## **Government And Agriculture In Zimbabwe:**

*Government and Agriculture in Zimbabwe* William Masters, 1994-07-30 This is a comprehensive survey of how government policies have affected agricultural performance in Zimbabwe since independence in 1980 The government helped smallholders triple their grain sales in the early 1980s but left the country vulnerable to drought leading to emergency food aid imports in 1992 The experience of Zimbabwe offers valuable lessons not only for South Africa but for all countries struggling to find an appropriate role for government in agriculture during the 1990s      **Zimbabwe's Fast Track Land Reform** Prosper B. Matondi, 2012-11-08 The Fast Track Land Reform Programme in Zimbabwe has emerged as a highly contested reform process both nationally and internationally The image of it has all too often been that of the widespread displacement and subsequent replacement of various people agricultural related production systems facets and processes The reality however is altogether more complex Providing new and much needed empirical research this in depth book examines how processes such as land acquisition allocation transitional production outcomes social life gender and tenure have influenced and been influenced by the forces driving the programme It also explores the ways in which the land reform programme has created a new agrarian structure based on small to medium scale farmers In attempting to resolve the problematic issues the reforms have raised the author argues that it is this new agrarian formation which provides the greatest scope for improving Zimbabwe s agriculture and development Based on a broader geographical scope than any previous study carried out on the subject this is a landmark work on a subject of considerable controversy      **Sustainable Agricultural Marketing and Agribusiness Development** Brighton Nyagadza, Tanyaradzwa Rukasha, 2023-10-31 The future of Africa and the whole globe is dependent on sustainable agribusiness management This book offers insights to a wide range of agricultural marketing and agribusiness management practices with a focus on sustainability It is designed to provide academics and graduate students in business studies with a comprehensive treatment of the nature of agricultural marketing and agribusiness management as well as sustainability transitions and related practices in certain regions of the world particularly in Africa The text also serves as an invaluable resource for agricultural marketing practitioners requiring more than anecdotal evidence on the structure and operation of agricultural marketing and agribusiness management as well as sustainability in different organisations and geographical areas It allows the reader to compare and contrast agricultural marketing and agribusiness management as well as sustainability practices across different research methodologies and settings The book provides a unique mix of theory reviews primary research findings and case studies      *Foreign Agriculture* , 1990      **Making Politics in Zimbabwe's Second Republic** Gordon Moyo, Kirk Helliker, 2023-05-16 The book provides a fresh and innovative interpretation of the new government of Zimbabwe led by Emmerson Mnangagwa which emerged in late 2017 after the downfall of Robert Mugabe It demonstrates the contradictory character of the Mnangagwa government involving both continuities and discontinuities in relation to Mugabe s regime The temptation amongst

Zimbabwean scholars has been to focus on the continuities and to dismiss the significance of any discontinuities notably reform measures This book adopts an alternative approach by identifying and focusing specifically on the existence of a formative project of the Mnangagwa s Second Republic further analysing its political significance as well as risks and limitations While doing so the book covers topics such as reform measures reconciliation transitional justice corruption the media agriculture devolution and the debt crisis as well as health and education Discussing the limitations of these different reform measures the book highlights that any scholarly failure to identify the risks of the project leads to an incomplete understanding of what constitutes the Mnangagwa s Second Republic The book appeals to students scholars and researchers of Zimbabwean and African studies political science and international relations as well as policymakers interested in a better understanding of political reform processes The Future of Zimbabwe's Agrarian Sector Grasian Mkodzongi,2022-06-24

This volume reflects on the recent political developments in Zimbabwe and their current and future impact on the agrarian sector Utilising new empirical data gathered across Zimbabwe the contributors shed light on the liberalisation of agricultural policy after Mugabe Chapters examine how the adoption of neo liberal orthodoxy in agrarian policy making will affect the new agrarian structure looking at issues such as productivity the impact on vulnerable groups changing land tenure arrangements joint ventures and land grabbing Providing a new way of conceptualising Zimbabwe s agrarian futures this book will be of interest to researchers NGOs and policymakers interested in the politics of land and agriculture in Zimbabwe and southern Africa **The State and Agrarian Change in Zimbabwe's Communal Areas** Michael

