hang around to see if Mom would roll them a quick burrito and then they would walk away with the biggest smiles In 1927 Great Grandfather Francisco Duran visited Henry Manuelita and the kids prior to Mom s birth He shared with them a story about a humongous garden that was full of green chili Within this garden the chili was thriving growing in abundance Then one day the chili started dying off The garden was over taken with weeds and eventually became nonexistent The metaphor here is that Grandpa Francisco equated the garden to our nation and the people who work as the chili When you take the chili out of the garden then your garden is dead When you take the worker laborer bracero miner gardener lumber jack out of our nation you have nation that is dying Who built the Great pyramids The Panama Canal the Empire State Building Hoover Dam and that Golden Gate Bridge Yes you ve guessed it the Chili Verde of our society Have fun reading this book The stories are real and only reflect a part of your history We all need a little chili verde in our lives so enjoy its flavor May it be hot medium or mild
