanic, raised in the Caribbean, knows the isles like the back of her hand. When a surge in serial killers in the region prods the FBI to assemble a task force, Lily is the natural choice. But Lily is reluctant to face the demons of her past, including her missing sister, and when a serial killer leaves a trail of victims in marinas, Lily must race to enter the killer's mind and decode the riddle. Who will he claim next?
