Moses Sherman's trolley systems and the extortion type practices that led to their expansion When Los Angeles was so desperate for water it hired a miracle worker who promised rain How L A's power elite peddled the lie that the Owens River used to flow into Los Angeles and rightfully belonged to the city When Los Angeles annexed a city in which monkeys cast votes How Venice California was not the first Venice California William Mulholland's game changing construction of the Los Angeles Aqueduct which raised the city's population ceiling from 250 000 to 2.5 million Haddad also covers the heavy costs that came with creating paradise in such a short period of time including car dependency environmental problems and deep seated inequities between wealthy white Angelenos and people of color due to racist policies All have left an imprint on present day Los Angeles Los Angeles is known as a city that should not exist and yet it does Through Inventing Paradise Haddad shows readers that Los Angeles is not a paradise found but a paradise that was willed into existence owing to the collective vision of these six Gilded Era born tycoons *Hollywood Remembered* Paul Zollo, 2011-04-16 In *Hollywood Remembered* a wide array of Tinseltown veterans share their stories of life in the city of dreams from the days of silent pictures to the present The 35 voices many of whom have come to know Hollywood inside out range from film producers and movie stars to restaurateurs and preservationists Actress Evelyn Keyes recalls how fresh from Georgia she met Cecil B DeMille and was soon acting in *Gone With the Wind* Blacklisted writer Walter Bernstein tells how he transformed his McCarthy era experiences into drama with *The Front* Steve Allen speaks out on how Hollywood has changed since he first came there in the 1920s and Jonathan Winters relates how he left a mental institution to come work with Stanley Kramer in *It's a Mad Mad Mad Mad World* *Hollywoodland* S.H. aspiration to be in the limelight to be like the Hollywood sign itself instantly recognizable How an advertisement erected in 1923 touting the real estate development Hollywoodland took on a life of its own is a story worthy of a movie itself Leo Braudy traces the remarkable life of this distinctly American landmark which has been saved over the years by a various fans and supporters among them Alice Cooper and Hugh Hefner who spearheaded its reconstruction in the 1970s He also uses the sign s history to offer an intriguing look at the rise of the film business from its earliest silent days through the development of the studio system that helped define modern Hollywood Mixing social history urban studies literature and film along with forays into such topics as the lure of Hollywood for utopian communities and the development of domestic architecture in Los Angeles The Hollywood Sign is a fascinating account of how a temporary structure has become a permanent icon of American culture An entertaining tale The Washington Post