Drinkwater,2016-07-27 This book explores why a decade after Zimbabwean independence government agricultural development policies still retains surprising similarities with those of the colonial period despite lengthy peasant opposition Using documentary and fieldwork material from the Midlands province the analysis covers the subjects of pastoral and land use management household production and income earning strategies and farmer extension relations **Crop Production and Global Environmental Issues** Khalid Rehman Hakeem,2015-12-08 Meeting the world s food security challenge will require a multi national collaborative effort to integrate the best research from science engineering and socioeconomics so that technological advances can bring benefits where they are most needed The present book covers the effect of major environmental problems on crop production and how to cope with these issues for sustainable agriculture and improvements of crops The world s population is predicted to hit 9.6 Billion by 2050 up from today s total of nearly 7.3 Billion and with it food demand is predicted to increase substantially The post war second agricultural revolution in developed countries and the green revolution in developing nations in the mid 1960s converted agricultural practices and elevated crop yields spectacularly but the outcome is levelling off and will not meet projected demand Simultaneously crop production is affected by many other factors including industrial pollution overuse of fertilizers and insecticides heavy metal and radiation stresses etc It has been noted that many pests are becoming resistant to insecticides Estimates vary but around 25% of crops can be

lost to pests and diseases Climate change associated with agriculture is also a global issue Agriculture is a significant contributor to greenhouse gases and is estimated to account for 10-12% of total greenhouse gas GHG emissions Many of the issues highlighted are global problems and are addressed thoroughly in this work

**Zimbabwe's Exodus** Jonathan Crush, Daniel S. Tevera, 2010 Zimbabwe's Exodus Crisis Migration Survival is written by leading migration scholars many from the Zimbabwean diaspora The book explores the relationship between Zimbabwe's economic and political crisis and migration as a survival strategy

**Government Agricultural Resettlement Policy and the Responses of Farmers in Zimbabwe** Kofi Akwabi-Ameyaw, 1989 *A Meta-analysis of Rates of Return to Agricultural R&D* Julian M. Alston, Connie Chan-Kang, Michele C. Marra, Philip G. Pardey, TJ Wyatt, 2000 Analyze alternative national and international strategies and policies for meeting food needs of the developing world on a sustainable basis with particular emphasis on low income countries and on the poorer groups in those countries

*Introduction to Zimbabwe* Gilad James, PhD, Zimbabwe is a landlocked country in southern Africa bordered by South Africa to the south Botswana to the west Zambia to the north and Mozambique to the east The country has a population of approximately 14.4 million people with the majority living in rural areas Zimbabwe gained its independence from British colonial rule in 1980 and has been governed by the Zimbabwe African National Union Patriotic Front ZANU PF since then Zimbabwe's economy has faced many challenges in recent years including hyperinflation a shortage of foreign currency and political instability Agriculture is the largest sector of the economy with the majority of the population engaged in subsistence farming The country is also rich in minerals such as gold platinum and diamonds Despite its economic struggles Zimbabwe remains a popular tourist destination known for its wildlife natural beauty and historical landmarks such as Great Zimbabwe a 15th century stone city that is now a UNESCO World Heritage site

*The Peri-Urban Interface* Duncan McGregor, David Simon, 2012-04-27 Peri urban interfaces the zones where urban and rural areas meet suffer from the greatest problems to humans caused by rapid urbanization including intense pressures on resources slum formation lack of adequate services such as water and sanitation poor planning and degradation of farmland These areas home to hundreds of millions of people face unique problems and need distinctive and innovative approaches and solutions This book authored by top researchers and practitioners covers the full breadth and depth of the impacts of rapid urbanization on livelihoods poverty and resources in the peri urban zones in diverse African Asian Latin American and Caribbean contexts Topics include peri urban resource sustainability ecosystems and societies and environmental changes in peri urban zones Rich case studies cover production systems and livelihoods including the impacts of irrigated vegetable production horticulture dairy

