

Governing America Our Choices Our Challenges

**W.B. Bondeson, H. Tristram Engelhardt
Jr., S.F. Spicker, J.M. White**

Governing America Our Choices Our Challenges:

The Collapse of the Common Good Philip K. Howard, 2007-12-18 In pursuit of fairness at any cost we have created a society paralyzed by legal fear Doctors are paranoid and principals powerless Little league coaches scared of liability stop volunteering Schools and hospitals start to crumble The common good fades replaced by a cacophony of people claiming their individual rights By turns funny and infuriating this startling book dissects the dogmas of fairness that allow self interested individuals to bully the rest of society Philip K Howard explains how trying to honor individual rights we removed the authority needed to maintain a free society Teachers don't even have authority to maintain order in the classroom With no one in charge the safe course is to avoid any possible risk Seesaws and diving boards are removed Ridiculous warning labels litter the American landscape Caution Contents Are Hot Striving to protect individual rights we ended up losing much of our freedom When almost any decision that someone disagrees with is a possible lawsuit no one knows where he stands A huge monument to the unknown plaintiff looms high above America casting a dark shadow across our daily choices Today in the land of free speech you'd have to be a fool to say what you really think This provocative book not only attacks the sacred cows of political correctness but takes a breathtakingly bold stand on how to reinvigorate our common good Only by restoring personal authority can schools begin to work again Only by judges and legislatures taking back the authority to decide who can sue for what can doctors feel comfortable using their best judgment and Americans be liberated to say and do what they know is right Lucid honest and hard hitting **The Collapse of the Common Good** shows how Americans can bring back freedom and common sense to a society disabled by lawyers and legal fear **Humanities**, 2000 **The Lost Art of**

Drawing the Line Philip K. Howard, 2001-06-12 **The Lost Art of Drawing the Line** will appall and irritate and entertain readers every bit as much as Philip Howard's first book Why is it that no one can fix the schools Why do ordinary judgements fill doctors with fear Why are seesaws disappearing from playgrounds Why has a wave of selfish people overtaken America In our effort to protect the individual against unfair decisions we have created a society where no one's in charge of anything Silly lawsuits strike fear in our hearts because judges don't think they have the authority to dismiss them Inner city schools are filthy and mired in a cycle of incompetence because no one has the authority to decide who's doing the job and who's not When no one's in charge we all lose our link to the common good When principals lack authority over schools of what use are the parents' views When no one can judge right and wrong why not be as selfish as you can be Philip Howard traces our well meaning effort to protect individuals through the twentieth century with the unintended result that we have lost much of our individual freedom Buttressed with scores of stories that make you want to collar the next self centered jerk or hapless bureaucrat **The Lost Art of Drawing the Line** demonstrates once again that Philip Howard is trying to drive us all sane

Good Citizenship in America David M. Ricci, 2004-07-19 **Good Citizenship in America** describes a civic ideal of who enjoys membership in the state and what obligations that entails and traces its history in America Until 1865 this ideal called for

