**Teaching for Christian Wisdom** Samy Estafanos, 2018-08-20 In many ways Christian education in the Presbyterian Church in Egypt was deeply influenced by public education in Egypt One of the negative consequences of such influence is the significant lack of developing and using critical thinking as a basic element of the process While multiple factors educational and theological contribute to forming it this problem manifests itself in many ways The present research deals with the lack of critical thinking as a central problematic reality of the Christian education process in the Presbyterian Church in Egypt In order to illuminate and address this problematic situation Richard Osmer's understanding of Christian education as practical theology is used to bring into dialogue American philosopher psychologist and educator John Dewey and reformer and theologian John Calvin In light of this dialogue not only the lack of critical thinking but also multiple other dimensions of the problematic situation of Christian education in the Presbyterian Church in Egypt are illuminated Lack of democracy lack of the use of experience lack of creative pedagogies lack of practical reason and lack of theology from the process are some of these dimensions Adapting Osmer's comprehensive approach to Christian education as practical theology Samy Estafanos proposes a holistic approach towards Christian education that aims at transforming education into a reconciling process

**Evangelicals Engaging in Practical Theology** Helen Morris, Helen Cameron, 2022-03-30 This book aims to introduce a distinctively evangelical voice to the discipline of practical theology Evangelicals have sometimes seen practical theology as primarily a liberal project This collection however actively engages with practical theology from an evangelical perspective both through discussion of the substantive issues and by providing examples of practical theology done by evangelicals in the classroom the church and beyond This volume brings together established and emerging voices

to debate the growing role which practical theology is playing in evangelical and Pentecostal circles Chapters begin by addressing methodological concerns before moving into areas of practice Additionally there are four short papers from students who make use of practical theology to reflect upon their own practice Issues of authority and normativity are tackled head on in a way that will inform the debate both within and beyond evangelicalism This book will therefore be of keen interest to scholars of practical evangelical and Pentecostal theology *A Fundamental Practical Theology* Don S. Browning, 1995-12-01 On congregational care religious education theological education clinical pastoral education and church consultation **A Religious Encyclopaedia: Or Dictionary of Biblical, Historical, Doctrinal, and Practical Theology** Philip Schaff, Samuel Macauley Jackson, David Schley Schaff, 1891 *Biblical Hermeneutics in the Metamodern Mood* Seán M. W. McGuire, 2024-07-23 Why do contemporary Christians seem to routinely talk past one another amid contentious theological debates In this illuminating study Sean M W McGuire argues that interpreters lack of self critical reflection on the process of interpretation and compounding cultural factors are problematizing interpretive practice Thus to work through difficult topics Christians need to develop the ability to reflect on the complexity informing how they interpret Scripture and how they see others interpreting Scripture so that they can coherently and constructively discuss their interpretations with others Grounding the study in the discipline of practical theology McGuire utilizes the cultural theory of metamodernism and the hermeneutics of Hans Georg Gadamer 1900 2002 together with a proposed revision of the Wesleyan Quadrilateral to develop a paradigm for observing and describing differences in biblical interpretive practice Using current debates regarding sexuality as an illustrative example the project reveals the complexity underlying contemporary interpretive practice showing that amid this complexity the prioritization or lack thereof of theological reflection sources prompts certain interpretive conclusions Perceiving the multivalent nature of interpretation readers will be equipped to think carefully and critically about how they come to their biblical interpretive conclusions and how those conclusions inform transformed living in Christ **Kun-mkhyen Pad-ma dKar-po's Amitayus Tradition of Vajrayana Buddhist Transformative Care** Bhikshuni Lozang Trinlae, 2017 The book opens fresh ground in Buddhist studies and practical theology by applying phenomenological research methods to empirically discern transformative aspects of contemplative experience using reports elicited directly from contemporary practitioners The work portrays the experiences of performing Kun mkyen Pad ma dKar po s 16th c ritual in a practice tradition attributed to the 12th c female Indian teacher Siddharaj i Preliminary spiritual care and contemplative factor models are presented along with a detailed theoretical process analysis of positive spiritual development as a method of spiritual care through the contemplative action of the liturgy Bhikshuni Lozang Trinlae is a fully ordained Buddhist monastic contemplative practical theologian and chaplain Founder of Mahaprajapati Vihar hermitage in Solukhumbu Nepal her scholarly work is in the areas of contemplative studies and hermeneutics of lived religion and it explores the epistemological and transformative characteristics of religious experience Series Pastoral Care

and Spiritual Healing Spiritualität interkulturell Vol 6 Subject Buddhist Studies Pastoral Care      Congregational Hermeneutics Andrew P. Rogers, 2016-05-20 Despite many churches claiming that the Bible is highly significant for their doctrine and practice questions about how we read the Bible are rarely made explicit Based on ethnographic research in English churches Congregational Hermeneutics explores this dissonance and moves beyond descriptions to propose ways of enriching hermeneutical practices in congregations Characterised as hermeneutical apprenticeship this is not just a matter of learning certain skills but of cultivating hermeneutical virtues such as faithfulness community humility confidence and courage These virtues are given substance through looking at four broad themes that emerge from the analysis of congregational hermeneutics tradition practices epistemology and mediation Concluding with what hermeneutical apprenticeship might look like in practice this book is constructively theological about what churches actually do with the Bible and will be of interest to scholars students and practitioners      *A Religious Encyclopædia* Schaff-Herzog encyclopedia, 1882      **Pentecostal and Postmodern Hermeneutics** Bradley Truman Noel, 2010-01-29 Pentecostal and Postmodern seeks to explore the relationship between Pentecostal hermeneutics and Pentecostalism's ability to connect with and evangelize North American youth As Postmodern ethos makes its presence increasingly felt in the Western world no Christian movement should be better positioned to bring the message of Christ to youth and young adults eager to experience the God of Miracles and wonders Recent trends in Pentecostal hermeneutics however may actually make the task more difficult No historical movement has thrived in the long term that has not carefully considered the vision for the forefront of youth ministry in the last several decades we must also connect Pentecostal academia with evangelism efforts among youth and young adults This work calls Pentecostal scholars to thoughtfully consider the implications of their work for future generations      **The Hermeneutical Spirit** Amos Yong, 2017-11-06 In the contemporary biblical studies climate proposals regarding the theological interpretation of Scripture are contested particularly but not only because they privilege encourage and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood Within this context confessional approaches have been emerging including some from within the nascent pentecostal theological tradition This volume builds on the author's previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post Pentecost meaning after the Day of Pentecost outpouring of the Spirit on all flesh in anticipation of the coming reign of God In that respect such a pentecostal interpretative perspective is not parochially for those within the modern day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus the messiah and therefore has ecumenical and missional purchase across space and time The Hermeneutical Spirit thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty first century global context

Hermeneutics Stanley E. Porter, Jason C. Robinson, 2011-11-16 In this concentrated intelligible and useful introductory volume Stanley Porter and Jason Robinson give a splendid overview of hermeneutical and interpretive thought Neither an all inclusive survey that moves too quickly over the surface of complex issues nor a specialized volume on a single narrow topic Porter and Robinson s Hermeneutics provides critical analysis of major movements and figures in hermeneutics and interpretive theory in the modern era from Schleiermacher and Heidegger to Thiselton and Culpepper showing especially how these interpreters and their movements have impacted biblical and theological study