enterprises waste fed fisheries and pastoral livelihoods Also addressed are planning and development issues in the peri urban interface including the difficulty in achieving sustainability conflict and cooperation over resources and a fresh look at the relationship between people and their environment The final part of the book presents policies and strategies for promoting and measuring sustainability in peri urban zones including community based waste management the co management of watersheds and empowerment of the poor This book is the most comprehensive examination of the challenges and solutions facing the people and environments of peri urban zones and is essential reading for all practitioners students and academics in geography and development

**The Palgrave Encyclopedia of Imperialism and Anti-Imperialism** Immanuel Ness,Zak Cope,2016-04-29 The Palgrave Encyclopedia Imperialism and Anti Imperialism objectively presents the prominent themes epochal events theoretical explanations and historical accounts of imperialism from 1776 to the present It is the most historically and academically comprehensive examination of the subject to date

Outcomes of post-2000 Fast Track Land Reform in Zimbabwe Lionel Cliffe,Jocelyn Alexander,Ben Cousins,Rudo Gaidzanwa,2014-06-11 The struggle over land has been the central issue in Zimbabwe ever since white settlers began to carve out large farms over a century ago Their monopolisation of the better watered half of the land was the focus of the African war of liberation war and was partially modified following Independence in 1980 A dramatic further episode in this history was launched at the start of the last decade with the occupation of many farms by groups of African veterans of the liberation struggle and their supporters which was then institutionalised by legislation to take over most of the large commercial farms for sub division Sustained fieldwork over the intervening years by teams of scholars and experts and by individual researchers is now generating an array of evidence based findings of the outcomes how land was acquired and disposed of how it has been used how far new farmers have carved out new livelihoods and viable new communities the major political and economic problems they and other stakeholders such as former farm workers commercial farmers and the overall rural society now face This book will be an essential starting place for analysts policy makers historians and activists seeking to understand what has happened and to spotlight the key issues for the next decade This book was published as a special issue of the Journal of Peasant Studies

**Reconfigured Agrarian Relations in Zimbabwe** Toendepi Shonhe,2017-12-17 Radical land reform programmes generate changes in agrarian structures and capital accumulation trajectories in the countryside This book examines how capital accumulation is being reshaped by changing financing and marketing of agricultural commodities and presents an emerging Quadi PMMR model agrarian structure composed of the poor middle middle to rich peasants and some rich capitalists with a growing middle scale farmer base constituting two thirds of the rural population in Zimbabwe This evidence based assessment 15 years after the FTLRP sheds light on policy outcomes and impacts on communities revealing the changing production marketing capital accumulation and class formation tendencies across Zimbabwes settlement models and agro ecological settings The book fuses the reliance on agrarian political economy lenses and factor component analysis

to reveal the dynamics of agrarian change and to explore the dialectic between production and circulation and between the centre and periphery in exceptional fashion that expands our understanding of Zimbabwe's agrarian transition      **Southern African Agribusiness** Steven Jaffee, 1999-01-01 Recent economic reforms and political changes within Southern Africa have opened up new opportunities for intra regional agricultural trade and other forms of agribusiness collaboration This collaboration is vital given the relatively small size of individual country markets and the fact that no single country in the region has the resources and capacity to mount a sustained drive to achieve international market prominence and competitiveness This study examines private sector perceptions regarding the agribusiness investment environment and the scope for regional collaboration in Southern Africa It then presents a series of case studies highlighting experiences in such collaboration as well as additional opportunities and constraints The case studies illustrate the varied forms that this intra regional collaboration has or could take including the transfer of technologies and management systems joint logistics and international marketing cross border investment product research and development human resource development raw material sourcing and regional trade in inputs and consumer products Both the agribusiness company survey and the industry case studies include recommendations for policymakers agribusiness managers representatives and agricultural and private sector development practitioners      AF Press Clips , 1980
