racial perspectives have on film adaptations and how race inflected cultural norms have influenced studio and independent film depictions. Several chapters analyze how self censorship and industry censorship affect Black writing and the adaptations of Black stories in early to mid twentieth century America. Using archival material contributors demonstrate the ways commercial obstacles have led Black writers and white dominated studios to mask Black experiences. Other chapters document instances in which Black writers and directors navigate cultural norms and material realities to realize their visions in literary works, independent films and studio productions. Through uncovering patterns in Black film adaptations, *Intersecting Aesthetics* reveals themes, aesthetic strategies and cultural dynamics that rightfully belong to accounts of film adaptation. The volume considers travelogue and autobiography sources along with the fiction of Black authors H. G. de Lissers, Richard Wright, Ann Petry, Frank Yerby and Walter Mosley. Contributors examine independent films *The Love Wanga* 1936 and *The Devil's Daughter* 1939, Melvin Van Peebles's first feature *The Story of a Three Day Pass* 1967 and the Senegalese film *Karmen Ge* 2001. Fleming, 2022-03-11 *Living the Dream* tells the history behind the establishment of Martin Luther King Jr. Day and the battle over King's legacy that continued through the decades that followed. Creating the first national holiday to honor an African American was a formidable achievement and an act of resistance against conservative and segregationist opposition. Congressional efforts to commemorate King began shortly after his assassination. The ensuing political battles slowed the progress of granting him a namesake holiday and crucially defined how his legacy would be received. Though Coretta Scott King's mission to honor her husband's commitment to nonviolence was upheld, conservative politicians sought to use the holiday to advance a whitewashed nationalistic and even reactionary vision of King's life and thought. This book reveals the lengths that activists had to go to elevate an African American man to the pantheon of national heroes, how conservatives took advantage of the commemoration to bend the arc of King's legacy toward something he never would have expected, and how grassroots causes, unions and antiwar demonstrators continued to try to claim this sanctified day as their own.
