## **Holderlins Schwaben:**

**Stauffenberg** Peter Hoffmann, 1997-08-28 This book examines the extraordinary personality of Claus Count Stauffenberg a key figure in the 1944 coup attempt against Hitler Stauffenberg s personality is thrown into relief by a study of his two brothers and other family members and friends The three Stauffenberg brothers Berthold Alexander and Claus were inseparable both emotionally and intellectually Their view of human existence was rooted in their south German aristocratic background in classical antiquity and in Christian culture This family biography describes how the brothers professions and their political and military environments led them to take fundamental positions on their government s and Hitler s tyranny Inevitably the book focuses on Claus Count Stauffenberg s military career and his fight to overthrow Hitler culminating in the attempted assassination and coup of 20 July 1944 No other work has yet probed Stauffenberg s life and mind so deeply or has offered such a comprehensive account of resistance to Hitler at the highest administrative level

**The Significance of Locality in the Poetry of Friedrich Hölderlin** David Constantine, 1979 *Stauffenberg* Peter Hoffman, 2008-12-05 The attempt to assassinate Hitler is widely acknowledged but few are aware of the individuals involved In this detailed family history Peter Hoffmann reveals the tragic and heroic life of Claus Count Stauffenberg German aristocrat and would be assassin of Adolph Hitler Hoffmann details Stauffenberg s formative years showing how his relationship with his brothers Berthold and Alexander their association with the circle of the poet Stefan George and their professional and political development led them to resist the tyranny of Hitler and the German government first through established channels but culminating in the attempted assassination and coup of 20 July 1944 Stauffenberg is based on a comprehensive collection of sources including family papers correspondence and information from numerous contemporaries as well as a unique collection of illustrative material Hoffmann s knowledge of Stauffenberg was sought for the highly anticipated feature film *Valkyrie* for which he served as an advisor This revised edition includes a new preface by Hoffman and important information he has uncovered since the book was first published *Stauffenberg, Second Edition* Peter Hoffman, 2003-08-19 No detailed description available for Stauffenberg Second Edition *Hölderlins Lyrik* Emil Lehmann, Friedrich Hölderlin, 1922 **Hölderlins Filmriss** Ulrich Land, 2019-11-04 T bingen 1807 Im beschaulichen St dtchen sind drei unnat rliche Todesf lle in verdammt kurzer Folge zu beklagen Ein Drucker ein Verleger ein Fremder Mord und Totschlag Oder sind es vier F lle Der Schlosserlehrling etwa auch Und was haben die Toten mit der Verskunst H lderlins zu schaffen Jenes Dichters der sein Dasein am Rande des Wahnsinns in einem Turmzimmer fristet und traumsch ne Poesie verfasst und inhaltsleere Briefe an die Mutter **Hegel and the Hermetic Tradition** Glenn Alexander Magee, 2001 Glenn Alexander Magee s book argues that Hegel was decisively influenced by the Hermetic tradition a body of thought with roots in Greco Roman Egypt In the Middle Ages and modern period the Hermetic tradition became entwined with such mystical strands of thought as alchemy Kabbalism Millenarianism Rosicrucianism and theosophy Recent scholarship has drawn

