And the Loser is: A History of Oscar Oversights [2nd Edition] Aubrey Malone, 2020-10-06 This is the first book of its kind Aubrey Malone has gone back to the start of the Oscar ceremonies and discovered that mistakes have been made every year in the choice of what has been deemed best in the categories of acting directing producing and the subsidiary awards He has identified all the great stars Garbo Montgomery Clift Peter O Toole Barbara Stanwyck etc who never held Oscars in their hands and also iconic directors like Stanley Kubrick who were never thus honored Why were some people over rewarded by the Academy and why did others fall below the radar The author outlines all of the extraneous factors leading to voting choices and how Oscar pariahs have often been subsequently or even posthumously awarded for the wrong films to make up for omissions in a given year With both wit and

wisdom he has written an alternative history of the Oscars that will be required reading for both academics and film buffs alike It tells the story behind the story If there were Oscars for research Aubrey Malone would be right up there with the best of them Film Ireland *Straight Wheeler* Winston Dixon,2012-02-01 straight str t adj without curves correct honest not deviating from the normal conventional Heterosexual Practically all mainstream cinema is straight and has been since its inception In *Straight Wheeler* Winston Dixon explores how heterosexual performativity has been constructed in film from early cinema to the present day In addition to discussing how cinematic visions of masculine and feminine desire have been commodified and sold to reinforce existing societal constructs Dixon also documents the recent emergence of hypermasculinity a kinetic and exaggerated masculinity that has been created to counter the more gentle thoughtful male portrayed in *While You Were Sleeping* *Sleepless in Seattle* and other films that seemingly threaten the established order of patriarchal cinematic discourse **The Lavender Screen** Boze Hadleigh,2001-01-01 A fascinating glimpse into the beginning and development of gay and lesbian themed films from *Maedchen in Uniform* in 1931 to such current films as *Philadelphia* and *Wilde* provides reviews and evaluations and details the director s attitude toward public response and criticism Original *Best Actress* Stephen Tapert,2020 Showcasing a dazzling collection of 200 photographs many of which have never before been seen this lavishly illustrated book offers a captivating historical social and political examination of the first 75 women from Janet Gaynor to Emma Stone to have won the coveted and legendary Academy Award for Best Actress t Actress Movie Stars Do the Dumbest Things Margaret Moser,Michael Bertin,Bill Crawford,2011-04-01 Johnny Depp Marilyn Monroe Marlon Brando Leonardo DiCaprio Woody Allen Shanron Stone What do all of these actors have in common They re outrageous receive huge salaries have enormous egos and have way too much spare time Their out of control lifestyles prove that as one Hollywood observer noted Hollywood is a trip through a sewer in a glass bottomed boat You ll learn which director was furious when he was misquoted as saying Actors are cattle He claimed he had really said Actors should be treated as cattle You ll discover that Bruce Willis ordered the final scenes in *Striking Distance* to be re shot at a cost of over 750 000 because the original shots exposed his toupee You ll find that Melanie Griffith explained her ignorance of the Nazi holocaust by saying I don t know why I didn t know Maybe I missed school that day I m not stupid Whether you re a fan of Hugh Grant Dennis Hopper or Whoopi Goldberg you ll learn about all of the embarrassing moments in your favorite star s life From actors like Ben Affleck and Cameron Diaz to screen legends like Frank Sinatra and Judy Garland *Movie Stars Do the Dumbest Things* is proof that actors are more childish and impulsive than you ve ever imagined **A Portrait of the Auteur as Fanboy** Anastasia Salter,Mel Stanfill,2020-10-16 Increasingly over the past decade fan credentials on the part of writers directors and producers have come to be seen as a guarantee of quality media making the fanboy auteur Figures like Joss Whedon are both one of us and one of them This is a strategy of marketing and branding it is a claim from the auteur himself or industry PR machines that the presence of an auteur who is also a fan means the product is worth consuming Such

claims that fan credentials guarantee quality are often contested with fans and critics alike rejecting various auteur figures as the true leader of their respective franchises That split between assertions of fan and auteur status and acceptance or not of that status is key to unravelling the fan auteur In *A Portrait of the Auteur as Fanboy The Construction of Authorship in Transmedia Franchises* authors Anastasia Salter and Mel Stanfill examine this phenomenon through a series of case studies featuring fanboys The volume discusses both popular fanboys such as J J Abrams Kevin Smith and Joss Whedon as well as fangirls like J K Rowling E L James and Patty Jenkins and dissects how the fanboy fangirl auteur dichotomy is constructed and defended by popular media and fans in online spaces and how this discourse has played in maintaining the exclusionary status quo of geek culture This book is particularly timely given current discourse including such incidents as the controversy surrounding Joss Whedon s so called feminism the publication of *Harry Potter and the Cursed Child* and contestation over authorial voices in the DC cinematic universe as well as broader conversations about toxic masculinity and sexual harassment in Hollywood
