The Art of Somatic Coaching Richard Strozzi-Heckler, 2014-02-11 *The Art of Somatic Coaching* introduces the concepts and principles of coaching with practices that include body awareness bodywork and mindfulness for both the coach and the client Author and expert coach Richard Strozzi Heckler PhD explains that in order to achieve truly sustainable changes in individuals teams and organizations it is necessary to implement body oriented somatic practices in order to dissolve habits behaviors and interpretations of the world that are no longer relevant He explains that these ways of being are integrated in the body at the level of the musculature organs and nervous system By implementing a somatic approach these patterns can be shifted in order for transformation to occur Opening with a discussion of the roots of Somatic Coaching the book describes the emotional and physical cost of being distanced from our bodies Originating from the

rationalistic idea that the mind and body are separate this sense of disconnection spurred the emergence of the field of somatics that views the body as not just a physiological entity but as the center of our lived experience in the world Out of this philosophy Somatic Coaching was developed as a way to cultivate the self through the body Methods in this book include Somatic awareness becoming aware of sensations Somatic opening includes bodywork to release held patterns in the body Somatic practices meditation movement and being present in everyday life The social context in which one is raised the supportive healing force of the outdoors and nature as well as acknowledgment of the spirit are also woven into the practice Through these practices a rhythm of unfolding occurs in what Strozzi Heckler describes as an Arc of Transformation moving in stages from conditioned tendencies to a new satisfying and fulfilling way of being that is fully embodied Contents Introduction Chapter One A Short Distance but a Big Cost Chapter Two Coaching Chapter Three Somatics and Somatic Coaching Chapter Four The Methodology Chapter Five The Rhythm of Action Chapter Six The Somatic Arc of Transformation
