American Literature Before 1880 Robert Lawson-Peebles,2003-11-13 American Literature Before 1880 attempts to place its subject in the broadest possible international perspective It begins with Homer looking westward and ends with Henry James crossing the Atlantic eastwards In between the book examines the projection of images of the East onto an as yet unrecognised West the cultural consequences of Viking Colombian and then English migration to America the growth and independence of the British American colonies the key writers of the new Republic and the development of the culture of the United States before and after the Civil War It is intended both as an introduction for undergraduates to the richness and variety of American Literature and as a contribution to the debate about its distinctive nature The book therefore begins with

Melville's Clarel and the Intersympathy of Creeds William Potter, 2004 *Clarel* an 18 000 line poem is one of the longest examples of the faith doubt genre that arose in Victorian times and one that has largely been neglected by Melville critics Author William Potter argues that Melville's poem *Clarel* is instead a study in comparative religion one that explores faith in the post Darwinian age It was written at a crossroads point in Western thought when science technology nationalism and imperialism were reshaping the world and in the process ushered in the modern age Potter claims the poem argues that science may have altered our perception of the world but it cannot eradicate the basic human need for faith which is timeless and which therefore encompasses far more than the concerns of Western Christianity In Melville's *Clarel* and the *Intersympathy of Creeds* Potter examines the poem within this historical context and by so doing attempts to solve some of the issues that critics have asserted the poem presents He reviews the burgeoning field of comparative religion in the eighteenth and nineteenth centuries and includes discussions of many of the theories and ideas of well known figures of the time such as Hegel Hume Muller Emerson Wh *annual bibliography of english language and literature colume XXIX 1949* , Home as Found Eric J. Sundquist, 2019-12-01 Originally published in 1979 Eric Sundquist takes four representative writers James Fenimore Cooper Henry David Thoreau Nathaniel Hawthorne and Herman Melville and considers the way in

which each grapples with the crucial issues of genealogy and authority in his works From all four a common pattern emerges the desire to revolt against the past is countered by the need to invoke or even repeat it Sundquist's approach to the texts is psychoanalytic but he does not attempt a clinical dissection of each writer rather he determines how personal crisis became material for engaging with larger questions of social and literary crisis *Melville's Use of Classical Mythology* Gerard M. Invisible Subjects Heidi Kim, 2016-03-04 *Invisible Subjects* broadens the archive of Asian American studies using advances in Asian American history and historiography to reinterpret the politics of the major figures of post World War II American literature and criticism Taking its theoretical inspiration from the work of Ralph Ellison and his focus on the invisibility of a racial minority in mainstream history Heidi Kim argues that the work of American studies and literature in this era to explain and contain the troubling Asian figure reflects both the swift amnesia that covers the Pacific theater of WWII and the importance of the Asian to immigration debates and civil rights From the Melville Revival through the myth and symbol school as well as the fiction of John Steinbeck and William Faulkner the postwar literary scene exhibits the ambiguity of Asian forms in the 1950s within the binaries of foreigner native and black white as well as the constructs of gender and the nuclear family It contrasts with the tortured redefinitions of race and nationality that appear in immigration acts and court cases particularly those about segregation and interracial marriage The Melville Revival critics discussion of a mythic and yet realistic diabolical Asian the role of a Chinese housekeeper in preserving the pioneer family in Steinbeck's *East of Eden* and the extent to which the history of the Mississippi Chinese sheds light on Faulkner's stagnant societies all work to subsume a troubling presence Detailing the archaeology and genealogy of Asian American Studies *Invisible Subjects*
