Play It Again Alan Rusbridger, 2013-09-17 The Guardian editor and amateur pianist's account of a remarkable musical challenge during an extraordinary year for news As editor of the Guardian one of the world's foremost newspapers Alan Rusbridger lives by the relentless twenty four hour news cycle But increasingly in midlife he feels the gravitational pull of music especially the piano He sets himself a formidable challenge within a year to fluently learn Chopin's magnificent Ballade No 1 in G minor arguably one of the most difficult Romantic compositions in the repertory With pyrotechnic passages that require feats of memory dexterity and power the piece is one that causes alarm even in battle hardened concert pianists Under ideal circumstances this would have been a daunting task But the particular year Rusbridger chooses turns out to be one of frenetic intensity beginning with WikiLeaks massive dump of state secrets and

ending with the Guardian's revelations about widespread phone hacking at News of the World. In between there were the Japanese tsunami, the Arab Spring, the English riots, and the death of Osama Bin Laden, writes Rusbridger. The test would be to nibble out twenty minutes per day to do something totally unrelated to these events. Rusbridger's subject is larger than any one piece of music. *Play It Again* deals with focus, discipline, and desire but is above all about the sanctity of one's inner life in a world dominated by deadlines and distractions. Praise for *Play It Again*: An absorbing, adroitly crafted tale of humility, discipline, and the sheer love of music. Alan Rusbridger's triumph is an inspiration. Katie Hafner, *The New York Times Book Review*. A unique mélange of political and musical reportage. Alan Rusbridger illuminates not only print media in this digital age but also the changing role of the music within it. Iain Burnside, *The Observer*, London.

Composition Concepts for Band and Orchestra Alexander Koops, John L. Whitener, 2020-04-12 This book is intended to introduce concepts about music composition to band and orchestra students of all ages and engage them in actual creative composing projects. The National Core Arts Standards 2014 emphasize that students should be engaged in the creative practices of imagination, investigation, construction, and reflection in multiple contexts. These lesson plans attempt to accomplish that challenge in the context of large group band and orchestra ensemble classes using composition activities and projects.

Claude Debussy and the Poets Arthur Wenk, 1976-01-01 Paul Dukas wrote about Debussy that the strongest influence he experienced was that of the poets, not that of the musicians. This book undertakes to demonstrate that thesis by studying Debussy's settings of songs by Banville, Verlaine, Baudelaire, Mallarmé, and Debussy himself. A particular insight may be gained in the comparison of six poems by Verlaine set to music by both Fauré and Debussy. The book includes a poetic musical analysis of Debussy's *Prelude to the Afternoon of a Faun* based on the poem by Mallarmé.

Irish Monthly Magazine, 1927 **The Irish Monthly**, 1927 *A Christmas Carol Murder* Heather Redmond, 2020-09-29 In this clever reimagining of Charles Dickens's life, he and fiancée Kate Hogarth must solve the murder of an old miser just before Christmas. London, December 1835. Charles and Kate are out with friends and family for a chilly night of caroling and good cheer. But their blood truly runs cold when their singing is interrupted by a body plummeting from an upper window of a house. They soon learn the dead man, his neck strangely wrapped in chains, is Jacob Harley, the business partner of the resident of the house, an unpleasant codger who owns a counting house. One Emmanuel Screws Ever, the journalist Charles, dedicates himself to discovering who's behind the diabolical defenestration. But before he can investigate further, Harley's corpse is stolen. Following that, Charles is visited in his quarters by what appears to be Harley's ghost, or is it merely Charles's overwrought imagination? He continues to suspect Emmanuel, the same penurious penny pincher who denied his father a loan years ago, but Kate insists the old man is too weak to heave a body out a window. Their mutual affection and admiration can accommodate a difference of opinion, but matters are complicated by the unexpected arrival of an infant orphan. Charles must
