Shadow War Louis Brodsky, 2013-07-16 Starting on April 22 2002 and concluding on June 16 2002 Louis Daniel Brodsky's *Shadow War* Volume Four traces the primary sources of terrorism that erupted in America on September 11 Israel India Pakistan and Afghanistan These poems describe in bold detail the desperation of Palestinians and Israelis trying to survive what appears to be an intractable knot of hatred and retaliation Suicide bombers demonstrating the depths of radical depravity are at the center of many of these pieces as is the Israeli military frustrated by its inability to deter them The specter of nuclear war looms as well in vivid poetic accounts of the political and religious tensions assailing India and Pakistan throughout their struggle to resolve the fate of Kashmir Brodsky also examines the fledgling government of Afghanistan as Hamid Karzai strives with the help of the United States to keep civil war from regaining control of his country

Flop Musicals of the Twenty-First Century Stephen Purdy, 2020-05-17 *Flop Musicals of the Twenty First Century* offers a provocative and revealing historical narrative of a group of musicals that cost millions and that had spectacular potential but bombed anyway Unlike similar books on the topic which have taken a more truncated approach to telling the fascinating stories of these shows Stephen Purdy chooses instead to examine at length the production histories of these shows which are all bound together by a common thread In this volume Purdy focuses the lens on several seemingly infallible theatre creatives that weren't destined to repeat their successes with the shows discussed in this volume As such Purdy grounds the discussion by examining what the legendary creators of *Les Misérables* pop superstar Elton John wunderkind Julie Taymor and many others have in common besides being inspired storytellers of iconic Broadway musicals The answer is that that also all created shows that for one reason or a dozen didn't find an audience This particular volume shares the story of what can happen when formidable creative teams of sell out musicals attempt to re create their success but miss the mark This is an engaging book for students practitioners and fans of musical theatre that contains thoughtful observations about luck and creative differences botched adaptations and alienated audiences all of which can determine the fate of a musical
