Hidden Force In Middle Eastern Society:

Wasta Robert B. Cunningham, Yasin Sarayrah, 1993-04-20 Wasta means intercession or mediation This book explains how wasta works in the Middle East to make decisions and negotiate compromises on all levels of society *Wasta* Robert Bontine Cunningham Graham, Yasin K. Sarayrah, 1993 Arab Elites Volker Perthes, 2004 The recent deaths of four long term heads of state in the Arab world heralded important changes as political power passed from one generation to the next Shedding light on these changes Arab Elites explores the attitudes and political agendas of the new leadership emerging throughout the region A strong analytical framework informs the authors discussion of elites in Algeria Egypt Jordan Lebanon Morocco the Palestinian National Authority Saudi Arabia Syria and Tunisia The result is a portrait of the current state and likely future of politics in the Arab Middle East

Corruption and Informal Practices in the Middle East and North Africa Ina Kubbe, Aiysha Varraich, 2019-11-28 This book investigates the pervasive problem of corruption across the Middle East and North Africa Drawing on the specifics of the local context the book explores how corruption in the region is actuated through informal practices that coexist and work in parallel to formal institutions When informal practices become vehicles for corruption they can have negative ripple effects across many aspects of society but on the other hand informal practices could also have the potential to be leveraged to reinforce formal institutions to help fight corruption Drawing on a range of cases including Morocco Lebanon Turkey Jordan Tunisia or Israel the book first explores the mechanisms and dynamics of corruption and informal practices in the region before looking at the successes and failures of anti corruption initiatives The final section focuses on gender perspectives on corruption which are often overlooked in corruption literature and the role of women in the Middle East With insights drawn from a range of disciplines this book will be of interest to researchers and students across political science philosophy socio legal studies public administration and Middle Eastern studies as well as to policy makers and practitioners working in the region

Privatizing Welfare in the Middle East Anne Marie Baylouny, 2010 Examines the effects of neoliberal economic reforms on middle classes in the Middle East Based on fieldwork and interviews with members non members and policymakers this title provides fresh insights into democratization liberalization and civil society

What's Really Wrong with the Middle East Brian Whitaker, 2011-08-16 The problems in the Middle East run deeper than dictatorship Inspired by the popular uprising that overthrew Tunisia's president Arabs across the Middle East are demanding change But achieving real freedom will involve more than the removal of a few dictators Looking beyond the turmoil reported on our TV screens Guardian journalist Brian Whitaker examines the freedom deficit that affects Arabs in their daily lives their struggles against corruption discrimination and bureaucracy and the stifling authoritarianism that pervades homes schools and mosques as well as presidential palaces Drawing on a wealth of new research and wide ranging interviews Whitaker analyses the views of people living in the region and argues that in order to achieve peace prosperity and full participation in today's global economy Arabs should embrace not only political

change but far reaching social and cultural change as well *A Manual for American Servicemen in the Arab Middle East* William D. Wunderle, 2008-05-01 The Global War on Terrorism GWOT has sent U S diplomats and troops around the world In the current security environment understanding foreign cultures is crucial to defeating adversaries and working with allies Lt Col William D Wunderle explains how U S soldiers and commanders can look at military interventions from preparation to execution through the lens of cultural awareness while always minding post conflict stability operations He also suggests much needed changes to the traditional intelligence preparation of the battlefield IPB and the military decision making process MDMP Fascinating concise and timely this is a must read for military personnel the intelligence community and anyone seeking to grasp the motivations and decision making styles of people all over the globe Routledge Handbook on the Kurds Michael Gunter, 2018-08-06 With an estimated population of over 30 million the Kurds are the largest stateless nation in the world They are becoming increasingly important within regional and international geopolitics particularly since the 2003 invasion of Iraq the Arab Spring and the war in Syria This multidisciplinary Handbook provides a definitive overview of a range of themes within Kurdish studies Topics covered include Kurdish studies in the United States and Europe Early Kurdish history Kurdish culture literature and cinema Economic dimensions Religion Geography and travel Kurdish women The Kurdish situation in Turkey Iraq Syria and Iran The Kurdish diaspora With a wide range of contributions from many leading academic experts this Handbook will be a vital resource for students and scholars of Kurdish studies and Middle Eastern studies Conducting Terrorism Field Research Adam Dolnik, 2013-03-05 This book offers a detailed and practically oriented guide to the challenges of conducting terrorist fieldwork The past decade has seen an explosion of research into terrorism However field research on terrorism has traditionally been surrounded by many myths and has been called anything from necessary and crucial to dangerous unethical and impossible While there is an increasing interest among terrorism specialists in conducting such research there is no single volume providing prospective field researchers with a guideline to such work Conducting Terrorism Field Research aims to fill this gap and offers a collection of articles from experienced authors representing different risk groups disciplines methodological approaches regional specializations and other context specific aspects Each contributor provides a road map to their own research describing planning and preparation phases the formalities involved in getting into conflict zones and gaining access to sources The end product is a how to guide to field research on terrorism which will be of much value to terrorism experts and novices alike This book will be of much interest to students and researchers of terrorism studies war and conflict studies criminology IR and security studies **Regime Stability in Saudi Arabia** Stig Stenslie, 2012-08-21 This book examines the structure of political power amongst elites inside Saudi Arabia and how they might cope with the very serious challenge posed by succession Presenting a new and refreshing theoretical approach that links elite integration with regime stability the author shows that the kingdom s royal elite is far more integrated than it has generally been given credit for Based on extensive field work inside

