Hola Y Adios:

Arcadia, 2007-08 **Hablar en español** Alfredo I. Alvarez Menéndez, 2005 Todo conocimiento idiomático implica tres capacidades la expresión oral hablar la comprensión lectora leer y la expresión escrita escribir Este libro se ocupa de una de esas tres capacidades la expresión oral con sus variantes sus normas de cortesía y pretende conciliar la doble perspectiva de informar y servir de guía práctica sobre uno de los planos en que cobra vida el saber lingüístico el habla *Mexico on Main Street* Colin Gunckel, 2015-04-01 In the early decades of the twentieth century Main Street was the heart of Los Angeles's Mexican immigrant community It was also the hub for an extensive largely forgotten film culture that thrived in L A during the early days of Hollywood Drawing from rare archives including the city's Spanish language newspapers Colin Gunckel vividly demonstrates how this immigrant community pioneered a practice of transnational media convergence consuming films from Hollywood and Mexico while also producing fan publications fiction criticism music and live theatrical events *Mexico on Main Street* locates this film culture at the center of a series of key debates concerning national identity ethnicity class and the role of Mexicans within Hollywood before World War II As Gunckel shows the immigrant community's cultural elite tried to rally the working class population toward the cause of Mexican nationalism while Hollywood sought to position them as part of a lucrative transnational Latin American market Yet ironically both Hollywood studios and Mexican American cultural elites used the media to present negative depictions of working class Mexicans portraying their behaviors as a threat to middle class respectability Rather than simply depicting working class immigrants as pawns of these power players however Gunckel reveals their active participation in the era's film culture Gunckel's innovative approach combines media studies urban history and ethnic studies to reconstruct a distinctive richly layered immigrant film culture *Mexico on Main Street* demonstrates how a site specific study of cultural and ethnic issues challenges our existing conceptions of U S film history Mexican cinema and the history of Los Angeles *Adios a Derrida* Ana María Martínez de la Escalera, 2005 **!Ole!**
