Hofische Strophenkunst:

Höfische Strophenkunst Silvia Ranawake, 1976 **A Handbook of the Troubadours** F. R. P. Akehurst, Judith M. Davis, Judith Mary Davis, 1995-11-17 The Handbook provides an extensive apprenticeship tour into medieval Occitan studies illustrating richly their challenges and rewards A wonderful resource for the novice as well as the specialist a vast mine of up to date information Michel Andr Bossy editor of Medieval Debate Poetry This work will certainly be a must for every scholar working on the troubadours and perhaps also for non specialist medievalists Its attention to the nitty gritty of scholarship manuscripts editing language rhetoric etc is what makes it so unique and helpful It will be on the top of my bibliography when I teach the troubadours Stephen G Nichols author of Romanesque Signs **The Medieval Lyric** Peter Dronke, 1996 He shows the men and women who sang and played in medieval Europe as the heirs of both a Roman and a Germanic lyric tradition united but differentiated from country to country he introduces the scholars and musicians from the Byzantine world and the Paris schools the German courts and Italian city states and he brilliantly presents their work both sacred and profane *The Poems of the Troubadour Bertran de Born* William D. Paden, Tilde Sankovitch, 2023-11-15 **Encyclopedia of German Literature** Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings Courtly Literature International Courtly Literature Society. Congress, 1990-01-01 The International Courtly Literature Society aims to promote the study of courtly literature primarily but not exclusively of medieval Europe The 45 articles selected here from the papers presented at the 5th Congress center around three themes rhetoric and courtly literature the audience of courtly literature and courtly literature in a comparative perspective There are contributions by specialists in Old French Literature on such diverse topics as Adenet le Roi Rene d Anjou Le Bel Inconnu and 15th century prose chronicles by Provençalists on the eternal topic of courtly love by Anglicists on Chaucer Henryson Malory and others by Germanists on Heinrich von Morungen der Schwanritter and Walther von der Vogelweide by Hispanists on La Celestina and the Historia Troiana there are also articles on Italian Dutch and Scandinavian literature and two relating to Persian and Arabic courtly texts Patterns in Play Graeme MacDonald Boone, 1999-01-01 The relationship between text and music is a central issue in fifteenth century music studies Decades of research and performance have failed to provide clear answers to the most basic questions such as which notes go with which syllables and why Patterns in Play focuses on

the early French songs of Guillaume Dufay and proposes a basis for determining some rules of common procedure for interpreting both underlay and style Graeme M Boone examines questions of rhythm and declamation considering mensuration linguistic and poetic prosody and prosody in song The first three chapters comprise a set of discussions preliminary to close rhythmic analysis of Dufay s texted song melodies Beginning with mensural rhythm and proceeding to poetics and the relationship between Dufay s poetic and musical rhythms and musical declamation Boone examines the musical features of rhythm melody tonal organization counterpoint text setting and text expression Offering fresh insight into the issues he raises Boone clarifies the relationship between underlay and style and provides a better understanding of the technical and aesthetic issues that Dufay and other composers faced in weaving their patterns of song

Courtly Culture Joachim Bumke,1991-01-01 Every aspect of courtly culture comes to life in Joachim Bumke s extraordinarily rich and well documented presentation A renowned medievalist with an encyclopedic knowledge of original sources and a passion for history Bumke overlooks no detail from the material realities of aristocratic society the castles and clothing weapons and transportation food drink and table etiquette to the behavior prescribed and practiced at tournaments knightly ceremonies and great princely feasts The courtly knight and courtly lady and the transforming idea of courtly love are seen through the literature that celebrated them and we learn how literacy among an aristocratic laity spread from France through Germany and became the basis of a cultural revolution At the same time Bumke clearly challenges those who have comfortably confused the ideals of courtly culture with their expression in courtly society

Simile and Other Figures of Comparison in the Poetry of Giacomo Da Lentini (fl. 1230-50) Viena Louise Katainen,1987

Diz vliegende bîspel Marian E. Polhill,Alexander Sager,2020-07-13 The volume explores the theme of ambiguity in medieval and early modern literature in essays honoring the life and work of Arthur Groos Avalon Foundation Professor in the Humanities at Cornell University USA emeritus The famous expression diz vliegende bîspel from Wolfram von Eschenbach s Parzival is its watchword In the poem the black and white plumage of the magpie represents the characteristic complexity ambiguity and ambivalence of the romance Removed from its historical context the expression is also a figure of Arthur Groos s wide ranging intellectual flight In addition to his work on medieval German verse narrative he has made important contributions to courtly love poetry medieval and early modern scientific literature early modern German literature in general and especially to opera

Stolen Song Eliza Zingesser,2020-03-15 Stolen Song documents the act of cultural appropriation that created a founding moment for French literary history the rescripting and domestication of troubadour song a prestige corpus in the European sphere as French This book also documents the simultaneous creation of an alternative point of

origin for French literary history a body of faux archaic Occitanizing songs Most scholars would find the claim that troubadour poetry is the origin of French literature uncomplicated and uncontroversial However *Stolen Song* shows that the Frenchness of this tradition was invented constructed and confected by francophone medieval poets and compilers keen to devise their own literary history *Stolen Song* makes a major contribution to medieval studies both by exposing this act of cultural appropriation as the origin of the French canon and by elaborating a new approach to questions of political and cultural identity Eliza Zingesser shows that these questions usually addressed on the level of narrative and theme can also be fruitfully approached through formal linguistic and manuscript oriented tools
