lacking in the conventional Englishman's equipment I came by them myself much as Wagner did having learnt more about music than about anything else in my youth and sown my political wild oats subsequently in the revolutionary school

Vellum Hal Duncan, 2011-08-11 It's 2017 and the End Days are coming beings that were once human gathering to fight in one last great war for control of the Vellum the vast realm of eternity on which our world is just a scratch But to a draft dodging Irish angel and a trailer trash tomboy called Phreedom it's about to become brutally clear that there's no great divine or diabolic plan at play here just a vicious battle between the hawks of Heaven and Hell with humanity stuck in the middle and where the easy rhetoric of Good and Evil Order versus Chaos just doesn't apply Here there are no heroes no darlings of destiny struggling to save the day and there are no villains no dark lords of evil out to destroy the world Or at least if there are it's not quite clear which is which Here the most ancient gods and the most modern humans are equally fates fools victims of their own hubris struggling to save their own skins their own souls but sometimes just sometimes sacrificing everything in the name of humanity Vellum is a mind blowing read that's genuinely like nothing you've ever read before The imaginary worlds that he dreams up are stunning Vellum has expanded fantasy's limits like nothing published in years SFX

The Poetical Works of the Ettrick Shepherd
James Hogg, 1840 **Songs and Ballads by the Ettrick Shepherd. With an Autobiography, and Reminiscences of His Contemporaries [sic.]** James Hogg, 1852 **No More War**, 1922 *Triumph and Trauma* Bernhard Giesen, S. N.

Eisenstadt, 2015-12-03 This book deals with triumphant and tragic heroes with victims and perpetrators as archetypes of the Western imagination A major recent change in Western societies is that memories of triumphant heroism for example the

revolutionary uprising of the people are increasingly replaced by the public remembrance of collective trauma of genocide slavery and expulsion The first part of the book deals with the heroes and victims and explores the social construction of charisma and its inevitable decay Part 2 focuses on a paradigm case of the collective trauma of perpetrators German national identity between 1945 and 2000 After a time of latency the legacy of nationalistic trauma was addressed in a public conflict between generations The conflict took center stage in vivid public debates and became a core element of Germany's official political culture Today public confessions of the guilt of the past have spread beyond the German case They are part of a new post utopian pattern of collective identity in a globalised setting
