Holistic Revolution:

The Holistic Revolution Lillian Grant, 1978-06-01 *The Quest* Joycelin Dawes, Janice Dolley, Ike Isaksen, 2005-03-24 The Quest is a process of self inquiry for personal and spiritual growth In a neutral non judgmental non academic framework it enables you to explore spiritual personal emotional and ethical questions Redefining and Combating Poverty Council of Europe, 2012-01-01 We are at a point in history where economic inequalities are more widespread each day The situation of extreme poverty experienced by the majority of the populations in developing countries Third World countries often coincides with an absence of democracy and the violation of the most fundamental rights But in so called First World countries a non negligible proportion of inhabitants also live in impoverished conditions albeit mainly relative poverty and are denied their rights The European situation which this publication aims to analyse is painful the entire continent is afflicted by increasing poverty and consequently by the erosion of living conditions and social conflicts The economic and financial crisis has resulted in the loss of millions of jobs and created job insecurity for many still working Economic insecurity raises social tensions aggravating xenophobia for instance Yet the economic and financial crisis could present a good opportunity to rethink the economic and social system as a whole Indeed poverty in modern societies has never been purely a question of lack of wealth It is therefore urgent today to devise a new discourse on poverty In pursuit of this goal the Council of Europe is following up this publication in the framework of the project Human rights of people experiencing poverty co financed by the European Commission *Holistic Revolution* William Bloom, 2000 In the past years the influence of the holistic movement has become even more mainstream and significant than its detractors ever thought it could but what are its sources and central ideas This book offers the first authoritative introduction to its central themes and thinkers through a series of key writings selected and introduced by William Bloom in term of its range overview and encyclopaedic feel it cannot be rivalled Carl Jung Deepak Chopra Elaine Pagels Carlos Castaneda Jonathon Porritt Fritjof Capra M Scott Peck and Louise Hay are just a handful of the popular and influential writers represented here Through their writing Bloom looks at why it is the holistic approach has become so popular locating the movement in its historical and cultural context and also makes a compelling case for its continuing significance **Perversion and Utopia** Joel Whitebook, 1996-10-31 In this sweeping challenge to the postmodern critiques of psychoanalysis Joel Whitebook argues for a reintegration of Freud's uncompromising investigation of the unconscious with the political and philosophical insights of critical theory *Perversion and Utopia* follows in the tradition of Herbert Marcuse's *Eros and Civilization* and Paul Ricoeur's *Freud and Philosophy* It expands on these books however because of the author's remarkable grasp not only of psychoanalytic studies but also of the contemporary critical climate Whitebook a philosopher and a psychoanalyst writes with equal facility on both Habermas and Freud A central thesis of *Perversion and Utopia* is that there is an essential affinity between the utopian impulse and the perverse impulse in that both reflect a desire to bypass the reality principle that Freud claimed to define the human condition

The book explores the positive and negative aspects of the relationship between these impulses which are ubiquitous features of human life and the requirements of civilized social existence Whitebook steers a course between orthodox psychoanalytic conservatism which seeks simply to repress the perverse utopian impulse in the name of social continuity and cohesion and those forms of Freud Marxism postmodernism and psychoanalytic feminism that advocate its direct and full expression in the name of emancipation While he demonstrates the limitations of the current textual approaches to Freud especially those influenced by Lacan Whitebook also enlists the lessons of psychoanalysis to counteract the excessive rationalism of the Habermasian brand of critical theory thus making a substantial contribution to current discussions within critical theory itself His analysis and interpretation of perversion narcissism sublimation and ego bring new insight to these central and thorny issues in Freud and his discussions of Adorno Marcuse Castoriadis Habermas Ricoeur Lacan and others are equally penetrating

Creativity Rob Pope, 2005 Seeking throughout to bridge the gap between the creative and the critical and to span disciplinary boundaries this book offers a significant intervention in the theory of creativity and the practice of criticism

Making the Revolution Kevin A. Young, 2019-07-11 Offers new insights into both the successes and the limitations of Latin America's left in the twentieth century

Natale, 1997 Co published with the Oxford Philosophy Trust this first volume in a new series represents the work of the International Conference on Social Values This volume focuses on education as a separate discipline and addresses the issues such as teacher training corporate business school partnerships and the ethical behavior of academics in their roles as experts in litigation

The Self-Creating Universe J.J. Clarke, 2013-08-22 The Self Creating Universe is a wide ranging attempt to bring science and spirituality together in a philosophical synthesis It opens up to the reader exciting new developments in the natural sciences while also showing how these contribute to a worldview which addresses fundamental philosophical and social questions The key concept is creativity in both nature and human life Making use of ideas from the history of philosophy and from recent speculations in sciences including cosmology and evolution the book offers bold conjectures about the emergence of new forms of order and self organisation in nature in consciousness and in human life as a whole The book is written in an accessible style which is designed to appeal to both the general reader and to specialists interested in the wider implications of their fields

Adorning the Dawn: Discourses on Neohumanist Education Shrii Shrii Anandamurti, 2013-06-18 The Neohumanist educational paradigm is one of the lesser known but most unique in the world today The present volume is intended as a comprehensive volume on Neohumanist education that reveals the context of this educational paradigm within the context of the kaleidoscopic dimensions of Neohumanism It aims to serve as a resource for those who desire to study Neohumanist education in depth by providing information concerning the conceptual and existential background of the philosophy of Shrii Shrii Anandamurti By exploring unique features of its vision of cardinal values psychology epistemology culture social justice aesthetics and mystical love the roles of the Neohumanist

educator is revealed Unique to most pedagogical paradigms are explorations of the nature of spiritual practice or meditation as well an introduction to the spiritual cosmology of the author Finally various aspects of Neohumanism and education are explained in a series of discourses

From Hitler to Codreanu Carlos Manuel Martins,2020-12-30 This book examines fascist ideology in seven leaders of parties and movements in the interwar period It makes use of the conceptual morphological approach focused on core and adjacent concepts as well as on the interlinkages between them With such an approach the book seeks to offer an innovative perspective on fascism and arrive at a conceptual configuration of fascist ideology capable of highlighting its main concepts and combinations Furthermore it examines the major texts of seven leaders from Germany Italy the UK Portugal Spain France and Romania Adolf Hitler Benito Mussolini Oswald Mosley Rol o Preto Primo de Rivera Marcel D at and Corneliu Codreanu With the conceptual approach the book reasserts the possibility of finding a definition of generic fascism at the same time as depicting the ideological varieties espoused by each leader This title will be of interest to students and scholars of fascism extremism and the far right