Saudi Arabia the book offers a detailed up to date survey and assessment of all the key sectors of the elites in the country The author examines how the succession process has been used in highly different circumstances including deposition assassination and death by old age and demonstrates how regime stability in Saudi Arabia rests on the royal family s ability to unite and to solve the challenge of succession He offers a strong analysis of intra ruling family mechanisms and dynamics in this notoriously private royal family and addresses the question of whether as the number of royals rapidly grows the elite is able to remain integrated Providing a rare insight into the issues facing the royal family and ruling elite in Saudi Arabia this book will be of great interest to scholars and students of Middle Eastern politics and Saudi Arabia in particular

US Approaches to the Arab Uprisings Amentahru Wahlrab, Michael J. McNeal, 2017-12-11 From nonviolent protests in Cairo and Manama to the ousting of Libya's Gaddafi and the beginning of the Syrian Civil War the series of uprisings which swept through the Middle East and North Africa from late 2010 have been burdened with the collective hopes and expectations of the world Western supporters quickly identified these uprisings as a collective awakening a move towards democracy but the continued unrest in these regions defies many of these more optimistic contemporary predictions As the region remains unstable the US and their Western allies are faced with the challenging task of modifying their strategic foreign policy goals to suit the currently mercurial Arab World The Arab Spring and its failure exposed a new set of questions What motivates American democracy promotion Does the US really want self determination in the Middle East and North Africa Where did the expectations of the protestors fit into this narrative U S Approaches to the Arab Uprisings provides a comprehensive assessment of Western foreign policy towards the Arab World today With analysis on subjects as diverse as social media and Islamic centrism and drawing from examples throughout the MENA region the book deals with the perception of Arabs and Arab culture in the American psyche and its effect on East West relations By analyzing both Western responses to uprisings and the reactions of the protestors themselves the contributors expose theoretical and practical inconsistencies that suggest a rising tension between those that promote democracy and those who practice it *The Coming Economic Implosion of Saudi Arabia* David Cowan, 2018-04-16 The kingdom of Saudi Arabia is at a crossroads economically and faces the challenge of a weakening economy that could implode before 2030 the year set as a timetable by the kingdom in its Vision 2030 How it navigates its way out of these economic troubles demands understanding a complex of religious political and economic factors which currently makes it one of the most unpredictable states in the world and by the same token one of the most fascinating The problem of the Saudi economy cannot simply be argued economically it needs political and religious solutions as well Cowan takes a behavioural approach to analysing the Saudi economy Predicting an implosion under the weight of its own ideologically fuelled economy if it does not reset its agenda this interdisciplinary book provides important insights into Saudi Arabia's position in the Islamic world and global economy Academic Women in the Arab Region Valentina Fedele, Loretta Dell'Aguzzo, Giuseppe Lubrano Lavadera, 2025-07-30 This book offers the first systematic study of gender equality in academia in the South Mediterranean region with a unique focus on the intersection of gender and class Drawing on rich qualitative data from in depth interviews with female academics in the region this analysis moves beyond traditional bibliometric approaches to explore the deeper structural factors behind women's

underrepresentation in senior academic roles By combining survey web scraped and interview data the book examines the challenges women face throughout their careers and investigates whether female academics share the same socio economic backgrounds as women in the wider society or if they come from more privileged groups In particular this book considers whether those who succeed in academia possess higher levels of family capital This analysis sheds light on the complex dynamics shaping women s academic trajectories in the region It will be of interest to students and scholars in gender studies intersectional economics education and Middle Eastern and North African MENA studies

Cases in Critical Cross-Cultural Management Jasmin Mahadevan, Henriett Primecz, Laurence Romani, 2019-11-07 This book is a collection of 16 empirical cases in critical Cross Cultural Management CCM All cases approach culture in CCM beyond national cultures and all examine power as an integrative part of any cross cultural situation The cases also consider diversity in the sense of culturally or historically learned categorizations of difference such as gender race ethnicity religion and class and acknowledge how diversity categories might differ across cultures Furthermore each case suggests a specific method or concept for improving upon the situation Out of this approach novel insights emerge we can see how culture power and diversity categories are inseparable and we can understand how exactly this is the case The uses and benefits of this book are thus both conceptual and methodological they emerge at the intersections of Critical CCM and diversity studies All cases also discuss implications for practitioners and are suitable for teaching Mainstream CCM often limits itself to comparative models or cultural dimensions This approach is widely critiqued for its simplicity but is equally used for the exact same reason Often academics teach this approach whilst cautioning students against implementing it and this might be simply due to a lack of alternatives Through means of rich empirical cases this book offers such an alternative Considering the intersections of culture diversity and power enables students researchers and practitioners alike to see more or different things in the situation and then come up with novel approaches and solutions that do justice to the realities of culture and diversity in today s and the future s management and organizations The chapters of this book thus offer concepts and methods to approach cross cultural situations the conceptual gain lies in bringing together CCM and critical diversity studies in an easily accessible manner As a methodological contribution the cases in this book offer the concise tools and methods for implementing an intersectional approach to culture

Norms, Gender and Corruption Kubbe, Ina, Merkle, Ortrun, 2022-10-14 Building upon the body of existing literature that has established the importance of norms in understanding why genders interact with social phenomena differently and how gender plays a role in most aspects of corruption this cutting edge book expands the fields to explore the nexus between norms gender and corruption

Handbook of Biblical Social Values, Third Edition John J. Pilch, Bruce Malina, 2016-11-04 Values are culturally specific This handbook explains select biblical social values in their Mediterranean cultural contexts Some examples of values are altruism freedom family centeredness obedience parenting and power Though the English words for the values described

here would be familiar to readers e g altruism the meanings of such words differ between cultures In the Mediterranean world for instance altruism is a duty incumbent upon anyone who has surplus It is interpersonal and group specific In the West especially in the United States altruism is impersonal and universally oriented generosity that operates in a highly organized context This handbook not only presents the Mediterranean meanings of these value words but also contrasts those meanings with Western ones