virtuous political behavior republicanism but extended the franchise beyond early republican expectations democracy The book follows the widening of the franchise to women and people of color and to those with little or no property following economic development post 1865 In the twentieth century the civic ideal was influenced by the increase of consumerism its peak after World War II and its subsequent decline More recent citizenship informed by environmental problems and growing global Darwinism places a bigger and bigger emphasis on the economic conscience This is an easily accessible analysis of civic trends in America and one that highlights much of what is decent in American life **Cozy Politics** Peter Kobrak, 2002 Kobrak public administration and political science Western Michigan U distinguishes the traditional corruption of pork barreling from cozy politics which he says directly impacts the very nature of the political system and the relationship of citizens to their government By cozy politics he means the reliance of politicians on big money campaign contributions and the political favors the contributors receive in turn His solution is widespread citizen participation encouraged by a restructuring of political parties and a more modest reworking of the government Annotation copyrighted by Book News Inc Portland OR *Citizen-soldiers and Manly Warriors* R. Claire Snyder, 1999 What happens in a tradition that links citizenship with soldiering when women become citizens Citizen Soldiers and Manly Warriors Military Service and Gender in the Civic Republican Tradition provides an in depth analysis of the theory and practice of the citizen soldier in historical context Using a postmodern feminist lens Snyder reveals that within the citizen soldier tradition citizenship and masculinity are simultaneously constituted through engagement in civic and martial practices Seeking to sever the connection between masculinity and citizenship Snyder calls for women to make gender trouble by engaging in the practices traditionally constitutive of masculine republican citizenship However in order to reconstitute the Citizen Soldier tradition the only tradition we have that holds the military up to democratic standards we must not only trouble but also reconfigure our understandings of gender and citizenship Thus gender parity in the American military is not enough We must also change the type of masculinity produced by the military reintroduce the military to its civic purposes expand the citizenship of civic practices to include other non martial forms of service and give citizens a greater role in political decision making **The Boomerang Age** Barbara Mitchell, 2011-12-31 The Boomerang Age was named an Outstanding Academic Title of 2007 by Choice Magazine Domestic changes are taking place in the lives of young adults in Western industrialized societies Today's young people often experience less permanency and more movement in a variety of family related roles statuses and living arrangements Among the most prominent changes is the phenomenon of boomerang kids young adults returning to the parental home after their initial entrance into the adult world The Boomerang Age explores the implications of this development in a changing sociocultural economic and demographic landscape Mitchell begins by addressing definitional conceptual and measurement issues relevant to the boomerang age She then places the issues in historical perspective by considering trends in family organization the nuclear family marriage and divorce rates and fertility over the past hundred

years with emphasis on the 1950s family as a cultural benchmark The book then turns to the contemporary trajectory of home leaving and returning analyzing the launch and return phases with regard to economic factors regional differences and racial and ethnic backgrounds Mitchell then explores the more personal dimensions of how a return to the family is complicated by partnership marriage divorce cohabitation homosexuality and parenthood among young couples Moving outside the home she looks at how public issues such as globalization the decline of the welfare state and various forms of social inequality affect the circumstances of young adulthood Here Mitchell offers specific social policy recommendations pertaining to education housing and dependency issues childcare and gender and racial equality The book concludes by critically evaluating the advantages and drawbacks of two possible future scenarios increased individualization in the pursuit of social goals or a more or less permanent return to the traditional extended family **Family Policy** Shirley L.

Zimmerman,2001-05-24 The latest work from respected family policy expert Shirley Zimmerman Family Policy offers the only single authored reference book to provide a comprehensive and coherent introduction to the topic The author clearly and cogently guides students through the foundations policy frameworks and implications of policy decisions for family well being ending with a carefully considered set of conclusions and implications for policy practice **Public Papers of the**

Presidents of the United States United States. President,1998 **Public Papers of the Presidents of the United States: William J. Clinton, 1997** Clinton, William J.,1998-01-01 Public Papers of the Presidents of the United States

Public Papers of the Presidents of the United States, William J. Clinton: Jan. 20-July 31, 1993. bk. 2. Aug. 1-Dec. 31, 1993 United States. President (1993-2001 : Clinton),1994 Governing America ,1996 **Public Papers of the Presidents of the United States, William J. Clinton: 1994: bk. 1. Jan. 1-July 31, 1994** United States. President (1993-2001 : Clinton),1994 **Public Papers of the Presidents of the United States, William J. Clinton** United States. President (1993-2001 : Clinton),1994

Conflict Resolution and Peace Education C. Carter,2010-06-21 While featuring field based examples in multiple disciplines including political science anthropology communication psychology sociology law and teacher training this book presents real cases of conflict work Explained are concepts underlying conflict transformation and strategies that have been adapted for use in professional practice *Our American Way of Life: Our government* United States. Immigration and Naturalization Service,1980

Program Manager ,1983 **The Challenge of Our Time** Iris Dorreboom,1991 *Problems of American Civilization* ,1888 Ruling the Elite Tim Horn,2011-07-16 This book uniquely asserts that political Parties have taken control of the government away from the ordinary People granted control by the Founding Documents These Parties use it for their own benefit and are today s version of the Ruling Elites who have historically dominated all ordinary citizens always and everywhere it offers a plan to allow ordinary People to reclaim their Freedom

Whispering the Techniques of Language: An Psychological Journey through **Governing America Our Choices Our Challenges**

In a digitally-driven world where monitors reign great and instant communication drowns out the subtleties of language, the profound strategies and mental nuances hidden within phrases usually move unheard.
