OECD Journal on Development, Volume 9 Issue 2 Measuring Human Rights and Democratic Governance: Experiences and Lessons from Metagora OECD,2008-09-08 On the occasion of the 60 anniversary of the Universal Declaration of Human Rights this special issue of the OECD Journal on Development focuses on robust methods and tools for assessing human rights democracy and governance     The Effect of Government Expenditure on Private Investment in Ethiopia: A Time series Analysis Frew Hailu,2015-01-01 This study attempts to investigate the effect of government expenditure on private investment in Ethiopia over the period 1980 2012 The central question of this study is whether government expenditure has a positive or crowding in effect complementary hypothesis or a negative or crowding out effect the substitutability hypothesis on private investment in Ethiopia To achieve its objective it adopted a modified flexible accelerator model to enlighten on the economic relationship between private investment and the other variables and used the modern technique of vector autoregressive model VAR and vector error correction model VECM as its methodology The study also used the Johansen Juselius 1990 cointegration analysis of a multivariate system of equation to estimate the long run relationship between government expenditure and private investment to determine the order of integration of the variable and Granger Causality test was undertaken to determine causal relationship between the variables In addition to this the study employs the Augmented Dickey Fuller ADF unit root test and phillip perron test The statistical tests reveal that all time series data are non stationary in their level and they become stationary after differencing i.e they are integrated of order one I 1 The johansen juselius cointegration test shows that the series are cointegrated and then employs the vector error correction model moreover the study applies the impulse response function IRF and forecast error variance decomposition FEVD to investigate the effect of government investment shocks on private investment And the empirical findings support the complementary hypothesis between government capital expenditure and private investment and that tends to crowd in private investment in Ethiopia And the empirical finding of recurrent part of government expenditure shows a mixed effect of complementary hypothesis and substitutability hypothesis which tends to crowd in and crowd out effect Thus government expenditure have a positive as well as negative effect on private investment and finally the study is used CHOW test in order to know whether structural break has an effect on private investment or not and the result depict that there is a structural break that have a positive effect on private investment of Ethiopia     **A California State of Mind** Mark Baldassare,2002-10-08 A thought provoking analysis by one of the most astute analysts of the California scene U S Senator Dianne Feinstein If you care about the direction in which America is headed then you must pay attention to California To understand California today and decades from now you must read Baldassare s masterful assessment He knows the issues and he takes you inside the head of California voters old young Latino white he talks to them all And you can forget your assumptions Baldassare proves the

stereotypes wrong Judy Woodruff Anchor CNN's Inside Politics Probing the social and political mindset of California offers a shortcut into the American future No one knows California better in this regard than Baldassare and never has he been more on top of his game than in this landmark study of California today and America tomorrow Dr Kevin Starr State Librarian of California Many people speculate about the expanding social and political clout of Latinos in California but Baldassare uses solid evidence to reveal what's driving this dynamic population from unique political attitudes to highest level optimism Read this book and you'll understand the profound influence that growing Latino participation will have on the Golden State's future Monica Lozano President La Opinion Baldassare has probed as deeply and wisely as anyone ever has into that most fascinating and at times most enigmatic of public phenomena the behavior of the California voter With A California State of Mind he has made an indispensable contribution to our understanding of the politics of our time Peter Schrag author of Paradise Lost California's Experience America's Future An invaluable book for policy makers in California and nationwide Baldassare both provides a detailed and thoughtful analysis of the disconnect between Californians and their government and buttresses his argument with a wealth of data Anyone interested in improving our political life will want to own this book Dan Yankelovich Chairman Public Agenda and Viewpoint Learning No one knows how Californians think about politics better than Baldassare does Anyone interested in California politics should read this book Jack Peltason coauthor of Government by the People and Understanding the Constitution Backed by stunningly thorough documentation this book is an essential and sobering primer to understanding why California really is different Tom Goldstein editor of Killing the Messenger Baldassare has long been one of the most perceptive analysts of politics and public opinion in California His new book is indispensable reading for anyone who wants to understand the changing political landscape and the subtle shadings of public attitudes in the nation's largest state Ronald Brownstein political columnist Los Angeles Times

**Global spending on health** World Health Organization, 2022-12-06 The results of the report clearly show that in 2020 a year dominated by the emergence of COVID 19 and its associated health and economic crises governments around the world rose to the challenge Sharp increases in government spending on health at all country income levels underpinned the rise in health spending to a new high of US \$9 trillion approximately 11% of global GDP Government health spending generally increased and offset declines in out of pocket spending Importantly the rise in government health spending was part of a much broader fiscal response to the pandemic In high income and upper middle income countries social protection spending also increased sharply in as governments attempted to cushion populations from the economic impacts of COVID 19 In contrast to health and social protection growth in education spending was relatively subdued Countries face the further challenge of sustaining increased public spending on health and other social sectors in the face of deteriorating macroeconomic conditions and rising debt servicing This also includes the challenge of sustaining external support for low income countries which is essential for reducing ensuring poverty ensuring access to health services and strengthening pandemic preparedness

**Variability in State Tax Revenue** Randall G. Holcombe, Russell S. Sobel, 1997-10-28 During recessions state government fiscal crises are widespread as states find their revenues inadequate to meet their expenditure demands This volume shows that state fiscal crises have only one significant cause revenue downturns associated with recessions Other analysts have argued that fiscal crises are the result of an interaction of many complex causes including inadequate tax bases increasing expenditure demands and limits placed on state governments by voters This analysis examines these other factors and shows that while they present significant challenges to state policymakers they are not the cause of fiscal crises The book presents an improved methodology for measuring cyclical variability of revenues and uses this methodology to show that there is no way to restructure state tax systems in order to appreciably reduce the fiscal stress associated with recessions Fiscal stress can be lessened by setting aside revenues during prosperous years in a rainy day fund but current rainy day funds are not large enough to eliminate the fiscal stress caused by recessions

**The Saudi Arabian Economy** Mohamed A Ramady, 2005-12-05 In this unique text Mohamed Ramady develops a framework for studying fundamental challenges to the modern Saudi Arabian economy Public and private sector topics include The hydrocarbon and minerals sector including a new model of mining privatization and cooperation The impact of small and medium sized businesses The evolving role of family businesses The growing role of women in the Saudi economy Shifting trade patterns The Saudi offset technology transfer program The author offers an analysis of key challenges facing the Saudi economy including the potential costs and benefits of privatization globalization and eventual membership in the WTO Employment education economic and social stability and Saudi Arabia's place in the Gulf Cooperation Council are offered as keys to the consensus building needed to ensure the Kingdom's healthy economic future Mohamed Ramady teaches in the Department of Finance and Economics King Fahd University of Petroleum and Minerals

**Problems of Government , The Federal Democratic Republic of Ethiopia** International Monetary Fund, 2004-03-18 Ethiopia showed commendable performance under the Poverty Reduction and Growth Facility PRGF Arrangement Executive Directors appreciated this development and emphasized the need to strengthen fiscal and monetary policies enhance revenues strengthen public expenditure management and introduce poverty related activities They welcomed the restructuring plan for the Commercial Bank of Ethiopia and stressed the need to strengthen the organizational structure and finances of the National Bank of Ethiopia They agreed that Ethiopia has successfully completed the fifth review under the PRGF program and approved further financial assistance

Public Spending in the 20th Century Vito Tanzi, Ludger Schuknecht, 2000-06-05 After a detailed account of reform experiences in several countries and the public debate regarding government reform the study closes with an outlook on the future role of the state a period when globalization may require and people may want leaner but not meaner states Jacket