connections between the Hermetic counter tradition and many modern thinkers including Leibniz and Newton *Friedrich Hölderlin and the German Neo-Hellenic Movement* Marshall Montgomery,1923 **Friedrich Hölderlin** Friedrich Hölderlin,1925 *A Foretaste of Heaven* Priscilla A. Hayden-Roy,2023-04-12 Using the critical approach of the New Historicism and the sociological insights of Ernst Troeltsch this study addresses the complicated issue of how the German Romantic poet Friedrich Hölderlin shifts religious vocabulary to the aesthetic realm by examining his relationship to pietist groups in his native Württemberg The study is divided into three sections 1 a literature review and methodological statement 2 overview of the spectrum of positions represented within Württemberg pietism and a discussion of three pietists known to have had contact with Hölderlin in his youth and as a student 3 analysis of a representative selection of Hölderlin's works including his early poems Hyperion his theoretical writings on aesthetics and a number of his late hymns in light of their relation to Württemberg pietism Revolution, Idealism and Human Freedom: Schelling Hölderlin and Hegel and the Crisis of Early German Idealism Franz Gabriel Nauen,2012-12-06 In this study I will present the intellectual development of Schelling Hölderlin and Hegel during their formative years Because of their similar social origins the early thought of these young Swabians during the 1790s should be treated as a unit Their experience as roommates at the Stift in Tübingen and their close intellectual fellowship throughout the nineties made each extremely responsive to the others ideas As members of the political elite in Württemberg their intellectual assumptions were profoundly affected by the crisis of Württemberg and German political society and by the events of the French Revolution in a way explicable only in the light of their Swabian heritage So for example seen in the context of Hölderlin's and Schelling's thinking the genesis of Hegel's earliest mature philosophical assumptions appears to be not so much an event in the history of philosophy as a specific solution to the problems raised by the crisis of his society The crucial role of Hölderlin in the history of German Idealism should also become apparent as a result of this study For reasons developed in the following Hölderlin's thinking bridged the gap not only between Kantianism and the new philosophy which was to come to fruition in Hegel's mature thought but also between the republican and the nationalist phase in the history of German political thought Hölderlin's Hymn "Remembrance" Martin Heidegger,2018-09-28 Martin Heidegger's 1941-1942 lecture course on Friedrich Hölderlin's hymn Remembrance delivered immediately following his confrontation with Nietzsche lays out a detailed plan for the interpretation of Hölderlin's poetry in which remembrance is a central concern With its emphasis on the free use of the national and the holy of the fatherland the course marks an important progression in Heidegger's political thought In addition to its startlingly innovative analyses of greeting the festive and the dream the text provides Heidegger's fullest elaboration of the structure of commemorative thinking in relationship to time and the possibility of an other beginning This English translation by William McNeill and Julia Ireland completes the series of Heidegger's major lecture courses on Hölderlin **Friedrich Hölderlin** August Sauer,1894 *Imagining the Age of Goethe in German Literature, 1770-1800* John David Pizer,2011 This is the first book length study

devoted to modern German author as character fiction set in the Age of Goethe It shows for the first time in a sustained manner the powerful hold the Goethezeit continues to exercise on the imagination of many of Germany's leading writers This inner German dialogue across the ages provides an important corrective to the dominant critical view that contemporary German language literature is composed primarily under the sign of both globalization and the influence of mass American culture Book cover 'Kubla Khan' and the Fall of Jerusalem E. S. Shaffer, 1980-06-05 The development of the mythological school of European Biblical criticism Between Terror and Freedom Simona Goi, Frederick Michael Dolan, 2006-01-01 In this volume Simona Goi and Frederick M Dolan gather stimulating arguments for the indispensability of fiction including poetry drama and film as irreplaceable sites for wrestling with nature meaning shortcomings and the future of modern politics Between Terror and Freedom brings to the surface an understanding of modernity as a multifaceted and dynamic narrative as it relates to politics philosophy and fiction Collecting essays across fields Goi and Dolan challenge strict disciplinary boundaries This is not meant to be read as another contribution to the debate of whether literature is can or should be political Between Terror and Freedom instead reveals how literature illuminates and expands our understanding of philosophical and political questions Political theorists philosophers cultural scholars and rhetoricians offer a fresh perspective on the questions of our age and the paradoxes of modernity when they read literature Topographies of the Sacred Catherine E. Rigby, 2004 Although the British romantic poets notably Blake Wordsworth and Byron have been the subjects of previous ecocritical examinations this text compares English and German literary models of romanticism

**Marginalien zu Hölderlins Werk** Anke Bennholdt-Thomsen, Alfredo Guzzoni, 2010 **Literaturgeschichte der deutschen stämme und landschaften** Josef Nadler, 1918 The Problem of Christ in the Work of Friedrich Hölderlin Mark Ogden, 1991 This study sets out to challenge the usual approach to the question of Holderlin's response to Christ which focuses on no more than two or three late hymns by tracing through each major stage of Holderlin's work a series of latent Christological debates These debates in which philosophy theology and poetry converge represent Holderlin's engagement with the urgent intellectual issues of his day
