Power Play Cynthia Lambert,2017-11-09 Who do you think you are coming in here No one wants you here These words were screamed by Dave Tiger Williams as he stood inches from cub reporter Cynthia Lambert It was one of the first things said by a professional athlete to the twenty two year old college student as she entered the Detroit Red Wings locker room at Joe Louis Arena after the team suffered a tough loss Shaken by the verbal assault Cynthia had to make a decision on the spot and in front of the watchful eyes of other players and media members Did she have it in her to weather the prejudicial storms that likely lay ahead or should she turn tail and run She didn t run Instead she stood her ground and blazed an enviable career path after landing the job of a lifetime covering the NHL s Detroit Red Wings as the beat writer for The Detroit News This is the autobiographical story of Cynthia Lambert s fourteen year career in the locker room in the press box and all points in between calling out pitfalls and her all too numerous embarrassing pratfalls Cynthia s self deprecating style engages you from the first page as you learn about the business of sports reporting and about the world class athletes she covered Get ready to feel what it is like to work inside a locker room from this woman s perspective

Playing through Pain Daniel Sailofsky,2025-05-01 For many fans and casual observers professional sports and violence are deeply connected Violence on the field has real consequences for players notably in the form of life altering injuries from concussions Off the field in the last several decades scores of athletes have committed violent acts from domestic abuse and sexual assault to animal abuse and murder Beyond athletes sport also serves as a site of political and structural violence from the displacement and hyperpolicing of everyday people for mega events to the sportswashing of environmentally harmful industries Daniel Sailofsky examines the endemic violence in professional sports and argues that while related to masculinity misogyny and individual factors like alcohol consumption and gambling it is most intimately tied to capitalism and to capitalist modes of consumption and profit Sailofsky explains how capitalism creates the conditions for violence to thrive and uncovers how sports leaders coaches league officials and team owners obfuscate these relationships to avoid accountability From minor league baseball exploitation to spectator hooliganism Sailofsky shows the connections between the business of sports and violence but also more importantly he imagines new forms of sport that are not places of

harm **Violence and Aggression in Sporting Contests** R. Todd Jewell, 2011-09-08 Sporting contests have provided mass entertainment throughout history and today generate revenues of approximately 200 billion annually in the US alone. Like in the entertainment industry, the modern sports industry's revenues are based on the entertainment value of output and more entertaining sporting contests imply greater game day attendance, television revenues, and sales of merchandise. Research by economists has attempted to understand and explain behavior as it relates to sporting contests, showing that standard microeconomic theory used to explain consumer and producer behavior can also be applied to the behavior of fans, team owners, league executives, and players. One commonality among many ancient and modern sports is the existence of violence and aggression in contests. Compare, for example, a modern NASCAR race with a Roman chariot race. Only the technology has changed. From the perspective of an economist, violence in sporting contests is an outcome of the forces of supply and demand, and the phenomenon exists because fans respond to it. Spectator preferences for violence bid up the monetary return to this behavior, and the rational response is a more violent or aggressive output. The optimum level of violent or aggressive play in sporting contests is an empirical issue, and this book contains chapters on violence and aggression in sports, concentrating on the reasons for the existence and persistence of such behavior. Following a chapter devoted to the history of violence and aggression in sports, subsequent chapters are designed to cover the breadth of international professional sports, including American football, soccer, ice hockey, basketball, baseball, auto racing, and fighting sports. Each chapter will contain econometric analysis of violence and aggressive play in a given sport. The individual chapters will examine whether or not a given sports league or governing body should intervene to reduce violence, and where intervention is warranted, the extent of appropriate interventions is evaluated. In addition to academics and students concerned with the economics and history of sport, the book's emphasis on policies at the league and governing body levels means this book will also be of interest to representatives of those institutions.

Skate or Die Steven Violetta, 2022-05-31 *Skate or Die* is *Slap Shot* on Steroids. I know it will be enjoyed by many. Dave Hanson, ten years as a pro hockey player and star of the movie *Slap Shot*. Hockey fans will love the assortment of players on this team. Author Steve Violetta has been around hockey his entire life, so he's seen these types of players for years, adding to the realism. Fighting The Code: so many hockey terms and situations are weaved into this story. I love the way the sport is written about. Very detailed, and no situation was unbelievable. Russ Cohen of NHL Network Radio: A minor league hockey team with a checkered past of success has reached a crossroads with their landlord, the Charlestowne City Government. The city owns and operates the old, failing but still somewhat charming hockey arena, City Hall, and their partners have determined they can make much more money with concerts and other flat shows than they can with a losing minor league hockey team taking up many of the prime Friday and Saturday nights. There was simply too much cash to be had. City Hall and their political and mafia enablers got greedy. They wanted all the money. This story chronicles the thirty-eighth and last voyage of the Icemen. It's told by the team's veteran player/assistant coach. He delves into the

personalities quirks and general debauchery of players coaches management ownership as well as their eccentric fans Heading into that final season the Icemen are not expected to accomplish much But through player roster shuffles by the general manager bonding with some longtime fans and digging deep into a reservoir of personal and professional pride the Icemen cobble together an unlikely unexpected and unapologetic final season This is the unvarnished journal of the Icemen s last voyage There is hockey action Along with all the cussing fussing fighting biting depravity and epic trash talk of a minor league hockey team that has nothing to lose You have a front row seat in the Icemen locker room But please leave your political correctness at the door before entering The Longest Poem In Canada (Made In China): Book One: Spring, Again
