Holiness In Action:

Holiness in Action, 1963 **Thomism in John Owen** Christopher Cleveland, 2016-02-24 Examining the influence of Thomas Aquinas and his followers upon the seventeenth century Puritan theologian John Owen this book breaks new ground in exploring the impact of medieval thought upon Reformed scholasticism Cleveland argues that Owen uses Thomistic ideas in two ways first in an Augustinian fashion arguing against Pelagian and semi Pelagian ideas of human independency second in a Trinitarian fashion with Thomistic ideas affecting the understanding of each person of the Trinity The resulting theological formulation is strongly Western and Orthodox and provides a helpful model for theological formulation seeking to build upon a Western Christian foundation The works of the Reformed theologian John Owen have long been admired for their depth and theological sophistication In this book Cleveland fills a significant gap in Owen studies by pursuing a deeper understanding of the role that Thomas Aquinas and the school of thought known as Thomism played in Owen s theology from his works on providence and salvation by the Holy Spirit to his Christological work **The Christian Ambassador**, 1868

At Smith's House Jay Trott, 2007-07-01 Are meaning and purpose still possible in life The age of philosophy and its pursuit of the good of happiness came to an end with nihilism The philosophers equated the good with intellect which led to divided descriptions of this value Philosophy is divided by divided loves Plato s love of pure intellect and Aristotle s love of nature and constructs of value which is why it led to nihilism in the end But it is possible to go beyond the ravages of nihilism by setting aside these divided loves for the sake of love itself the power that makes itself known through the desirability of life At Smith s House examines the possibilities of love itself in twelve informal entertaining conversations between two old friends It begins by dissecting the divided concepts of value produced by philosophy and its infatuation with intellect Then it describes the difference between love itself and the divided loves seen in philosophy as well as in institutional doctrine Finally it discusses the restoration of unity to the church and goodness to culture through the formulation Deus caritas est which provides a means of going beyond nihilism and the demise of philosophy **Complete Works** Thomas Brookes (Preacher at Margaret's, New Fish Street.), 1867

God of Salvation Murray A. Rae, 2016-04-15 The theology of salvation stands at the heart of the Christian faith Very often the structure of Christian salvation is seen in terms of a single theme such as atonement for sins forgiveness liberation or friendship with God It is easy to reduce soteriology to a matter of merely personal experience or to see salvation as just a solution to a human problem This book explores a vital yet often neglected aspect of Christian confession the essential relationship between the nature of salvation and the character of the God who saves In what ways does God s saving outreach reflect God s character How might a Christian depiction of salvation best bear witness to these features What difference might it make to start with the identity of God as encountered in the gospel then view everything else in the light of that In addressing these questions this book offers fresh appraisals of a range of major themes in theology the nature of creaturely existence the relationship between divine purposes and material history

the holiness love and judgement of God the atoning work of Jesus Christ election justification and the nature of faith salvation outside the church human and non human ends the nature of eschatological fellowship with God In looking at these issues in the light of God s identity the authors offer a stimulating and tightly argued reassessment of what a Christian theology of salvation ought to resemble and ask what the implications might be for Christian life and witness in the world today

Spiritual Dynamite Bill Sweet,2024-03-20 Spiritual Dynamite addresses What are Christians and religious people going to do when God s creation is replaced with algorithms Be stunned When parents have done virtually everything right for their kids many parents wonder why their children won t carry forward the family religion or religious values to their children Technology and social media have rewired human brains to dismiss the importance of religion Spiritual Dynamite provides examples of trailblazing prayer and intention experiments There are futuristic scenarios where artificial intelligence could be a tremendous godsend for mankind You could also conceptually presume Divine Intelligence is the antipode of artificial intelligence Our subconscious has its own cancel culture People often talk themselves out of enjoying their memories of supernatural and intuitive moments These moments are often followed by an internal canceling from memory of supernatural moments The Quality of thoughts is upheld to be a prelude to a better society You will find dynamite information in this book you won t find anyplace else

Like a Mighty Army David W Taylor,2015-02-26 In 1937 prior to the 1948 inauguration of the World Council of Churches Karl Barth challenged the churches to engage in real strict sober genuine theology in order that the unity of the church might be visibly realized At that time The Salvation Army didn t aspire to become formally known as a church even though it was a founding member of the WCC Today it is globally known as a social welfare organization concerned especially to serve the needs of those who find themselves at the margins of society Less well known is that seventy years after Barth s challenge it has made its peace with the view that it is a church denomination Accepting Barth s challenge to the churches and in dialogue with his own ecumenical ecclesiology the concept of the church as an Army is interrogated in service to The Salvation Army s developing understanding of its identity and to the visible unity of God s church *The Complete Works of Thomas Brooks* Thomas Brooks,1867

The Emerging Laity Aurelie A. Hagstrom,2010 One of the best kept secrets in the church is the story of the emergence of the Catholic laity from pray pay and obey passive spectators to men and women assuming their rightful roles in liturgy ministry and other church functions This evolution is not merely a response to the ever dwindling number of priests and thus the need for others to assume these functions but is primarily a recognition of the laity s call to serve through the sacrament of baptism in which they all share In this well researched book Aurelie Hagstrom describes the emergence of the laity during the twentieth century and presents a compelling theology of the laity based on scripture on a renewed understanding of the sacrament of baptism and especially on the great watershed in church thinking brought about by the Second Vatican Council She assures Catholic lay persons that their everyday lives are the stuff by which they attain a holiness that is as valid as that lived by clergy and religious Book

Bell, 2018-06-12 The pastor who seeks to preach expositionally through Psalms faces a daunting task for the sermon series would take several years to complete and many of the sermons would seem repetitious because of similar psalms To respond to this challenge the author has used the book theology method to analyze the Book of Psalms into twenty eight theological themes providing the preacher with material for approximately a one year series on the book Each chapter includes a list of applicable theological propositions that can be preached or taught to contemporary audiences Then the chapter concludes by linking the topic to New Testament passages This monograph contains over seventy tables mainly charting the Hebrew terms used for a particular theme Careful textual and exegetical notes provide guidance for translation and interpretation of many verses Furthermore relevant Hebrew word studies inform theological understanding Backing up the analysis are numerous references to Psalm commentaries both classical and contemporary *The Christ-law in the Star of Bethlehem* William Manley Kellogg, 1913 *Neonomianism Unmasked OR, A Plea for the ANCIENT GOSPEL* Isaac Chauncy, 2017-12-07 A Theological debate occasioned by a book lately written by Mr

Daniel Williams entitled Gospel Truth Stated Unwarily Commended and Subscribed by some divines Mr Chauncy acting on the behalf and in the person of one Doctor Tobias Crisp whose sermons have been ransacked viciously rent and torn asunder by men whose poisoned minds have been directed to view the message of the pure Gospel of Grace through the spectacles of the Law in these spiritual conversations not only vindicates but also attempts to set forth the glorious Gospel of Christ in all its assimilating truth as a pure declaration of free sovereign grace in the free proclamation of an accomplished redemption through the sole merit righteousness and death of the LORD JESUS CHRIST For as many as are of the works of the law are under the curse Gal 3 10 And the law is not of faith Gal 3 12 For Christ is the end of the law for righteousness to everyone that believeth Rom 10 4 Selections from Manuscripts James Hinton,1856 Confessing the Church Zondervan,2024-04-16 The 2023 Los Angeles Theology Conference examines ecclesiology that is the doctrine about the Church Conference contributions offer constructive proposals for understanding and confessing the doctrine of the Church with historical depth ecumenical scope and analytic clarity This book contains the proceedings of the conference **The Theology of Ethnocultural Empathic Turn** Branko Sekulic,2024-10-15 The Theology of Ethnocultural Empathic Turn Getting to the Core of Sacralized Crime delves into the roots of ethnoreligious tensions in the former Yugoslav territories and it provides a comprehensive understanding of this specific politico religious issue exposing how the sacralization of ethnonational mythology influences present day conflicts Through meticulous analysis the author examines the intertwining of ethno totalitarianism and ethno clericalism in mentioned areas Transitioning from historical analysis to proposing a solution the author advocates for an ethnocultural empathy turn integrating ethnocultural empathy as a branch of social psychology with the example of Jesus s turn in Matthew 15 21 28 This book contributes significantly to developing the first Balkan contextual theology drawing upon new political theology and theologies of liberation **The Complete Works of Thomas Manton, D.D.** Thomas Manton,William G.
